

Dunoon Traffic Management

1. SUMMARY

1.1 This report provides information regarding traffic management in Dunoon Town Centre.

2. RECOMMENDATIONS

2.1 That the Area Committee notes this report.

3. BACKGROUND

3.1 Members requested that a paper be brought regarding this issue to the Area Committee.

3.2 Members are concerned at indiscriminate parking in Dunoon especially at John Street and Kirn Brae.

3.3 It is proposed that the modified Dunoon Streets Various Traffic Order implemented last year be reviewed. This would normally be at least one year after implementation to enable traffic movements to settle in and new patterns be established.

4. DETAIL

4.1 Issues that have been identified include indiscriminate parking on John Street and Kirn Brae and increased speeding in Alexander Street.

4.2 It is proposed to consult to ascertain if there are any other areas of concern and then modify the order as appropriate. It is anticipated that this review would begin at the year end.

4.3 Members should note that the full formal statutory consultation and advertising periods must be complied with to modify the order. It is important that all issues are identified and the order is tackled in a cohesive manner.

5. IMPLICATIONS

Policy: None.
Financial: None.
Personnel: None
Equalities Impact Assessment: None
Legal: Appropriate legislation must be followed.
