**COMMENTS:**

- This Schedule is to be read in conjunction with the Guidance Notes separately published.
- The category and rate under which a vessel is to be charged, will be at the discretion of the Harbour Master or other appropriate employee of the Council. The rate requested by the said Council employees must be paid at the time of berthing or on invoicing as appropriate. Failure to make such payment promptly will render the master/owner liable for dues at the "per visit" Basic Rate for each day in harbour etc, including where the master/owner delays payment pending appeal and the appeal is subsequently rejected. Appeals against any decisions of said employees should be made in writing to:—  
 Director of Operational Services, Argyll and Bute Council, Manse Brae, Lochgilphead, PA31 8RD.
- All vessels are liable for dues at the Basic Rate. Only those which, in the opinion of the Director of Operational Services, are actively engaged in the relevant activity are eligible for Category 2, 3, or 4.
- Concession rates for unlimited use will be available only for vessels "regularly sailing". Additional dues will be required for vessels which have made payment for unlimited use but are not "regularly sailing" all as indicated in the Guidance Notes. A vessel will be deemed to be not "regularly sailing" if it does not leave the installation for a continuous period of not less than 6 hours between 0600 hours and 2000 hours in any one day for more than 14 days.
- Periods are:— 6 month Summer Period—April to September inclusive, or part thereof  
 6 Month Winter Period—October to March inclusive, or part thereof
- Subject to minimum payment by length as for unregistered vessels.
- Payment for unlimited use where not published is to be arranged through the Director of Operational Services.
- At Rothesay and Campbeltown Harbours, increased charges are in operation at the pontoons. The above rates do not apply. Alterations are separately reported to Committee.
- Short stays of less than three hours duration, and terminating before 1800 hours will be charged at 50% of the daily rate.
- The above rates and dues include for Port Waste Facilities to the level required by local and leisure craft. Any requirements for extraordinary waste facilities or specialised waste disposal, in terms of the Merchant Shipping & Fishing Vessels (Port Waste Reception Facilities) Regulations 2003, must be made to the Council at least 24 hours in advance and a cost shall be provided—this cost shall be paid prior to the provision of the service.
