Area Committees must use funds in a way that contributes to the Corporate Plan and Statement of Intent. Funding can be used as a contribution to projects in either the revenue or capital budget.

Where funding is being used for a capital project then the criteria for capital expenditure are as follows:

- The expenditure must result in the creation of an asset owned by the Council.
- The expenditure must be in respect of an asset already owned by the Council and must significantly.
- Increase the value of the asset.
- Extend the useful life of the asset.
- Enhance the operating capability of the asset.

Where funding is being used for revenue expenditure then the expenditure, in addition to contributing to the Corporate Plan and Statement of Interest, must relate to:

- Repair & maintenance of public sector infrastructure.
- A one off contribution to an external body towards the capital cost of a community asset or a contribution to an event.
- A one off contribution towards the cost of an event that has a significant impact on the corporate objectives of the Council.

Payments must not be made to support ongoing revenue costs and must not create an ongoing commitment on the Council's revenue budget.
