Dear Sir,
LOCAL REVIEW BODY REF - 13/0003/LRB
PLANNING APPLICATION REF - 12/01783/PPP
LYNN HOUSE, GANAVAN, OBAN, PA37 STV.

This is ridiculous and total waste of taxpayers money. This application has been turned down now for the fourth time and the circumstances have not materially changed since the review the last time which resulted in refusal.

As I have said, the circumstances have not materially changed. The site is too small and the project is not in keeping with the housing in the area. The facts have not materially changed since the last review so a further review seems a total waste of time and money.

My objections to the project remain that it is not in keeping with the immediate housing density and average size of plot in the estate and the "Farm Road".

Yours faithfully,
David J. Hoyle
