CLD Plan

A wide range of statutory and voluntary organisations are involved in delivering Community Learning and Development (CLD) services to young people, adults, families and communities across Argyll and Bute. The Community Learning & Development (Scotland) Regulations 2013 place a statutory requirement on local authorities to publish a plan every 3 years' outlining how it will co-ordinate and secure "adequate and efficient" Community Learning & Development (CLD) provision with other sector partners. The current plan can be found here [Argyll and Bute CLD Plan 2018-21](#). Work has begun on developing the next plan, which has to be completed by September 2021. A number of local consultation exercises and focus groups will be taking place to help shape the content of the plan and we will report back to the Area Community Planning Groups on progress.
