

Heritage/conservation												
In favour of a scheme in keeping with the Town heritage												26
Retain/reuse existing lamp standards												27
Remove existing lamp standards												1
Site lighting on walls to have as few distractions as possible												1
Increasing Green space												15
Less green space, trees in hard landscaping												1
Herbacious plants to be used so displays are never empty												1
Increasing Seasonal flower beds												6
No flowerbeds, just grass, shrubs and trees												2
Trees must have year round foliage												1
Retention of existing hedges/trees												5
Supporting events area												3
Opposing events area												5
general comments on planting												2
Symmetry of design - need to retain												8
Less/no Trees on Sinclair/Princes St as they will impede pedestrian tr												3
Retain the Celtic Cross												1
Sculptures in grassed areas representative of Helensburgh Heros												1
Addition of fountains to the square												2
Less trees as these will hinder light, replace with shrubs												1
"Leave comet light standards in the square. If extra lighting is required, install well designed lights in the corners of the square"												
"I would just like to point out that Helensburgh is built on a grid system - architectually a curved road in the square would spoil this heritage"												
"I would like to see more grass and less paved area cutting costs which could be used on the sea front and toilets"												
"The design should allow for the retention of the existing trees just south of the West Kirk"												
"If events are to be held in the square, grassed areas become high maintenance or a no go area!"												
"I don't think flowering cherry trees are a good idea, far too short blooming and subject to wind damage"												
"The elderly are being sidelined in order to bring in outsiders for the farmers market and events - much of this taking business away from local businesses"												
"I do not believe the town needs another outdoor events space"												

Concerns about loss of parking spaces/request for more parking	25							
Lay-by or parking bays for buses	7							
Disagreement with Traffic Flow/traffic management proposals	8							
Request for traffic lights/pedestrian crossing at the post office	9							
Requirement for Pedestrian crossings	13							
Traffic calming measures required to prevent speeding	6							
Roads and paved areas must be level	3							
Access to be limited from James and Sinclair Streets	1							
Close road around north of Colquhoun Square	1							
Colquhoun Square north should be accessible	3							
Retain the north quadrants as they are - no indent	2							
consideration should be given to through access from seafront	4							
Central signs to be provided to important features/services	1							
Do not narrow streets	7							
Bus stops to have seating	1							
Bus stops should be:-								
1. By the Pool	1							
2. West King Street & Clyde Street	2							
concerned that Sw access to post office has no turning provision	1							
"Give free car parking to encourage people to spend more time rather than watching parking restriction times"								
"The number of bollards is horrific - blind, wheelchairs, mobility scooters will be challenged - 76 concrete bollards and 20 removable ones"								
"bollards need to be collapsable to allow emergency access"								
"There seems to be very limited disabled parking near the post office"								
"The options do not appear to address traffic flow and parking needs"								
"The main problem is lack of parking. These proposals ignore that"								
"Where do residents of West Princes Street park their cars?"								
"I did not understand the maps but hope that a crossing will be put outside Waverly Court for the elderly"								
"Where ever the bus stops, lay bys must be provided, parking bays for the buses!"								
"Don't kill off the square making it not available for cars and buses to travel on"								
"Narrowing of Princes Street will cause vehicle congestion"								
"It would be much better to close West Princes Street across the square"								
"Bus shelters should be open on all sides to reduce loitering"								

"Why not leave things as they area or at least let it be an option"							
"If anything has to be done I would select this (option 3) as conveying the least damage to the green space"							
"Leave the square along but smarten it up dramatically"							
"Spend the money on the beach"							
"Mend damage to the front, improve pier and allocate funds to the return of a ferry"							
"The square and town need this work ... get on with it and stop wasting money"							
"The Council cannot maintain grass verges at the moment therefore to include garden areas will only increase costs"							
"The seafront, expecially the flood defences, need immediate attention before embarking on any cosmetic work"							
"Concerned that mono block in Helensburgh doesn't last well"							
"Central Pharmacy provides oxygen service so requires parking for delivery of cylinders - options 1 & 2 also have a bus shelter in the way"							
"What are arrangements for access and egress for post office vans?"							
"Improve communications and engagement by using facebook for voting"							
"The square should be improved, and this I support, I am just disappointed with the design solutions put forward"							
"Project should have a local person onboard in a non-exectuive capacity"							
"The only thing that needed done was to pave the corners and sort the deadful state of the pavements and more seating"
