Councillor Robb explained how the roads budget is spent and the Local Members said they were aware of the problems and it would depend on funding. Councillor Morton explained that the proposed Council Budget sets out to make 8.1% cuts in the Streetscene budget and it was not certain if this would come

from less grass being cut, litter being picked or toilets being closed so Members could not give assurances that these toilets would not be closed.

Mr Andrew Nesbit also expressed concern over the proposed Council Budget and advised that the Helensburgh and Lomond area were already making significant savings within Streetscene because they have adopted different practices and asked if it was fair to ask to cut 8.1% in this area. Councillor Robb agreed that the other three areas needed to catch up and supported a level playing field.

Mr Andrew Nesbit further asked about the 2.9% saving in the Home Care Budget and 7.3% saving in the Care Home budget saying these were contrary to trends and asked how the Adult Care budget was put together. Mr Nesbit was assured a full answer would be sought from the Head of Adult Care and relayed to him
