Report by the Independent Chair of the Argyll and Bute Adult Protection Committee (Pages 7 - 48)
- 5. EMERGENCY SERVICES POSTCODES**  
Verbal report by GIS Manager
- 6. FERRIES PLAN RESPONSE**  
Report by the Executive Director of Development and Infrastructure Services (Pages 49 - 52)
- 7. PROVISION OF FOOTWAY ON A815 AT HUNTERS QUAY HOLIDAY VILLAGE**  
Report by Head of Roads and Amenity Services (Pages 53 - 56)
- 8. CHILDREN'S CHAMPION**  
Report by Executive Director of Community Services (Pages 57 - 62)

## 9. PUBLIC AND COUNCILLOR QUESTION TIME

### E1 10. ROYAL HOTEL, ROTHESAY

Report by Head Planning and Regulatory Services (Pages 63 - 88)

### E2 11. FORMER HOLY LOCH COMMUNITY CENTRE, SANDBANK

Report by the Executive Director of Customer Services (Pages 89 - 90)

The Committee will be asked to pass a resolution in terms of Section 50(A)(4) of the Local Government (Scotland) Act 1973 to exclude the public for items of business with an "E" on the grounds that it is likely to involve the disclosure of exempt information as defined in the appropriate paragraph of Part I of Schedule 7a to the Local Government (Scotland) Act 1973.

The appropriate paragraph is:-

**E1 Paragraph 6** Information relating to the financial or business affairs of any particular person (other than the authority).

**E2 Paragraph 9** Any terms proposed or to be proposed by or to the authority in the course of negotiations for a contract for the acquisition or disposal of property or the supply of goods or services.

## BUTE & COWAL AREA COMMITTEE

Councillor Gordon Blair

Councillor Robert Macintyre

Councillor Alex McNaughton

Councillor Len Scoullar

Councillor Dick Walsh

Councillor Michael Breslin

Councillor Bruce Marshall

Councillor James McQueen

Councillor Isobel Strong

Contact: Eilidh FitzPatrick, Area Governance Assistant, 01369 707135

**MINUTES of MEETING of BUTE AND COWAL AREA COMMITTEE held in the EAGLESHAM HOUSE, MOUNTPLEASANT ROAD, ROTHESAY on TUESDAY, 4 DECEMBER 2012**

**Present:** Councillor R Macintyre (Chair)

Councillor G Blair	Councillor J McQueen
Councillor B Marshall	Councillor L Scoullar
Councillor A McNaughton	Councillor I Strong

**Attending:** Shirley MacLeod, Area Governance Manager  
 Douglas Hendry, Executive Director, Customer Services  
 Margaret Moncur, Principal Accountant  
 Liz Marion, Community Development Officer  
 Paul Convery, Planning/Development Officer  
 Mark Lodge, Statutory Planning Officer  
 Donald Kelly, Legal Services Manager  
 Anne MacColl-Smith, Procurement and Commissioning Manager  
 Kristina Macdonald, Rothesay Joint Campus  
 Liz Campbell, Rothesay Joint Campus  
 Pupils, Rothesay Joint Campus  
 Inspector Gordon Anderson, Strathclyde Police

## **1. APOLOGIES**

Apologies for absence were intimated on behalf of the following:

Councillor M Breslin  
 Councillor J R Walsh  
 Chief Inspector Garry Stitt  
 Jayne Lawrence-Winch, Area Manager, Adult Care  
 David Clements, IOD Programme Manager  
 David Logan, QIO Special Projects Officer

The Chair asked that given travelling arrangements and poor weather conditions resulting in the delay in arrival of some officer the consideration of business be varied from the published agenda, and the Committee so agreed.

## **2. DECLARATIONS OF INTEREST**

None

## **3. MINUTES OF MEETING OF 2ND OCTOBER 2012**

The Minute of the Meeting of 2<sup>nd</sup> October 2012 was approved as a correct record.

#### 4. COMMUNITY SERVICES

(a) **ROTHESAY JOINT CAMPUS PERFORMANCE REPORT 2011/12  
(PREVIOUSLY AGENDA ITEM 6A)**

The Committee heard from Teachers of Rothesay Joint Campus on the major achievements of the school and the SQA results for pupils who sat examinations in May/June 2012. The Committee further heard a presentation from Pupils of the primary and secondary parts of the school.

The Chair thanked them for their very informative presentation.

Decision

The Committee noted the contents of the report, and formally congratulated the Staff and Pupils on their achievements to date.

(Reference: Report by the Principal of Rothesay Joint Campus - submitted)

#### 5. CUSTOMER SERVICES

(a) **AREA COMMITTEE MEETING CYCLE (PREVIOUSLY AGENDA ITEM  
4A)**

Members heard from the Area Governance Manager on the proposed cycle of meeting for the Bute and Cowal Area Committee, Community Planning Group and Business Days from April 2013 to March 2014.

Decision

The Committee agreed the outlined cycle of Area Committee, Community Planning Group and Business Day meetings from April 2013 to March 2014.

(Reference: Report by the Area Governance Manager dated 8<sup>th</sup> November 2012 - submitted)

(b) **USEABLE CAPITAL RECEIPTS (PREVIOUSLY AGENDA ITEM 4B)**

Members heard from the Area Governance Manager on the current position in regard capital receipts to allow forward planning on the use and allocation of this funding.

Decision

The Committee agreed to note the detail of the report and the current position regarding capital receipts, monies spent to date and agreed funding commitments, and noted that when free funds become available they must be used in accordance with the conditions.

(Reference: Report by the Area Governance Manager dated 8<sup>th</sup> November 2012 - submitted)

**6. CHIEF EXECUTIVE'S**

**(a) SCORECARDS (PREVIOUSLY AGENDA ITEM 5A)**

Members heard an update from the Area Governance Manager on the continued development of the Area Scorecard.

Decision

The Committee:-

- i. Agreed to adopt the proposed Area Scorecard.
- ii. Agreed to review performance presented in the Scorecard.
- iii. Agreed explanations to the exceptions should be printed along with the Scorecard.
- iv. Agreed to request that the Executive Director of Community Services and the Head of Education attend the January Business Day to discuss the performance of Dunoon Grammar School.

(Reference: Report by the Head of Improvement and HR – submitted)

**7. CUSTOMER SERVICES**

**(a) INTRODUCTION AND SERVICE UPDATE BY AREA MANAGER, ADULT CARE (PREVIOUSLY AGENDA ITEM 6B)**

Decision

Having received apologies from the Area Manager it was agreed this item would be continued to the January Business Day.

**(b) THIRD SECTOR GRANTS (INCLUDING EVENTS AND FESTIVALS) PROPOSED SCORING PROCESS (PREVIOUSLY AGENDA ITEM 6C)**

Members heard from the Community Development Officer on the proposed amendments to the process for all Third Sector Grants (including Events and Festivals) for the financial period 2013/14 and beyond.

Decision

The Committee agreed:-

- i. To note the introduction of a Scoring Matrix for all Third Sector grants (including Events and Festivals).
- ii. Agreed to an upper limit of £4,000 on the amount of funding made available to any one group or organisation in any one financial period, unless there are exceptional circumstances.
- iii. Agreed a carry forward of a minimum of £5,000 of the total allocation to the second round of grant allocations at the Area Committee meeting in August each year.
- iv. To note the earlier closing date of 1<sup>st</sup> February for the

first round of funding in 2013.

(Reference: Report by the Community Development Manager dated 15<sup>th</sup> November 2012 – submitted)

**8. PUBLIC & COUNCILLOR QUESTION TIME (PREVIOUSLY AGENDA ITEM 8)**

Inspector Anderson gave Members an update on the crime rate in Bute and circulated a newsletter that will be distributed monthly. Members discussed the decriminalisation of parking and the issuing of tickets to people parking in disabled bays. It was agreed the Area Governance Manager would look into whose remit it was to book people in disabled bays.

**9. CUSTOMER SERVICES**

**(a) OSCR (OFFICE OF THE SCOTTISH CHARITY REGULATOR)  
REQUIREMENTS FOR ARGYLL & BUTE COUNCIL TRUST FUNDS  
(PREVIOUSLY AGENDA ITEM 4C)**

Members heard from the Principal Accountant on the Annual Office of the Scottish Charity Regulator Return, Trustees Annual Report, Annual Accounts and Independent Examiner's Certificate for Trust Funds currently administered by Argyll and Bute Council.

Decision

The Committee agreed with the contents of the report.

(Reference: Report by the Head of Strategic Finance dated 12<sup>th</sup> November 2012 – submitted)

**10. DEVELOPMENT & INFRASTRUCTURE SERVICES**

**(a) PROPOSED ARGYLL & BUTE LOCAL DEVELOPMENT PLAN**

Members heard from the Planning/Development Officer and the Statutory Planning Officer on the main elements of the Proposed Argyll and Bute Local Development Plan with particular reference to land use issues within the area.

Decision

The Committee:-

- i. Agreed to recommend to the Council that it approves the Proposed Argyll and Bute Local Development Plan, with Appendices A (Written Statement), B (Supplementary Guidance) and C (Bute and Cowal Proposals Maps) subject to any changes they require to be made for a 3 month period of public consultation commencing in mid-January 2013.
- ii. Agreed to change the status of the land North West of Ardair, Colintraive from Countryside Around Settlement to Settlement Area.

(Reference: Report by the Development Policy Manager – submitted)

## 11. EXEMPT ITEMS

The Committee resolved in terms of Section 50(A)(4) of the Local Government (Scotland) Act 1973, to exclude the public for the following items of business on the grounds that it was likely to involve the disclosure of exempt information as defined in Paragraph 9 of Part 1 of Schedule 7A to the Local Government (Scotland) Act 1973.

### (a) **WATERGATE, ROTHESAY**

Members heard from the Legal Services Manager regarding 9-13 Watergate, Rothesay.

#### Decision

The Committee agreed to the recommendations in the report by the Executive Director of Customer Services.

(Reference: Report by the Executive Director of Customer Services – submitted)

### (b) **PROPOSED DEVELOPMENT OF GAP SITE AT 15-19 GUILDFORD SQUARE, ROTHESAY**

Members heard from the Legal Services Manager regarding the current position in relation to the gap site at 15-19 Guildford Square, Rothesay.

#### Decision

The Committee agreed to the recommendations in the report by the Executive Directors of Customer and Development and Infrastructure Services.

(Reference: Report by the Executive Directors of Customer and Development and Infrastructure Services - submitted)

### (c) **UPDATE ON GENERAL MAINTENANCE TERMED CONTRACTS**

Members heard a verbal update from the Executive Director of Customer Services and the Procurement and Commissioning Manager on the General Maintenance Termed Contracts.

#### Decision

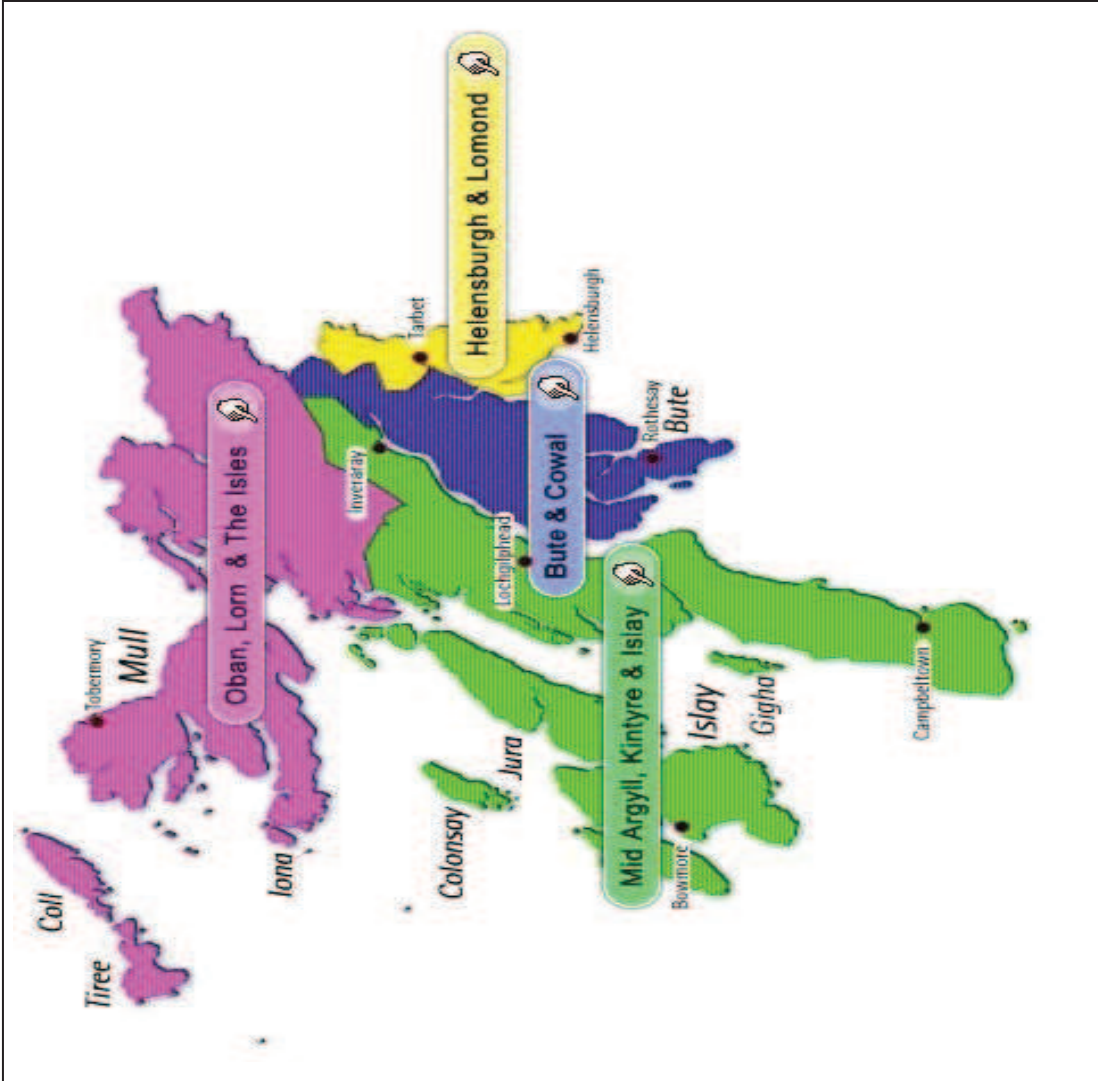

The Committee noted the information provided.

Argyll and Bute Adult Protection Committee

Argyll and Bute Adult Protection Committee - Biennial Report April 2010 – March 2012

## CHAIRMAN'S FOREWORD

This is my second Biennial Report as the Independent Chairman of the Argyll and Bute Adult Protection Committee. My first report covered the period from April 2008 to March, 2010. This report covers the period from April 2010 to March 2012.

My message in my first report was essentially, "We are started". My message of this report is more complex. It is, "We are established; we have made much progress but we know there is more progress still to be made." Delivering robust protection to all adults at risk of harm in Argyll and Bute is still to some extent "work in progress"; it probably always will be!

### Referrals

Procedures for identifying and referring adults at risk of harm and for dealing with them when they are referred have been developed. These procedures are often being well observed within the Statutory and non-Statutory Agencies. This is not to say that implementation is perfect but the weaknesses are identified and there are plans to improve implementation. The full implementation of these procedures in all parts of all the agencies will require some considerable behavioural change by some. The Committee will be monitoring the achievement of that change closely.

However, I have concerns that there are many adults in Argyll and Bute who are at risk of harm but who are not referred.

I am concerned that the number of referrals coming from most non-Police sources is less than I would have expected.

I am also concerned that referrals from our islands and very remote mainland areas are very low indeed. In these close communities, it is very difficult for professionals to fulfil their responsibilities and refer adults who are at risk; they may well be a close friend or neighbour of the victim – or even of the perpetrator – but they owe it to all to allow their professionalism to shine through. The Committee will be monitoring this position closely.

The majority of referrals have come from Strathclyde Police. Most result in no further action under Adult Support and Protection (ASP) legislation. However, very importantly, these referrals mean that many vulnerable adults are "brought into the system" and are offered support from one agency or another, even although it is not under ASP legislation. Strathclyde Police are to be congratulated on how they have embraced the legislation.

Importantly referrals are increasing rapidly. This is good news. Unless adults at risk are referred, help cannot be offered.

### **Awareness**

Clearly there is a way to go yet in getting the message about the provisions of The Act across not just to the general public but also to professionals who see vulnerable adults in the course of their work. We have now provided training, at various levels, to 1386 people in Argyll and Bute. I believe that the organisations in which these people work need to reinforce the notion that it is the responsibility of all professionals in all the agencies to identify adults at risk of harm and also to follow the procedures for referring these adults at risk.

We have also taken a number of initiatives to make sure that the 90,000 or so people who live in Argyll and Bute are aware of the provisions of the Act. There are posters and handbills around. We have also asked the many local newspapers in Argyll and Bute to help us get the message across. I am grateful to them for their ready co-operation.

Delivering the message to the public locally is very inefficient. It would be much more efficient – and much more effective if this was done nationally. I therefore encourage the Scottish Government act to raise awareness of the provisions of The Act with the public. I was very pleased that we were able to join together with a number of other APCs mostly in the West of Scotland, under the leadership of East Renfrewshire APC, to commission an advertising campaign on STV to significant effect. Such initiatives, however, do not compensate for the lack of national awareness raising campaigns using all the appropriate media.

### **Argyll & Bute Council**

Argyll and Bute Council is the lead Agency for the implementation of the legislation. I am glad that the Council has maintained the budget allocation for Adult Protection. “It is important to note, however, that this is not the only resource committed to Adult Protection in Argyll and Bute. Many front line Social Work staff commit a lot of time to Adult Protection. There is a huge amount of Police time devoted to Adult Protection. Likewise NHS Highland commits substantial resources to Adult Protection – as do many non-Statutory agencies.” However, as the numbers of adults referred continues to rise, the time will come when it will not be possible to deliver adult support and protection within the current modest resources.

As Chair of the APC, I am a member of Argyll and Bute Council’s Child and Adult Protection Chief Officer Group – CAPCOG. I am grateful to my colleagues on CAPCOG for their encouragement and for their well-prepared challenge; their encouragement and challenge help my Committee ensure provisions are in place for adults in Argyll and Bute who are at risk to be offered support and protection.

**Appreciation of those who deliver**

Importantly, I am grateful to the hundreds of professionals across Argyll and Bute who have reacted to the Act's provisions. Because of their reactions, hundreds of adults in Argyll and Bute who were at risk are now not at risk.

My Committee holds its meeting all around Argyll and Bute, which is only right in such a massive geographical area. My thanks go to my Committee colleagues for undertaking yet more long journeys – even although long journeys are the stuff of working in Argyll and Bute. After each meeting, the Committee meets with local staff to understand how adult protection is being addressed on the ground and to understand how the agencies are working together at the local level. I have been extremely impressed at how professionals from the various agencies work enthusiastically and closely together. I would be happier if their close co-operation was better documented.

**Ronnie McIlquham**

Since 2009, Ronnie McIlquham, Area Manager, Adult Protection has made a huge contribution to Adult Support and Protection in Argyll and Bute – its introduction, development and operation. He retires in August, 2012. He has inspired hundreds of people to embrace the agenda and, very importantly, has set out clear plans for the way forward now that we have not just “started the journey” (as reported in my last report) but have “identified the issues we need to address” as set out in this report. I am very grateful to Ronnie for the huge contribution he has made.

He will be a very hard act to follow. The Committee and I acknowledge his huge contribution.

Bill Brackenridge                      Independent Chair

## 1. The Argyll & Bute Adult Protection Committee

*'Each Council must establish a committee'* S42 (1) ASP(S)A 2007

The Members of the Argyll & Bute Adult Protection Committee are:

Bill Brackenridge	Independent Chair	Chairman
Ronnie McIlquham	Area Manager Adult Protection	Member
John Dregorn	Project Director (Mental Health Modernisation)	Member
Barry McEwan	Superintendent	Member
Anne-Lise Dickie	Professional Lead Learning Disability	Member
Jim Robb	Head of Adult Care	Member
Jim Littlejohn	Service Manager Operations	Member
Allen Stevenson	Service Development Manager/ Lead Officer	Member
Katrina Sayer	Project Co-ordinator	Member
Jon Belton	Service Manager – Criminal Justice	Member
Douglas Whyte	Service Officer Homelessness	In Attendance
Scott Rorison	Advocacy Manager	In Attendance
Peter Robertson	Senior Solicitor	In Attendance

There is a standing invitation to the Procurator Fiscal Service, The Public Guardian's Office, the Care Inspectorate and The Mental Welfare Commission for Scotland to attend meetings of the Argyll & Bute APC.

The APC wishes to offer their thanks to the following members who left the committee during this reporting period : Supt Raymond Park (Strathclyde Police), DI David Tassie (Strathclyde Police) and Anne Helstrip (NHS Highland).

## 2. Introduction:

The Argyll and Bute Adult Protection Committee (APC) continues to meet on a quarterly basis to deal with the many and varied challenges of taking forward the adult protection agenda in Argyll and Bute. As noted in my first biennial report the Committee continues to strive for a consistent approach to adult protection across the extended geography in Argyll and Bute and the islands.

To allow the APC and its work to be visible to staff throughout the area the Committee now holds its quarterly meetings across Argyll and Bute. Thus the Committee holds its meetings, on a rotating basis, in Oban, Lochgilphead, Dunoon and Helensburgh.

The Committee conducts its business in the morning and then meets with local staff in the afternoon of the same day. These afternoon meetings have become a key interface with staff allowing the Committee to share key aspects of its deliberations and plans under discussion. Thereafter the meeting is opened to staff comment on their experience of 'the front line' and debate local issues and demands facing front line staff. Feedback from participants at the meetings indicates that they are welcomed by staff and the Committee has appreciated the direct feedback from staff on the challenges facing them in dealing with the complexities of the follow up of adult protection concerns.

To further develop adult protection, the Committee, following its last self-evaluation day, decided to set up a more localised system for the development and management of adult protection. Arrangements are underway to set up Adult Protection Development Forums in Oban Lorne and the Isles, in Mid-Argyll Kintyre and Islay, in Cowal and Bute and in Helensburgh and Lomond. These Groups, initially convened by Area Managers from Social Work will have representation from local managers from the key partners and will take forward the agenda in ways that are more responsive to local needs. The Chair of each Forum will be 'in attendance' at the APC meeting convened in their area/locality and the Agenda for that meeting will, as a primary agenda item, address issues arising from the report of the local Forum. It is the committee's expectation that through such mechanisms the challenge of developing a consistent approach across Argyll and Bute will be addressed.

The Committee has one sub group the Training and Policy sub group which meets on a quarterly basis. With the change in arrangements noted above the role of this group will change to be involved in the development of integrated training plans for the public sector agencies with locality training needs/developments being followed up within the development Forums in localities.

The Committee continues to receive the critical support of the Argyll and Bute Child and Adult Protection Chief Officers Group (CAPCOG) who bring commitment to the development of joint working arrangements between public and third sector partners in addressing the challenges of adult protection. CAPCOG meets on a quarterly basis and it also meets with local managers after

convening its business session. Furthermore, through CAPCOG, the Adult Protection Committee has developed useful links to the Child Protection Committee and to the Alcohol and Drugs Partnership.

The Committee is confident that in our approach to the follow up of adult protection concerns that the 'adult' is at the heart of decision making and where the 'adult' lacks capacity that any 'proxy' is involved in deliberations and decision making. These arrangements, and with the provision of advocacy, leads us to the view that the principles of the Act are complied with.

The Committee is clear that, with the consent of the 'adult', that carers and other representatives are involved in the process of decision making about adult protection responses.

The Committee continues to seek other ways of consulting with service users and carers about the development of adult protection. The independent service user evaluation carried out by the Lomond and Argyll Advocacy Service (Page 10) also gives key information on the 'adult's' experience as subject of adult protection referrals which has been critical to the development of our service in Argyll and Bute.

A recent consultation with adults with learning disabilities has led to the development of a proactive 'STAY SAFE' project being taken forward within the learning disabled communities in Argyll and Bute.

This being noted the Committee continues to identify the need for improvement in this area but is clear that involvement to be meaningful has to be within structures which enable understanding of the issues by users and carers and that this may be best developed within the Development Forum responsibilities.

### 3. Users and Carers

*A public body must have regard to  
and  
'any views of'*

*'the adult's ascertainable wishes and feelings'  
'the adult's nearest relative...'*

*'any primary carer, guardian or attorney...'*

S2 (b) & (c) ASP(S) A 2007

In the Minister's letter following the publication of the 2008 – 2010 biennial report the issue of engagement of service users and carers was identified as an on-going challenge. In the intervening period the Committee has continued to wrestle with the challenges of developing the meaningful involvement of, and dialogue with, service users and also with their carers.

#### **Inquiries**

Our self-assessments lead the Committee to believe that in our approach to inquiring into adult protection concerns, the 'adult' is at the heart of decision making and where the 'adult' lacks capacity that any 'proxy' is involved in deliberations and decision making.

The operational guidance for Argyll and Bute provides for a default to the 'adult' being present at case conferences and that where the adult is not present that the reason for this noted. Where necessary arrangements are made to maximise the contribution of the adult identified as being 'at risk of harm'. Case Conference chairs have responsibility for ensuring that service user involvement in case conferences is maximised. The APC's ability to report on the effectiveness of this guidance will be improved following the upgrading of electronic reporting systems adopted in April 2012.

The Argyll and Bute guidance also provides for the default that advocacy is offered to all service users who are followed up through adult protection investigations and any reason for non-involvement is noted. Again this will be reported in detail in the 2012 – 2013 Annual Report and thereafter in the biennial report for 2012 - 2014.

The Committee is clear that, with the consent of the 'adult', carers and any other representatives the adult may choose are involved appropriately in the process of adult protection case conferences.

### **Service user evaluation**

Following discussion with West Dunbartonshire Council and the Lomond and Argyll Advocacy Service (LAAS) a service user evaluation survey was designed and carried out with 'adults' who had been the subject of adult protection investigations which went to Case Conferences. There follows a report by the Manager of LAAS into the outcomes noted from this survey – thereafter comment by the APC.

### **Independent Advocacy**

Section 6 of The Adult Support & Protection (Scotland) Act (2007) places a duty on the local authority, if it considers that it needs to intervene in order to protect an adult at risk of harm, to consider the provision of appropriate services, including independent advocacy services, to the adult concerned. Independent advocacy services in Argyll and Bute are provided by Lomond and Argyll Advocacy Service (LAAS). The Adult Protection Committee has provided some additional investment to ensure that all adults subject to interventions under the Act are able to access independent advocacy should they require it. During the period covered by the report 18 of the 44 adults who were the subject of an initial case conference received support from an independent advocate, representing an uptake rate of approximately 40%.

### **Service User Evaluation**

Following discussion with West Dunbartonshire Council and Lomond and Argyll Advocacy Service, which operates across both local authority areas, a service user evaluation survey was designed. The evaluation survey aims to offer an opportunity for people who have been subject to adult protection interventions to share their feelings and experiences of the process. The service user evaluation surveys have been facilitated by independent advocates. All of the 18 individuals who received support from an independent advocate in relation to adult protection processes were invited to participate in the service user evaluation. Eleven people accepted the offer to participate and were supported to do so. Over recent months efforts have been made to engage with those individuals, subject to adult protection interventions, who had declined the offer of an independent advocate. Two people who fell into this category have subsequently completed the service user evaluation.

To date a total of 21 people have been invited to participate in the evaluation, with 13 taking up the offer.

Feedback from the service user evaluation shows: (the categories below being drawn from the Scottish Government guidance of 2008)

- **68% of people “felt confident about the process”**
- **64% of people “feel safer because of the process”**
- **85% of people “feel better protected as a result of the process”**
- **67% of people “felt listened to throughout the process”**
- **79% of people “felt well informed throughout the process”**
- **82% of people “were able to access independent advocacy”**
- **100% of people who accessed advocacy “found it helpful”**
- **77% of people “had all the support they needed during the process”**
- **69% of people felt that things are “better” because of the support offered**

Fuller detail of this work can be access though the following link:

[Link to full report](#)

The Adult Protection Committee recognises the importance of getting independent feedback on the service user experiences of adult protection interventions and is committed to continuing this work in coming years.

Whilst the information above gives a sense of the outcomes of the work carried out the detailed comments made by service users (see full report) present particular insights into the widely varying views of the adults, from the person who speaks clearly about the value of the support offered to the woman who felt totally disempowered by the interventions she experienced. This key learning from the service user survey has been taken into training for staff and gives very clear messages to staff and the Committee about our need to seek to improve the knowledge experience and practice of those from all sectors who work with ‘adults at risk’.

## **Consultation**

The Committee continues to develop ways of consulting with service users and carers about the development of adult protection.

A recent consultation with adults with learning disabilities at their Service Development Conference has led to the development of a proactive 'STAY SAFE' project being taken forward within the learning disabled communities in Argyll and Bute. This project was launched in March 2012.

The APC Chair and Adult Protection Area Manager have consulted with each of the four Area Committees in Argyll and Bute at their meetings in Campbelltown, Rothesay, Helensburgh and Oban. These meetings allowed the Chair and Adult Protection Area Manager to raise the profile of Adult Protection with key opinion formers significantly. It is the intention that such engagement will continue on an annual basis, linked to our developing annual reporting structure

The Committee continues to identify the need for improvement in this area but is clear that involvement to be meaningful has to be within structures which enable understanding of the issues by users and carers and that this may be best developed within the Local Adult Protection Development Forum responsibilities with its focus on local issues and communication.

#### 4. Management Information

Set out over the next few pages is some important management information about adult protection in Argyll and Bute. A vast suite of data is collected by staff and brought to the Committee for consideration. The information set out here is but a small part of the total.

The Committee analyses all this information closely to identify how volumes are changing over time and how there is variety of practice across Argyll and Bute. The primary purpose is to redirect resources that we might ensure that all adults who are indeed at risk are identified and protected.

While analysis of the position within Argyll and Bute is possible and valuable, it is disappointing not to be able to make robust comparisons with the position in other Authorities or indeed with the position all across Scotland. The Act is silent on what data should be collected and Government Guidelines on the implementation of the Act are also silent on the issue. As a result, each Authority has determined the data it will collect. Not surprisingly, practices vary considerably making accurate or detailed comparisons impossible. Broad comparisons are possible – and these would suggest that the issues in Argyll and Bute are not very different from those elsewhere.

Because of the lack of a National Data Set, APC Conveners, as a group, decided to establish a data set so that robust benchmarking across Scotland might be possible. Unfortunately, the initiative was not a success; authorities have developed their own definitions and ways of collecting data and the initiative's definitions and methods of collection proved to be too different. Therefore, there is still no reliable means to quantify accurately how the position in Argyll and Bute differs from the position elsewhere – or nationally. I am delighted that the Scottish Government will now be taking on the role of collecting a standard set of data. Being able to benchmark is critical to knowing where to direct resources to best effect.

Our data tells an interesting picture of Adult Protection in Argyll and Bute.

- The total number of referrals continues to rise and to rise fast. Until March 2010, there were just 172 referrals. Since then there have been 721 referrals – 274 in 2010-11 and 447 in 2011-12. In 2011-12 (the second year covered by this report) there were 63% more referrals than in the previous year.
- Almost 20% more women than men have been referred in the two years covered by this report.
- Age appears not to be a major factor in determining referral.
- However, those with mental health problems are the most significant group referred – by a wide margin. The main other groups, other than age, are those addicted to drugs or alcohol and those with learning disabilities.

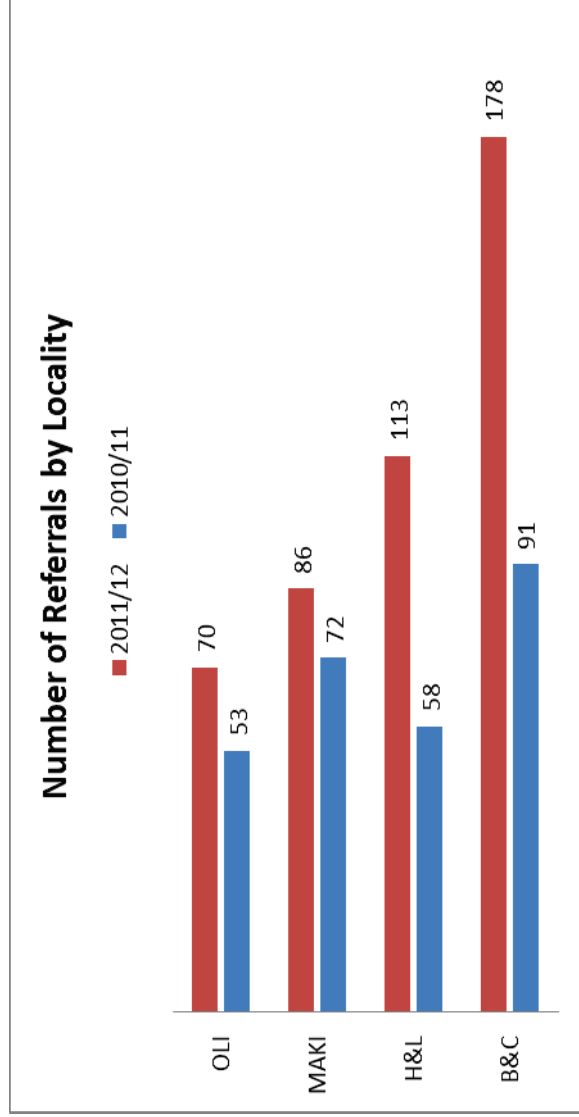

- Self-harm is by far the greatest risk to which those who are referred are exposed, followed by emotional or psychological harm and physical harm.
- Only 6% of those referred had the risk of financial harm as the principal reason for referral. However, professionals of the ground report anecdotally to the APC that there is financial harm element about half the cases referred. The APC is taking steps to investigate this issue further to ensure that vulnerable adults in Argyll and Bute at risk of financial harm are identified and protected. I am pleased that the Scottish Government is undertaking a major study to understand financial harm better.
- The vast majority of referrals in the two year period came from the police. These referrals are most welcome. They identify adults who might be at risk of harm; these adults can then be offered support, whether or not it is ASP support. However, Strathclyde Police are changing their procedures significantly; they will make more detailed assessments of individuals within the force and refer those whom they believe do not meet the criteria for an ASP intervention directly to an agency that can provide the support these vulnerable adults need. This will have the effect of reducing formal police referrals in all probability. This development is to be welcomed. I appreciate Strathclyde Police going to greater lengths to ensure that only adults at risk (as defined by the Act) are referred under the Act's provisions.
- I am surprised that over the two years covered by this report, there have only been 37 referrals from the NHS. This reflects experience all across Scotland. The APC is taking steps to ensure adults at risk in NHS settings are and are all referred.
- Likewise, it is surprising that only 73 referrals have come through Social Work staff, although this reflects practice all across Scotland. Again the APC is redoubling its efforts to make sure those adults identified with a Social Work setting as being at risk are indeed referred.
- It is also surprising that only eleven members of the public have made a referral in the two years. This clearly underlines the need for there to be a powerful national communications campaign to raise awareness of adult protection substantially.
- Less than 15% of referrals result in an ASP case conference being convened. This is not to say that the vast majority of referrals were wrong. About 75% of referrals resulted in some non-ASP intervention. More than 500 people in Argyll and Bute, who would have "fallen through the net" were it not for the ASP Act, received some kind of help and support. That is a huge achievement.
- Throughout the period, about ten people have been subject to Support Plans. It is interesting that this number has not risen in line with referrals.

**i) Total Referrals**

The total number of referrals for 2010 – 2011	274
The total Number of Referrals for 2011 – 2012	<u>447</u>
<b>Total</b>	<b>721</b>

Total Number of Referrals 2010 – 2012 172

**ii) Referrals by Locality**

The referral numbers have continued to rise significantly over the last two years.

Of significance is the wide variation in referral rates across Argyll and Bute with particular pressure on services in the Bute and Cowal area.

Following a recent decision of the APC the management of police referrals will alter to distinguish 'adults at risk' from referrals of 'vulnerable persons'

OLI	Oban, Lorn and the isles	MAKI	Mid Argyll, Kintyre and Islay
H&L	Helensburgh and Lomond	B&C	Bute and Cowal

iii) Referrals by Gender

Male	Female
288	433

Figures for 2008 – 2010  
 54% Female  
 46% Male

iv) Ethnicity

99% of all referrals were adults who are of White British origin.

<b>White British</b>	713
<b>White - Other</b>	3
<b>African - Caribbean</b>	1
<b>Mixed Race</b>	3
<b>Asian</b>	1

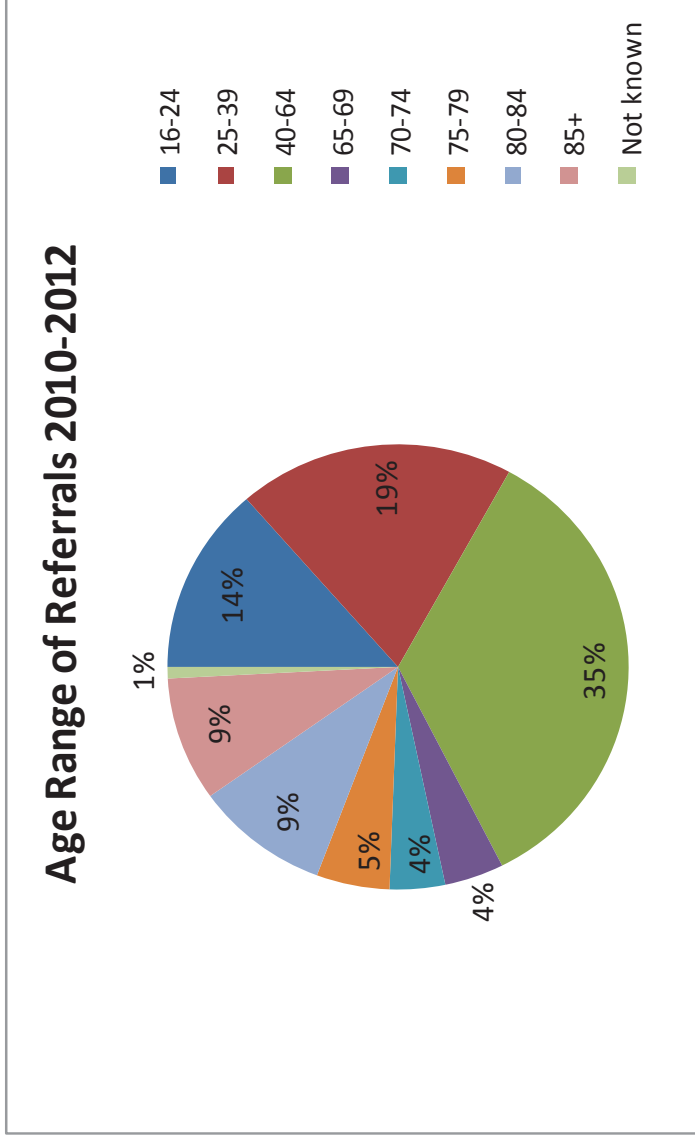

Argyll and Bute population  
 96.88% of population are of White British origin (Census 2001)

v) Referrals by Age

Age Range

AGE RANGE	TOTALS
16-24	98
25-39	140
40-64	249
65-69	30
70-74	28
75-79	37
80-84	68
85+	65
Not known	6
	721

The figures for 2010 – 2012 are categorised differently from those reported in the 2008 – 2010 report and thus direct comparisons are problematic.

Referral rates vary very little indeed with age. Those just past retirement age are a little less likely to be referred than the norm; those over 85 are more likely to be referred.

vi) Referrals by Client Group

Older People	Learning Disability	Mental Health	Physical Disability	Addiction	Dementia	Sensory Impairment	Brain Injury	Other	Total
136	97	283	7	109	67	4	3	15	721

Referrals by Client Group - 2010 - 2012

This information reports on the “Client Group” of those referred under the Act. The largest group comprises those identified by the referrer as having mental illness. It should be noted that many of these referrals are of adults already supported by mental health services or those who have no diagnosed mental disorder. Those in this Group are often offered advice re follow up of their health issues through primary care. Older people and those with dementia comprise 28% of all referrals – up from 24% in 2008 – 2010. Referrals of those with Learning Disabilities have declined from 20% to 14% in the same period.

vii) Referrals by Type of Harm

Physical	Neglect act of omission	Emotional/Psychological	Financial	Self Harm	Sexual	Domestic Abuse	Other	Total
105	76	167	41	261	42	4	25	721

Referrals by Type of Harm - 2010-2012

The reporting of self-harm incidents remains the biggest category – by far.

The identification of emotional harm by referrers is also significant and in many cases is linked to intoxication and concerns about mental health.

Concern in relation to neglect has risen from the previous reporting period

Referrals in relation to allegations of financial harm now feature in our referrals – none being recorded in the 2008 – 2010 period.

viii) Referral Source

GP	Police	Health - Acute	Psych Hosp	CPN	Health Primary	SW Manager	SW Care Mgr	SW Homecare	3rd sector	Private Sector	Family	Member of Public	Self	Homeless / Housing	Care Inspectorate	Other
4	494	15	1	0	12	6	54	13	12	45	18	11	11	12	0	13

Referral Source - 2010-2012

Police referrals continue to dominate however with the change in referral systems agreed by the APC this area may be significantly altered whilst noting that the overall referral rate, inclusive of 'adults at risk' and of 'vulnerable persons' may remain similar to that currently reported.

Several sources of referral are much lighter than was expected when the Act was introduced suggesting that those at risk of harm may not be being noticed and also that, even if noticed, they are not referred. This must be the biggest concern about Adult Protection in Argyll and Bute.

ix) Outcome of Referrals

Case Conf./ Discussion	Community Mental Health Team	NHS	AWI/ MH ACT Act	Criminal Justice Services	Residential Care Assessment	Refusal	Addictions Team	Community Care/ Social Work	Childrens Services	No Further Action	Other	Total
105	101	14	59	6	6	25	103	234	25	41	2	721

Outcome of Referrals 2010 - 2012

The range of responses to referrals continues to evidence a tailored response to 'adults at risk' and 'vulnerable persons'.

The number of referrals where no action was taken has fallen from 16% to 5.69%. This probably indicates a rise in the quality of referrals.

14.56% of referrals resulted in a case conference being convened this being a rise from 11% in the previous reporting period.

Those refusing to accept support again has fallen from 5% of referrals to 3.47%

In a single case an application was granted for a banning order.

x) Number of Adult Protection Case Conferences

	2010-2011			Total	2011-2012			Total	
	Apr - Jun	Jul - Sept	Oct - Dec		Jan - Mar	Apr - Jun	Jul - Sept		Oct - Dec
<b>Initial Case Conference</b>	5	8	4	21	1	6	6	10	23
<b>Review Case Conference</b>	5	4	5	21	8	7	4	10	29
<b>Total</b>	10	12	9	42	9	13	10	20	52

Case conferences and reviews held during 2010 – 2012 have amounted to 94.  
 The number of Case Conferences held in 2009-2010 was 47.

xi) Support Plans

No. of Support Plans in place	2010-2011				2011-2012			
	Apr - Jun	Jul - Sept	Oct - Dec	Jan - Mar	Apr - Jun	Jul - Sept	Oct - Dec	Jan - Mar
	12	10	10	9	7	8	9	10

Total Number of People Supported in 2010 - 2011 **20**

Total Number of People Supported in 2011 - 2012 **17**

Support Plans run for variable periods often covering several quarters thus the numbers of adults supported does not directly co-relate to the totals on the bar graph.

## 5. Serious Case Reviews:

The Committee approved its Serious Case Review Procedure at its meeting on 28<sup>th</sup> July 2011.

During this biennial reporting period the Committee has not held a Serious Case Review.

However, in response to an adult protection referral in July 2011 relating to the treatment of a resident of a care home, the following actions are on-going:

- The specific concern was subject to a police investigation and report to the Procurator Fiscal, currently under consideration. A Multi-Agency Liaison Group was established to ensure that the health and welfare needs of all the residents within the Care Home are being met effectively.
- The Multi-Agency Liaison Group, under the chairmanship of the Residential Services Manager, has co-ordinated the work of all the agencies involved in the monitoring of provision of health and of social care support to all the residents of the care home. This has been undertaken - including contract compliance, registration and inspection – in the context of ongoing police and Procurator Fiscal investigations. This approach has been formalised through the approval by the APC of the Argyll and Bute Multi-Agency Liaison Protocol which will be applied to any similar concerns which arise in any similar future cases.
- Through the implementation and review of a Multi-Agency Action Plan, the APC has reported to the Argyll and Bute Child and Adult Protection Chief Officers Group (CAPCOG) on the range of interventions by Health Services, Care Management, the Care Inspectorate and the Commissioning Team. Its proactive monitoring and inspection of this service has led to improvements in the quality of health and social care provision in this service.
- The APC will consider the establishment of a Serious Case Review at the point when there is clarity as to the actions planned by the Procurator Fiscal Service.
- In following up the concerns within this care home the Multi-Agency Liaison Group identified the need for a reconsideration of the structure of reviews within the care home sector. Following a period of consultation a new review structure has been designed which, through the active involvement of health colleagues, ensures that where complex health concerns are present these are reviewed by health staff. While only at the stage of running a pilot, there is confidence that the effective

review of complex health needs will result in a preventative approach to health care management which will reduce risk to this vulnerable population.

## 6. Public Information

Initially the APC adapted the Scottish Government's 'Act Against Harm' publicity information for use in Argyll and Bute with local contact points identified on materials. The Act Against Harm logo remains the identifier for the work of the APC in Argyll and Bute.

In partnership with other West of Scotland Adult Protection Committees and the support of the Renfrewshire Council Media Team the APC supported the development of a series of TV adverts which ran on commercial channels from 2011 onwards. This together with 'stills' from the adverts have now been adopted for publicity throughout Argyll and Bute.

The Committee has developed a range of posters, and information leaflets which have been distributed throughout Argyll and Bute and these alongside the development of a single contact centre number for council services has improved our ability to more effectively respond to inquiries.

We have also had the support of local press and radio in taking the adult protection message forward. With radio stations and 16 local newspapers servicing Argyll and Bute their support is a valued channel of communication with residents of this remote, rural and sparsely populated area.

The committee recognises the complexity of seeking to deliver effective communications across such a wide area.

The issue is to open the 90,000 pairs of eyes and the 90,000 pairs of ears of the people of Argyll and Bute to the issue of adult protection and to have them looking out for their friends, neighbours and relations – even just the people they pass by in the street. For this to happen they need to be aware of the provisions of the ASP Act. While the APC is working to raise awareness in Argyll and Bute, it is something that can be done so more effectively and so much more efficiently if it is undertaken nationally. The APC hope the Scottish Government will embark on another campaign to further raise awareness. It believes that this will be the best approach to ensuring that those at risk are identified and referred. If we are really going to protect all those at risk, we need to have more than just 11 referrals from members of the public in two years.

## 7. Management of Services and Staff

In response to our last report the Minister recognised the appropriateness of our particular response to the deployment of staff resources to cover the increased operational pressures resulting from the implementation of the Act. I am happy to report that staffing resources funded from the adult protection allocation have been maintained in spite of the ongoing financial pressures facing Argyll and Bute Council.

The assessment of adult protection referrals continues to be overseen by operational managers in each of the four service delivery areas of Argyll and Bute, with the duty of inquiry and investigation being carried by all Council Officers based in that area. Currently referrals are allocated to a council officer with the most appropriate experience and knowledge of the area of concern. Thus workers from learning disabilities, mental health, sensory impairment, addictions and operations teams follow up inquiries within their sphere of operation. In recognition of the limited availability of staff there is flexibility built into this system to meet the operational pressures particularly experienced by teams with limited staffing.

The work of adult protection continues to be overseen by the Area Manager, (Adult Protection). He is supported by a dedicated adult protection administrative officer.

It would be remiss if it was not recorded that adult protection in Argyll and Bute benefits from the commitment of a wide range of officers from both public and private sectors. The support of the legal team, training section, finance and staffing sections of the council; the CHP Management Team and operational staff throughout the NHS services and front line officers and managers of Strathclyde Police all give willingly of their time to take forward the protective work in relation to 'adults at risk'.

Recruitment and retention of qualified and experienced staff can be problematic in the more remote parts of Argyll and Bute, however all four Adult Protection funded posts remain filled and will continue to be so following the ongoing restructuring of social work services in Argyll and Bute.

## 8. Communication and Cooperation between Agencies

The Argyll and Bute Adult Protection Committee works within the West of Scotland Network. Links with other APCs, locally and nationally, are supported and there is a commitment to working both within the ‘West of Scotland Group’ and nationally to address issues covering policy development, audit, training and practice needs.

Having adopted the ‘West of Scotland Inter Agency Guidance’ the Committee has welcomed the recent update of this guidance which takes into account more recent enactments of legislation and developments in national guidance.

The Argyll and Bute Area Manager for Adult Protection continues to support the West of Scotland Coordinators group which provides a forum for lead officers and co-ordinators to share and learn from developments throughout the area. The APC also welcomed the setting up of the ADSW Adult Protection Sub Group.

Through the reporting period the support and co-operation of statutory and voluntary agencies has been welcomed. We are pleased to have representation from the Argyll and Bute 3<sup>rd</sup> Sector Partnership on the APC this filling a clear gap identified at the time of our last biennial report.

The APC now has appropriate representation from all statutory agencies (membership of the Committee is noted earlier in this report). Continuity of representation at the APC, however, is critical if there is to be the development of a fully effective partnership to take forward the duties placed on the Adult Protection Committee. The level of engagement of partners in relation to the joint planning and delivery of “support and protection” activity will be monitored to ensure that the Committee’s functions under the Act are achieved.

This report notes the joint delivery of ‘Awareness’ training to staff throughout Argyll and Bute. The delivery and uptake of joint training is being monitored to ensure appropriate involvement from all agencies. The commitment to, and uptake of, joint training opportunities is recognised as being at the heart of the development of effective responses to reports of ‘adults at risk’. Nevertheless, it has been disappointing at how often people have had to pull out of training at short notice “for operational reasons”. The Committee recognises that in the current financial climate, operational priorities may conflict in relation to the uptake of training but the APC is clear that the risk associated with poor understanding of the Act and duties conferred by the Act is one which must be addressed. The Committee hopes that a higher priority will be given to the important issue of training by all agencies.

The development of local Adult Protection Forums is the next key development in building up of strong partnerships between all public, 3<sup>rd</sup> sector and Independent agencies with is at the core of best practice in the following up of reports of ‘adults at risk’.

The involvement of the Housing/Homelessness Services in the Committee has been critical to dealing with some of the most vulnerable households in the area. The involvement of the housing sector ensures that housing services know how to access support for 'adults at risk' through use of the single referral process.

The Committee recognises the major challenge it faces in relation to developing effective communications with, and engagement of, the 'Community' in its work. Whilst we are able to report that all remote and Island communities have access training and publicity input within the last two years that this remains a significant challenge especially when there are limited resources available within island communities to 'champion' this area of development.

## 9. Training and Workforce Developing:

‘... *Making arrangements for improving the skills and knowledge of officers.. of public bodies*’ S42(1)(c) ASP(S)A 2007

The APC through the work of its Policy and Training sub group has continued to address the needs of delivering a wide range of training across Argyll and Bute. The training framework and training plan are depicted on the pages following.

In taking forward the training agenda throughout Argyll and Bute the Training and Policy Sub Group recognise the key role of the training team who have delivered a high quality awareness training programme throughout the area.

### Awareness Training

In the period 2010 – 2012 awareness training has been delivered to 874 attendees from both public and private sectors. Awareness training was initially delivered in the training suite in Lochgilphead but in recognition of the time and travel costs of this approach this is now delivered in service areas. During the reporting period awareness training has been delivered in the following places; Helensburgh, Dunoon, Rothesay, Lochgilphead, Campbeltown, Islay, Oban, Mull, Colonsay and Tiree. Whilst the Training and Policy Sub Group and the Training team recognise the value of delivering this training to multi-agency groups there is also recognition of the challenge for smaller agencies in freeing staff for such sessions. In recognition of this training is also delivered in work settings. In the reporting period training has been delivered in Care Homes, Hospital settings, GP Practices, to community groups, community nursing teams and to voluntary agencies.

As we move into the 2012 – 2014 reporting period we can report that the trainers Group has updated/refreshed our Awareness training pack, this to ensure the continued commitment to maintaining active involvement of staff throughout Argyll and Bute.

### Council Officer Training

Council Officer Training is mandatory training for qualified staff and is delivered over 5 days.

This training consists of a one day briefing which focusses on the presentation and discussion of the legislative framework of adult protection, the Code of Practice and Inter Agency Guidance. Thereafter Council Officers complete 2 days Investigative Interviewing training and a further 2 days Risk Assessment and Protection Planning training (JIT Model). This training is delivered

by local staff and by an external trainer. This training is ongoing with the expectation that refresher training will be developed during the next 12 months for those who completed their council officer training some years ago.

At this stage Argyll and Bute Council recognises that with its decision to set up its own Standby system in 2013 that there will be additional challenges to be met to ensure that all professional staff who respond to Standby referrals are suitably trained and experienced in the follow up of adult protection referrals. The APC will take forward arrangements to ensure that any deficits in this area are addressed with an initial introduction to this area being addressed in the **Adult Protection/Child Protection – Initial Responses** being delivered in spring 2012.

### **Managing Inquiries**

This training, run as a pilot in 2011 sought to provide a forum for front line Managers who assess and lead on initial adult protection inquiries to share experiences and learning gained during the period following the introduction of the Act. This session was planned and led by our external trainer. Whilst there was positive feedback on this session it was clear that future sessions would benefit from the attendance of the Adult Protection Manager as the identification of operational issues and interpretation of local guidance had to be addressed following this session. Whilst the questions raised at this session were followed up at a later stage it would have been more beneficial to have taken them forward in this key staff grouping.

With the restructuring of operational management of services in Argyll and Bute Council this training will become a priority as new managers take up their new responsibilities.

### **Minute Taking**

This course builds upon the standard training in minute taking in order to prepare minute takers for the technical skills required for this task as well as the potential emotional challenges of listening to reports of adults and children who have been harmed.

This training is assessed by the trainee completing an adult or child protection minute which is reviewed by the case conference chair. Future training of this type may be extended to include the minutes of AWI case conferences.

### **Chronologies**

Following the introduction of the SWIA guidance on 'Chronologies' a training pack relating to this was developed and training delivered to care and case managers in spring 2012. The effectiveness of this training will be assessed in the multi-agency audit of case files.

### **Forced Marriage**

Following the introduction of legislation and guidance on Forced Marriage a training pack was prepared and this delivered to front line staff in Spring 2012

### **Case File (Peer) Audit**

Argyll and Bute Council welcomed the support of our Care Inspectorate Lead Inspector who took managers through the process of Case File audit using the SWIA audit guidance and audit tool.

This training was well received and again will be monitored through our Multi-Agency Case File audit process now to be held annually in May of each year.

### **Adult and Child Protection – Call Centre Staff**

Following the development and launch of an area wide central call management system the call centre staff accessed training on responding to calls about adult and/or child protection.

In addition to the above the following training was delivered:

- On-going development and consultation with Case Conference Chairs.
- Sessions for the Continued Professional Development for G.P. practices (3 sessions), community groups (3 sessions) and specialist services (3 sessions).

### **Training for Learning Disabilities Support Staff**

- In recognising the specific challenges facing staff that support adults with learning disabilities a specific training programme was prepared and delivered to staff groups throughout Argyll and Bute. This training, which was well received, recognises the challenges facing staff who support adult with learning disabilities as they seek to encourage them to access mainstream community services whilst supporting them to STAY SAFE! This training is now linked to the STAY SAFE! Programme launched on 29<sup>th</sup> March 2012 which seeks to take a consistent and proactive

approach to developing the skills of the service users to be aware of, and to report risks/harmful action they face in their everyday life. This programme will be reported on more fully in the 3<sup>rd</sup> biennial report.

Inter-agency training is and will remain a primary priority going forward. The delivery of training within the four localities is designed to encourage participation by smaller agencies and local groups by reducing time and travel commitments significantly.

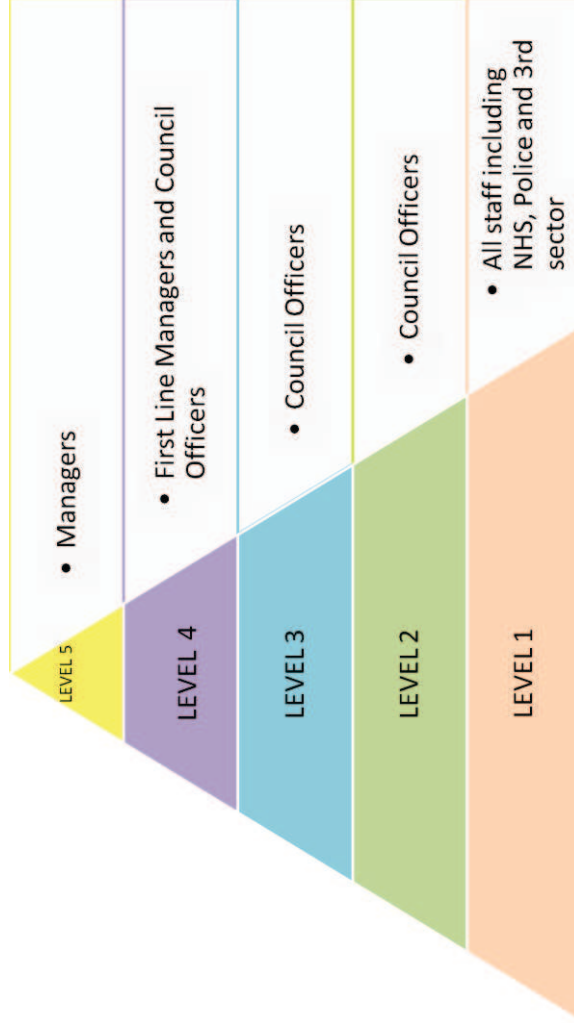

The Training and Policy sub group has identified its initial training/development plan which is outlined in tabular form below. The training needs of staff throughout Argyll and Bute is and will remain a continuing priority over coming years.

Training Course Title	Course Level	Number of courses 2010 - 2012	Total Number of Attendees	Evaluation
Adult Protection Awareness Training	1	56	874	4.37
Awareness – Learning Disabilities Support Staff	1	4	55	4.51
Council Officer Training - Briefing	4	10	118	4.00
Council Officer Training – Investigative Interviewing	4	6	70	4.00
Council Officer Training – Risk Assessment/Management	4	6	60	4.00
Adult Protection/Child Protection – Initial Responses	3	3	84	3.66
Managing Inquiries	5	1	10	4.00
Adult Protection/Child Protection – Minute Taking	1	1	21 (18 assessed competent)	4.27
Chronologies	3	6	67	4.05

Training Course Title	Course Level	Number of courses 2010 - 2012	Total Number of Attendees	Evaluation
Call Centre staff	1	2	12	N/A
Case File Audit – (Peer training)	4/5	4	15	3.91
Case Conference Chairs Briefings	5	4	7	N/A

Total Training attendances 1386

Figure 1 Adult Protection Training Framework

The redesign of management structures in Argyll and Bute Council in 2012 will require the revisiting of some aspects of training with new and promoted staff. Additionally the attention of the training groups will turn to 'refreshing' aspects of training to ensure staff and the public remain engaged with the adult protection agenda.

**Figure 2 Training Plan**

LEVEL	DESCRIPTION	OUTCOME SOUGHT	TARGET GROUP	MANDATORY	NOTES
Level 5	Adult Protection Inquiry Management	Managers training in overseeing responses to referrals, managing inquiries and decision making in relation to AS&P referrals.	Service Managers Area Managers Team Managers	Yes (PRD)	Other Managers NHS

LEVEL	DESCRIPTION	OUTCOME SOUGHT	TARGET GROUP	MANDATORY	NOTES
	Care Homes	manager in supporting staff through AP and ensuring effective reporting of concerns	Care Homes throughout Argyll and Bute.		
Level 1	Awareness Raising**	To enable staff to recognise and report adult protection concerns, and thereafter to support service users who have experienced abusive situations.	All staff in public, private and 3 <sup>rd</sup> sector who deliver services to adults and children.	All social work staff. Council staff from other departments as per PRD	Open to NHS, Police and 3 <sup>rd</sup> Sector staff.
	Protecting 'Adults at Risk'	Staff supporting 'AAR' to be aware of their role in protection planning.	Support /care staff	Developmental – from PRD	Open to all agencies.
	Core Group Participation	To be developed	Support staff	Developmental – from PRD	Open to all agencies
	Minute taking	Effective minute taking	Minute takers of AP case conferences	All admin staff in partnership with the CPC	Not at this point
Level 1	Awareness LD staff	To enable staff to recognise and report adult protection concerns, and thereafter to support service users who have experienced abusive situations.	Staff working with LD clients. May be developed further for service users (AP Champions)	Opened to all agencies on request	Delivered on request

## 10. Workforce Issues

For the period of this report, the workforce has been remarkably stable. Staff turnover has been minimal. Those recruited to help implement the Act have been well integrated into local teams.

However the demands imposed by Argyll and Bute having many islands and remote and rural mainland locations are substantial. This makes the provision of training much more difficult. It also adds challenges in the undertaking of adult protection inquiries, especially on the islands with no resident Council Officers. Given the huge size of Argyll and Bute, providing cover when staff are absent, off for training or undertaking inquiries presents challenges in maintaining services, and maintained they must be.

Whilst this remains a challenge and impacts upon services the APC is pleased to report that delays in carrying out inquiries has been kept to a minimum. Nevertheless the Committee has accepted the pragmatic judgement that case conferences, inquiries and investigations are best done well, rather than undertaken at a time when all those who ought to be there cannot be present. The Committee, however, monitors the timeliness of action to ensure that action is never delayed without good reason.

All the agencies – statutory and non- statutory – are under huge financial pressures. No doubt, changes will be forthcoming. The Committee hopes that all the agencies will maintain the resources required to provide the necessary level of support. Furthermore, the Committee hopes that agencies will do everything possible to maintain the continuity of staff deployed on ASP duties.

## 11. Formal Evaluation

### Service User Evaluation

As reported on page 7/8 the Lomond and Argyll Advocacy Service (LAAS) undertakes independent service user evaluation and reports to the APC. The APC believes that this reporting lies at the heart of our learning about the impact, intended and unintended, of interventions carried out under adult protection legislation and guidance.

It is our intention to continue with the key action however we do recognise the resource implications of this work on the advocacy service. The APC will continue to seek to prioritise this work however in recognition of the current financial climate may not, as we would wish, be able to extend this work further to gain the views of those whose referrals do not proceed to the Case Conference stage.

### Training

As can be seen from the table of training on page 26 of this report, every course is evaluated by participants. This recording covers key areas of planning, content, participation and 8 other factors. Each aspect is scored on a numerical basis from:- 1 – Poor to 5 – Excellent. As will be seen from the table the average over all courses is 4.07 – this being ‘good’ with a number of courses nearing the excellent standard. The Training and Policy sub group now has the challenge of retaining this standard as we move into the new reporting period.

The APC records its appreciation of the work carried out by the training team and our external trainer in delivering AP training to this high standard.

### Self Evaluation

On an annual basis the APC has convened a self-evaluation event. At these events managers and front line staff from across Argyll and Bute, including those from the island communities, come together to evaluate the effectiveness of the partnership in addressing the needs of ‘adults at risk’. The events are also attended by all the members of the APC and by the Argyll and Bute Lead Inspector from the Care Inspectorate.

On the basis of these discussions areas for improvement are identified and plans for address them developed. Following the most recent event held during November 2011, the APC made the key strategic decision to move from an Argyll and Bute- wide approach to Adult Protection to the development of a more local focus. This key outcome of the self-evaluation event led to the formation of four Adult Protection Area Development Forums. These forums will be convened in Helensburgh and Lomond, in Bute and Cowal, in Mid-Argyll, Kintyre and Islay and in Oban, Lorn and the Isles. They will concentrate on the particular needs of these areas and will develop the necessary partnerships to address the priorities within their areas. The formation of the Forums is agreed in the context of the APC recognising its key role in ensuring the development of consistent practice throughout Argyll and Bute.

## 12. Future Plans

In my introduction to this Biennial Report I indicated that fully implementing the provisions of the ASP Legislation in Argyll and Bute is still “work in progress”. However, I believe that we now have enough experience of the legislation to have robust plans for the coming years.

The [2012-14 Improvement Plan](#) is an important document for Adult Protection in Argyll and Bute. It aims to be a simple and clear plan which sets out what has to be done, and by whom, to achieve success. The Committee will monitor its implementation closely and expect any delays to be made up quickly.

It has two over-riding themes:

1. Making sure that all “Adults at Risk” are identified and referred.
2. Making sure that all those referred are dealt with in line with established procedures.

The plan comprises six core initiatives. These are:

1. To improve the effectiveness of initial responses to “Adults at Risk”.
2. To ensure “Adults at Risk” receive a person centred response.
3. To ensure “Adults at Risk” and their families and carers are involved in all ASP processes.
4. To ensure Adult Protection policies and processes are fully implemented.
5. To ensure there is clear leadership from the Committee and Senior Managers in all Agencies.
6. To ensure we build on our successes and work on our areas for improvement.

Some of the more important specific actions that are part of the plan and some of the cross cutting actions that will ensure we achieve the improvement we seek are worth highlighting:

- Ensuring that all adults who are indeed at risk are identified and referred
  - This will involve training yet more people in all the Agencies.
  - It will involve the APC ensuring each and every Agency – both statutory and non-statutory – makes sure that all their staff look out for Adults at Risk and know how to refer them.
  - It will involve more information going to those 90,000 pairs of eyes and 90,000 pairs of ears in Argyll and Bute about Adult Support and Protection.
  - It will, hopefully, involve the Scottish Government commission a significant public awareness campaign.

- An annual Multi-agency case file audit
  - We have already undertaken one and come to learn how difficult it is.
  - We have now developed a procedure which will first be implemented in May 2013.
- Service User Evaluation
  - We have some modest experience of soliciting the opinion of service users.
  - Offering advocacy is already a default position but we will ensure that the default never fails.
  - We will seek to obtain much more information from service users.
- An annual Self Evaluation
  - We have already held two self-evaluation events.
  - Future self-evaluation events will aim to be significantly more robust.
- The full development of Local Area Development Forums
  - We believe these forums to be a key element to the delivery of the ASP provisions.
  - We will develop a standard agenda and operating procedures.
- Developing the Adult Protection Committee
  - The Committee will review its Standing Orders in the light of the expected revised Guidance from the Scottish Government on the implementation of the Act.
  - The Committee will review its membership to ensure that all those agencies which impact upon Adult Protection are at least connected to the Committee.
  - The Committee will continue to support national, as opposed to local, initiatives where that approach produces economies of scale.

These plans are substantial. They are devised from a now considerable understanding the challenges to fully implement the legislation in Argyll and Bute. The Committee is confident that will move implementation significantly further on. It is, however, utterly critical that *all* the agencies – both statutory and non-statutory – understand and accept their responsibilities under the legislation. They *all* need to look out for adults at risk of harm vigilantly and they *all* need to refer these adults promptly and in line with the established process.

However, it is not just the agencies that need to be looking out and referring. Everyone in Argyll and Bute needs to be involved. To fully engage the 90,000 pairs of eyes and ears, awareness of the Act needs to be raised. The Adult Protection Committee has significant raising awareness initiatives in the Improvement Plan. However, this issue would be best addressed at a national level; it would be both more efficient and more effective. I hope the Scottish Government will take steps to raise awareness in the population at large of the provisions of the Act.

**ARGYLL AND BUTE COUNCIL    BUTE AND COWAL AREA  
COMMITTEE****DEVELOPMENT AND INFRASTRUCTURE SERVICES    FEBRUARY 2013**

---

---

**SCOTTISH FERRIES PLAN**

---

**1.0    SUMMARY**

- 1.1    This report provides a review of the recently published Ferries Plan and how it impinges on the Bute and Cowal area.. The commitment is apparent that the Government will engage with the Council in respect of the transfer of responsibilities for ferry services and details of how Road Equivalent Tariff will be implemented.

**2.0    RECOMMENDATIONS**

- 2.1    That Members note the contents of this report and that;
- 2.2    A further report will be presented to the Council in March which will set out the Council's proposed position with regard to the Ferries Plan and associated actions.

**3.0    DETAIL****3.1    Ferries plan**

The plan for the period 2013 – 2022 was published by Transport Scotland prior to Christmas 2012. The purpose of the document is to provide communities with a clear view of the intended way forward. The Review has enabled the Scottish Government to develop a shared vision for lifeline ferry services in the context of the National Transport Strategy and inform their long term plan.

**3.2    Proposals affecting Bute and Cowal**

In the short term the Government proposes to extend the operating day on the Colintraive - Rhubodach service until 2100hrs all year round.

Enhancements to the Wemyss bay Rothesay service have been considered and will be addressed in this paper as will those for the Cowal peninsula and Dunoon service.

What should be noted is that all of the proposals are subject to future Spending Review commitments.

3.3 Colintraive to Rhubodach

The plan confirmed that although this is a second route to the island of Bute it did fulfil a different function in that it serves tourists in addition to acting as a commuter route for certain sectors of the community. The improvements suggested in the draft plan will not be implemented although it has been agreed that the service should extend its operating day such that the last sailing will be at 2100 hours throughout the year.

3.4 Wemyss bay - Rothesay

The Government has completed a routes and services needs assessment of current services. A model service would see an operating day that extended into the late evening although it has been recognised that this is achieved on Friday, Saturday and Sunday. The costs involved in double crewing one of two vessels that currently operate on the route is not regarded as cost effective, so the service provision will remain as at present. However, further consideration will be given to this route when the specification is drawn up for the next CHFS tender.

3.5 Cowal peninsula and Dunoon

The Government has highlighted in the plan the issues surrounding reliability of the new passenger service and expressed Scottish Minister's disappointment that the vehicle and passenger service could not be continued as a result of the tendering process.

A three point plan for the development of the service is being progressed with the completion of the improvement plan by Argyll Ferries. The operator is continuing to work with Transport Scotland to seek ongoing improvements..

The second strand of the plan is to seek a replacement for the M V Ali Cat, this is ongoing. The third part of the plan is the recent feasibility study undertaken by Arch Henderson. Whilst this concluded that pontoons were feasible, particularly at Dunoon, the decision to progress pontoon feasibility/design works further will be subject, to the outcome of the vehicular ferry feasibility study currently being undertaken on the behalf of Transport Scotland.

The Plan concludes by stating that the Scottish Government's policy position is that they would like to see a vehicle passenger ferry service on the town centre route.

3.6 Council operated services

Officers have met with officials from Transport Scotland and articulated the view that we would wish to progress the proposed transfer of responsibility. This would be subject to a routes and services needs assessment methodology (RSM), Options Appraisal and Business Case for each of the four routes which will be undertaken by the Council with assistance and guidance from

Transport Scotland, this is anticipated to be completed within the next eighteen months. The routes will have to be lifeline and if transfer of the routes is realised then the port infrastructure associated with the ferry service would have to be transferred too. It is clear that the Government will only fund services at a level considered necessary after applying the RSM. Any provision above this will have to be funded by the Council. It is also clear that there would have to be an agreement about the levels of capital and revenue funding to be transferred to the Government. This would take account of the age and condition of the vessel being transferred and the revenue funding would represent the true cost of providing the service. In regard to the application of RET, no decision has yet been taken for the routes operated by the Council. Even if the routes are transferred it does not mean that RET will automatically be introduced. Finally, there is no guarantee that the Government will accept responsibility for the transfer of ferry services.

### 3.7 RET

The Government has committed to rolling out a Road Equivalent Tariff (RET) across the entire network. This will include fares for passengers, cars and small commercial vehicles up to 6m in length and coaches.

The intention is for RET to become a permanent feature on routes to the Western Isles, Coll and Tiree. The impact of this will be that instead of having to purchase multi journey tickets the RET single ticket will be competitive with the single journey equivalent of a multi journey ticket. There is concern that the application of RET will create an issue for demand. The operator will have the opportunity to bring forward proposals for managing this demand in consultation with the community it is serving. It is important to note that there will be no distinction made between residents and non-residents.

#### Commercial RET

The Government has confirmed that the additional revenue generated by applying the updated RET formula for passengers, cars and small commercial vehicles will be reinvested in commercial vehicle fares in order to reduce the impact of the removal of RET for commercial vehicles. The government will also provide additional funding for this sector such that no fare will rise above 10% in 2013. The long term aim is to provide an overarching policy for freight fares taking account of the need to balance the wellbeing of the communities against public sector cost. Initially the findings of the study on the Western isles, Coll and Tiree economies will be reviewed and a further working group established that will consult with all key stakeholders. The study by MVA consultancy on the impact of the removal of RET from commercial vehicles on the Western isles, Coll and Tiree was published in January 2013.

#### **4.0 CONCLUSION**

- 4.1 The plan contains proposals that will affect Bute and Cowal both in the short and longer term. There remains a considerable amount of work to be progressed if the Council is to achieve its aim of transferring responsibility for its ferry services and this would also require Council approval of the Business Case prior to transfer. RET is a contentious issue, particularly for the commercial operators. The prospect of the introduction of RET causing over demand especially through the summer season will create the potential for demand management.

#### **5.0 IMPLICATIONS**

- 5.1 Policy: If the ferries are transferred to the Government then the Council will be required to approve the transfer of both vessel and associated port assets associated with the routes
- 5.2 Financial: If the ferries transfer then there will be an adjustment to Government funding for the council. The council should be no better nor worse off financially on completion of transfer.
- 5.3 Legal: There may be a requirement to formally transfer council owned assets
- 5.4 HR: There is the potential TUPE of staff and employees.
- 5.5 Equalities None
- 5.6 Risk: That the Council retains the ferry services and continues to bear the risk on what is considered as a non-core activity.
- 5.7 Customer Service: The routes and services needs assessment may demonstrate a service profile model which is in excess of what is considered necessary and unless the Council fund the additional services then it will result in a curtailment of service.

AREA COMMITTEE****DEVELOPMENT AND  
INFRASTRUCTURE SERVICES****5<sup>th</sup> February 2013**

---

---

**Briefing Note – Provision of footway on A815 at Hunters Quay Holiday Village**

---

**1. PURPOSE**

- 1.1 To inform Members of the options towards funding the completion of the footway connection between Hunters Quay and Sandbank on A815.

**2. RECOMMENDATIONS**

- 2.1 That Members take note of this report.

**3 DETAILS**

- 3.1 The footpath connecting Hunters Quay and Sandbank has a gap section of some 507 lin. m. either side of the entrance to Hafton House, as indicated in APPENDIX 1. This discourages pedestrian use on this section of A815 Coastal road. This area is considered an aspirational route within the Core Paths network but comes with little prospect of development funding in the near future.
- 3.2 Initial estimates of the cost to provide the completion of the footway on the inland side of A815 is in the order of £240,000. As such, this is in excess of any available internal budget to finance exclusively. As the Roads and Footways Reconstruction budget is allocated to maintenance of the current asset, funding through this avenue is unlikely unless associated with a much larger carriageway maintenance scheme which is not at present required within the scope of the 5 year programme.
- 3.3 A bid for 50% funding through Sustrans can be pursued but match funding by the Council's "Cycling, Walking and Safer Routes to Schools" budget would be substantial and likely to require input over several financial years.
- 3.3 The proposal to impose a 30mph zone in this area may allow a reduction in the specification of the footpath to a "shared surface" to minimise costs, with the appropriate signing. However its suitability for match funding from the external bodies would require clarification. The receipt of recent planning applications for this area may allow a proportion of the footway to be provided through the "planning gain" route and so reduce the impact on the overall funding required to complete this project. The timescales for this are however indeterminate.

**4. CONCLUSIONS**

- 4.1 There are several avenues of enquiry which officers will pursue over the next 6-9 months towards potential commencement of works within financial year 2013-14.

**5. IMPLICATIONS**

- 5.1 Policy *Assists in the promotion of health and wellbeing.*
- 5.2 Financial *Requires substantial external contributions to complete the works.*
- 5.3 Personnel *None*
- 5.4 Equalities Impact Assessment *None*
- 5.5 Legal *Land acquisition implications*
- 5.6 Risk *none*
- 5.7 Customer Service *Improves local amenity for residents and tourists*

**EXTRACT OF MINUTE OF THE COUNCIL MEETING OF 24 JANUARY 2013**

---

**(e) CHILDREN'S CHAMPION**

The Council considered a report which outlined recommendations to develop the role of Children's Champions across Argyll and Bute. The Council also heard a presentation by Denny Ford of Who Cares on supporting the needs of looked after children in Argyll and Bute.

**Decision**

1. Agreed the need for Children's Champions.
2. Agreed the principle that there should be four Champions, one for each geographical area which would better support the needs of looked after children population in Argyll and Bute and that this be delegated to the four Area Committees to make the appointments.
3. Accepted the principle of establishing a Corporate Parenting Board which will report to the Council annually to support and drive activity for looked after children. A further report on the membership and remit to be submitted to a future Meeting.

(Ref: Report by Executive Director of Community Services dated 26 November 2012, submitted)

**CHILDREN'S CHAMPION**

---

**1. SUMMARY**

- 1.1 This report outlines recommendations to develop the role of Children's Champions across Argyll and Bute.

**2. RECOMMENDATIONS**

- 2.1 Members agree the need for Children's Champions.
- 2.2 Members consider whether four Champions, one for each geographical area would better support the needs of looked after children population in Argyll and Bute.
- 2.3 Members accept the principle of establishing a Corporate Parenting Board which will report to the Council annually to support and drive activity for looked after children. A further report on the membership and remit will follow.

**3. DETAIL**

Argyll and Bute Council is seeking to improve the outcomes for looked after and accommodated children/young people in care through the development of four Children's Champions across each geographical area. The role developed in 2010 in Argyll and Bute had a single champion to enhance the lives of looked after and accommodated children through greater opportunities and the removal of barriers. Whilst the role was important to establish an Elected Member leading on Children's Rights there was a need to explore how to expand the role and lift the profile of looked after children. In consultation with looked after young people at an event on 23 November 2012 they indicated they would like an Elected Member for each of the four geographical areas so that they are able to build relationships with them.

**Focus**

- 3.1 One way of focussing on the needs of looked after children/young people is to review what is currently being achieved and what still needs to be done. The Getting It Right For Looked After Children Plan outlines all agencies' roles in improving services however, the Council also has a responsibility as a Corporate Parent to ensure that every child/young person has the opportunity to meet their full potential. For

that to happen, the Council needs to bring all its available resources to bear to meet these children/young people's needs in terms of their socialisation, well being, education, health and overall welfare.

- 3.2 Currently their needs are met through a multi-disciplinary focus of Social Work, Police, Education and Health. However as a Council we have embraced the role as corporate parent through the signing of the Give Me A Chance Promise by the Leader of the Council and the Chief Executive on 30 October 2012. Argyll and Bute have pledged to reduce stigma and promote positive opportunities for all looked after children.

### **Corporate Parenting and the role of the Children's Champion**

- 3.3 Corporate Parenting relates to all children/young people who are looked after by the authority. It means that formal partnerships and actions are established by local authorities, departments and associated agencies that are responsible for working together to meet the needs of looked after children/young people.
- 3.4 The notion of a local authority acting as a parent recognises the legal and social responsibilities of public bodies to children/young people who become looked after. It recognises that those children/young people for whom the local authority has a particular responsibility are significantly less likely to achieve good outcomes not only throughout their childhood but throughout their lives.
- 3.5 Whilst there has been progress regarding Corporate Parenting at both a national and local level more needs to be done to promote the wellbeing of our looked after children/young people. This is reinforced by the report produced by the Scottish Government '*Looked After Children; We Can and Must Do Better*' which highlighted the need for local authorities to strengthen their approach to Corporate Parenting.
- 3.6 Corporate Parenting is essentially the same as being a good parent and wanting to achieve the same good outcomes for our looked after children/young people that we would want for our own children. To improve and make Corporate Parenting a reality depends upon drive, ownership and leadership at the highest level of the organisation. Children's Champions play an important role in promoting the rights of looked after children.
- 3.7 Who Cares? Scotland have been contracted to provide direct support to the Children's Champions. It is their intention to help us establish a Corporate Parenting Board where the Champions would act on behalf of the looked after population to drive forward changes.

### **Role and Remit of a Children's Champion**

3.8 The role and remit of a Children's Champion is to champion the rights of looked after and accommodated children/young people. There are several areas the Champion will focus on:

- (i) Providing further leadership and standards that recognise the Council's statutory obligation as a Corporate Parent to the looked after and accommodated child/young person and further provide impetus for change and improvement in service delivery.
- (ii) Promoting and safeguarding the rights of the looked after and accommodated child/young person ensuring that the services they require to remove barriers which are obstacles to progress are in place.
- (iii) Identifying in association with recognised service providers at all levels the additional provisions required to ensure that the needs of looked after and accommodated children/young people are best met.
- (iv) Communicating with these children/young people by consulting with them and their service providers to ensure that the looked after and accommodated child/young person receives the support, security and stability they require to achieve their individual potential.
- (v) Support the implementation of the Corporate Parenting Board with Community Planning Partners and young people to ensure Argyll and Bute drive the improvement required for the looked after population.

## **6. CONCLUSION**

This proposal for Children's Champions across four areas is a unique opportunity to develop the role within the Council further. Champions will lead and drive future development of all looked after and accommodated children/young people within Argyll and Bute through their understanding of children and young people's needs.

The Children's Champion will enhance the work already in place through existing services in working towards the future wellbeing of each accommodated child and young person's. They will be supported by Who Cares? Scotland and contribute to the Corporate Parenting Board. These developments will ensure we make significant improvement to how young people who are 'Looked After' experience your services.

**7. IMPLICATIONS**

7.1	Policy	Contributes to the development of the Corporate Parenting Policy
7.2	Financial	None
7.3	Legal	It will assist and fulfil the Council's statutory responsibility to looked after children and young people.
7.4	HR	None
7.5	Equalities	The Champions will assist to reduce stigma and discrimination faced by looked after children and young people.
7.6	Risk	None
7.7	Customer Service	None
