1. WELCOME AND APOLOGIES

The Chair welcomed everyone to the meeting and general introductions were made.

Apologies for absence were intimated on behalf of:-

Alison McGrory, Health Improvement Principal, NHS Highland
Campbell Cameron, Community Broadband Scotland
Jean Mary Knowles, Islay and Jura Transport Forum

2. DECLARATIONS OF INTEREST

There were no declarations of interest intimated.
3. MINUTES

(a) Minute of the previous meeting of the Mid Argyll, Kintyre and the Islands Community Planning Group held on 4th October 2017

The Minute of the meeting of the Mid Argyll, Kintyre and the Islands Area Community Planning Group, held on 4th October 2017 was approved as a correct record, subject to the amendment on page 8, item 8, which should read “Having given consideration to the plan, some of those present at the meeting expressed dissatisfaction and concern as the plan did not contain issues known to them from particular communities within Mid Argyll, Kintyre and the Islands, and advised that they were not in a position to agree to the current version of the Plan”.

(b) Minute of Short Term Working Group held on 23rd October 2017

The Minute of the meeting of the Short Term Working Group, held on 23rd October 2017 was approved as a correct record.

(c) Minute of the Mid Argyll Partnership held on 20th November 2017

The Minute of the meeting of the Mid Argyll Partnership, held on 20th November 2017 was noted.

4. APPOINTMENT OF VICE CHAIR

The Group considered a report providing information relating to the appointment of a Vice-Chair for the MAKI Area Community Planning Group, outlining the expected time commitment and giving information on the role.

Decision

The Group agreed to re-consider this appointment at the next meeting of the Mid Argyll Kintyre and the Islands Community Planning Group on 2nd May 2018.

(Ref: Report by Area Committee Manager dated 7th February 2018, submitted).

5. MANAGEMENT COMMITTEE AND FULL PARTNERSHIP UPDATE

The Group gave consideration to a briefing note outlining the highlights from the Argyll and Bute Community Planning Partnership (CPP) meeting held on 5th December 2017.

Decision

The Group noted the contents of the briefing note.

(Ref: Briefing Note by Community Planning Manager, dated 7th February 2018, submitted).
6. **AREA COMMUNITY PLANNING ACTION PLAN**

(a) **Consideration and sign off of MAKI Area Community Planning Action Plan**

The Group gave consideration to the proposed Area Community Action Plan for MAKI. At the last MAKI Community Planning Group meeting on 4th October 2017, the Group did not agree the actions within the draft Community Planning Action Plan and agreed to form a Short Term Working Group to look at the plan. The Group met on 23rd October 2017 and agreed an amended plan which was presented for consideration at an informal meeting of the CPP Management Committee held on 5th December 2017. The Management Committee agreed to approve the plan in principle to be formally agreed at the next Management Committee meeting scheduled in March 2018.

**Decision**

(Ref: Report by Community Planning Manager dated 7th February 2018, submitted).

(b) **Area of Interest: Tourism**

The Group gave consideration to a presentation and video from Carron Tobin of Argyll and the Isles Tourism Cooperative (AITC).

Discussion took place around the ‘Wild about Argyll’ campaign and Ms Tobin agreed to circulate the online and video links.

**Decision**

The Group noted the information provided and thanked Ms Tobin for a very interesting presentation.

(Ref: Presentation by Carron Tobin dated 7th February 2018, submitted).

7. **COMMUNITY FOCUS**

Fred Bruce, Convener of West Lochfyne Community Council was in attendance to provide an update on their Community Action Plan. He provided information on issues affecting the West Lochfyne area including the possible closure of the shop in Minard, the difficulties in terms of the condition of the A83, the difficulties with broadband in the area and the falling roll of the local primary school.

He also provided information on the initiatives being supported through the windfarm trust money including the refurbishment of Minard Hall.

Discussion took place on the condition of the A83, particularly in relation to the layby’s, lack of litter bins, potholes and the difficulties caused by frequent road closures.
Decision

The Group noted the information provided and agreed to include information on the A83 issues raised in the highlight report which goes to the next CPP Management Committee.

(a) Social Enterprise Update
The Group gave consideration to a presentation from the Development Manager at Inspiralba.

She provided information on the census of Social Enterprise in Argyll and Bute, the characteristics and the future of Social Enterprise in the area.

Decision

The Group noted the presentation.

(Ref: Presentation by Development Manager, Inspiralba dated 7th February 2018, submitted).

(b) Tourism
The Group gave consideration to an information strategy update report from the Regional Director of Visit Scotland. The report detailed the background to the closures of the Tourist Information Centres across Argyll and Bute and provided figures in relation to those offices earmarked for closure. It also noted that there would be regional hubs created in Islay, Mull, Oban and Rothesay.

Decision

The Group noted the information provided and asked that the Regional Director attend a future Community Planning Group meeting.

(Ref: Report by Regional Director, Visit Scotland dated 7th February 2018, submitted).

(c) Highlands and Islands Enterprise
The Group gave consideration to a progress report from the Head of Special Projects at Highland and Islands Enterprise.

Decision

The Group noted the contents of the progress report.

The Chair thanked David Smart for his past attendance and input as this
was David’s last meeting.

(Ref: Report by Head of Special Projects, HIE, dated 7th February 2018, submitted).

(d) **Argyll and the Isles Coast and Countryside Trust**

The Group gave consideration to a report on the Argyll and the Isles Coast and Countryside Trust (ACT) Hubs Project. ACT was established in April 2014 with a main vision to maintain, enhance and promote the coast and countryside of Argyll so that residents and visitors can enjoy it forever.

Discussion took place on the range of objectives to help fulfil their vision.

**Decision**

The Group noted the information provided.

(Ref: Report by ACT Hubs Project Officer dated 7th February 2018, submitted).

9. **ARGYLL AND BUTE OUTCOME IMPROVEMENT PLAN 2013-2023 - OUTCOME 2 (WE HAVE INFRASTRUCTURE THAT SUPPORTS SUSTAINABLE GROWTH)**

(a) **Digital Update**

The Group gave consideration to a report providing an update on various digital infrastructure projects which are ongoing in the area including Superfast Broadband, other Broadband issues and mobile communications.

**Decision**

The Group noted the report.

(Ref: Report by Digital Liaison Officer dated 7th February 2018, submitted).
(b) **Strategic Housing Investment Plan**

Douglas Whyte, Team Leader – East gave an update to the Group on the Strategic Housing Investment Plan. He advised that the Strategic Housing Investment plan (SHIP) is the key statement of housing development priorities in the Argyll & Bute area and the plan guides the allocation of government and other funding and forms an essential part of the LHS. He advised that the SHIP must be agreed with the Scottish Government and is based on a robust and credible housing needs and demands assessment. He confirmed SHIP is updated and submitted to the Scottish Government on an annual basis and was last submitted in October 2017.

Mr Whyte advised that 36 out of 83 projected completions for Argyll and Bute for 2017/18 (43%) in MAKI which includes 18 units at the West Highland Housing site at Imereval, Port Ellen, 6 units at the Fyne Homes site in Minard and 12 units at the Old High School Fyne Homes site in Lochgilphead.

He further advised that 36 out of 166 projected completions for Argyll and Bute for 2018/19 (22%) in MAKI which includes 20 units at the ACHA site on Bowmore, Islay and 16 units at the Old High School Fyne Homes site in Lochgilphead.

He confirmed there are 43 units planned at Imereval, Port Ellen, Minard, Tarbert, Inveraray, Kellis, Jura and Colonsay.

**Decision**

The Group noted the information provided.

(c) **ACHA**

The Group gave consideration to presentation from the Regional Manager of ACHA.

Ms Angus discussed the key issues which are stock rationalisation, investment and regeneration, ACHA’s Estate Management Action Plan, Community Action Fund; and Argyll Homes for All (AHFA).

**Decision**

The Group noted the presentation.

(Ref: Presentation by Regional Manager, ACHA, dated 7th February 2018, submitted).

(d) **Scottish Water**
The Group gave consideration to a report from Scottish Water detailing the flooding issue and water resilience project in Tarbert.

The report advised that Scottish Water will be commencing with a 10 to 12 week programme of investment in water network and Corrie Construction will be carrying out the work on behalf of Scottish Water. The report confirmed that the work will take place in streets surrounding Tarbert Academy and the work will allow customers to continue to enjoy fresh drinking water and reduce the chances of pipes bursting.

Decision

The Group noted the briefing report and asked that a representative from Scottish Water be in attendance at the next meeting of the MAKI Community Planning Group in Islay in May to discuss flooding issues on the island.

10. PARTNERS UPDATE

Inspire Inveraray

The Community Development Officer, Ms Baird advised that inspire Inveraray are completing a Community Action Plan Survey and are holding a community vision day on Saturday 10th March in Inveraray Parish Church.

Councillor Horn

Councillor Anne Horn advised that Tarbert and Skipness Trust are still negotiating with Visit Scotland in taking over the tourist office premises in Tarbert.

Councillor Horn gave an update on the tragic accident of the Nancy Glen which took place on 18th January 2018. She advised that there have been concerns raised about the lack of a co-ordinated response protocol being in place to deal with incidents of this type. It was noted that the Coastguard service is based in Belfast and there was a perceived difficulty in terms of accurate information being relayed during the initial rescue phase. It was noted that the concerns had been discussed at the debrief meeting which took place following the incident.

Police Scotland

Michelle Rudsen of Police Scotland confirmed there will be 3 new probationers joining the force in May/June. She advised they are preparing for the first music festival of the year in Carradale in April. She also advised that Police Scotland are carrying out a Live Stock Worrying Campaign.

Ms Rudsen gave an update on the fire at Lochgilphead Joint Campus and confirmed the school is closed until further notice. She advised the fire was an electrical fault and that there were no injuries.
Scottish Fire and Rescue

Andrew MacLure of Scottish Fire and Rescue gave an update to the Group. He advised there is currently a local recruitment campaign ongoing where 13 local people are attending the Oban Fire Station pre-selection day. He gave an update on the transformation process which will commence next week which has gone through the consultation process. He confirmed further information on this can be found at www.firescotland.gov.uk.

Councillor Robin Currie

Councillor Currie asked a question about the Community Asset Register Project. Information was provided on the project.

Mary McCallum Sullivan, of Ardrishaig Community Council gave an update on the closure and possible loss of the Post Office in Ardrishaig but advised that it is exciting Scottish Canals are about to begin works and that money has been received from Shell to begin the clean-up of the Gleaner site.

Councillor Sandy Taylor

Councillor Sandy Taylor gave an update on the road issues in the Mid Argyll area. He advised there is an upcoming consultation on the future of local governance.

CalMac Ferries

David Cannon from CalMac Ferries advised the Group that CalMac are trying to find a way of engaging with the community more. He discussed the new Directorate Board which has been set up not just to deal with ferries in particular but to deal with strategic issues affecting their communities. He advised 12 people have been appointed representing communities from Lewis to Arran.

11. DATES OF FUTURE MEETINGS 2018/19

The Group gave consideration to a report on the dates of future meetings of the Mid Argyll, Kintyre and the Islands Community Planning Group.

Decision

The Group agreed the dates as follows:-

- Wednesday 8th August 2018 at 10am in Campbeltown
- Wednesday 7th November 2018 at 10am in Lochgilphead
- Wednesday 6th February 2019 at 10am (venue tbc)
- Wednesday 1st May 2019 at 10am in Islay

12. DATE OF NEXT MEETING - WEDNESDAY 2ND MAY 2018 10:30AM IN THE CUSTOMER SERVICE POINT, BOWMORE, ISLAY

The Group noted that the next meeting of the Mid Argyll, Kintyre and the Islands Area Community Planning Group would take place at 10.30am on Wednesday 2nd
May 2018 in the Customer Service Point, Bowmore, Isle of Islay with VC facilities available in the Burnett Building, Campbeltown and Kilmory, Lochgilphead.
Agenda Item

Appointment of Vice-Chair

Summary

The following report provides information relating to the appointment of a Vice-Chair for the MAKI Area Community Planning Group. It outlines the expected time commitment and also gives information on the role. The Area Community Planning Group is asked to consider making an appointment to the position of Vice-Chair.

1. Purpose

1.1 This report asks the Area Community Planning Group to consider the appointment of a Vice-Chair.

2. Recommendations

2.1 The Area Community Planning Group is asked to consider the appointment of a Vice-Chair.

3. Background

3.1 At the meeting of the MAKI ACPG held on 4\textsuperscript{th} October 2017, members considered the appointment of a Chair and Vice-Chair for the Group. Andy Buntin was confirmed as Chair of the Group for a second two year term, but there failed to be agreement in terms of a Vice-Chair for the Group. It was agreed that the item be continued to the February 2018 meeting, however at this meeting there were no nominations put forward. Members agreed to continue the item until the May 2018 meeting, and it was agreed that the Chair would prepare a statement to highlight the benefits of taking on the role. This statement is attached as an Appendix to this report.

4. Detail

4.1 According to the Terms of Reference the Vice-Chair, if elected, would serve for a term of 2 years with an option to be re-elected at the end of this time. However, no one person can serve for more than 2 consecutive terms.
4.2 The current Chair, Andy Buntin, is now serving his second term as Chair and as such will be stepping down from this position in October 2019. To facilitate some continuity for the Group it is suggested that it would be beneficial if the person nominated to take on the Vice-Chair position had aspirations or would be willing to take on the role with a view to eventually becoming Chair of the Group.

4.3 In order to be considered as a candidate for the position of Vice-Chair the person must be a member of the MAKI ACPG.

4.4 Some further information on the commitment required:-

- Attend meetings of the MAKI ACPG and deputise for the Chair in his absence
- Deputise for the Chair at meetings of the Community Planning Partnership Management Committee or the Full Partnership
- Time commitment of at least 4 CPG meetings per year in February, May, August and November and 4 pre-agenda meetings per year in January, April, July and October
- To participate in any Short-Term Working Groups as required
- To engage with officers of the Council in terms of setting the Agenda for the CPG in consultation with the Chair

5. Conclusions

5.1 The CPG is asked to consider the appointment of a Vice-Chair.

6. SOA Outcomes

6.1 This report does not link to any specific Outcome as it relates to the administrative arrangements.

Name of Lead Officer
Shirley MacLeod, Area Governance Manager

For further information please contact:
Shona Barton, Area Committee Manager (01436) 657605

Appendix - Statement from Chair of Area Community Planning Group
Appendix 1

Mid Argyll, Kintyre and the Islands

Area Community Planning Group

Argyll and Bute have four Area Community Planning Groups due to the distance between and the diversity of the communities living here, working with partners to deliver community planning at a local level.

Why is it important? The answer is in the name, Community Planning Group. Community councils, community groups and Third Sector Organisations are members of this body and are welcome at all the meetings with an opportunity to have their say and raise issues of concern from their communities.

As chair, what do I get out of this, why do I think this is a positive experience and why I believe it is important to have a Chair and Vice-Chair from the communities we represent.

Firstly. I get the chance to put something back into the community, have an input into the agenda to help ensure those who wish, have a chance to put forward their case.

You can learn, I certainly have, how complex the issues faced by the council are and therefore can give a more informed view to the community council in your area. Hear first-hand from our partners who have an influence in, or have a bearing on the service provision to our communities. Example of this are, council officials, police and fire service, water and health boards, Calmac and many others. Again this is a great way to learn, understand more about their issues and how best we can work together to benefit our communities. A chance to resolve matters at a local level.

I feel the Chair and Vice-Chair should be from the community groups for various reasons. We have no party line to follow, can be a bit more relaxed and not trying to score points. It shows that communities care, care about their area, care about what happens, what direction the council are taking us and care enough to turn up and have our say.

This is a Community Planning Group and as such, communities should have an influence on it.

Andy Buntin, Chair of MAKI Area Community Planning Group

April 2018
This briefing relates to the meeting of the Community Planning Partnership (CPP) Management Committee on 13 March 2018, and its consideration of issues raised by Area Community Planning Group Chairs. The briefing is for noting and relevant discussion.

**Summary**

The CPP Management Committee met on the 13 March in Kilmory, Lochgilphead.

Area Community Planning Group chairs raised matters of concern within their local areas with the CPP Management Committee, and these matters were taken on board and actioned where relevant. A report outlined the main issues from the last set of Area Community Planning Group meetings.

Further information is available in the *meetings, minutes and agendas* section of: https://www.argyll-bute.gov.uk/council-and-government/community-planning-partnership

**Matters Raised by Area Community Planning Group Chairs**

**BUTE AND COWAL**

**Issue:** Recognise the excellent window which the Wild About Argyll campaign provides for Argyll and Bute as a visitor destination and agree to promote the campaign video extensively across all partners and areas.

**Response:** This was agreed and noted. Further to this Pippa Milne, Outcome 2 Lead (Infrastructure) stated that the Environment, Development and Infrastructure meeting had recognised the success of the Wild About Argyll campaign.

**MID ARGYLL, KINTYRE AND THE ISLANDS**

**Issue:** CPG in regards the condition of the A83 and raise these at the highest level with strategic partners.
**Response:** Cleland Sneddon, Chief Executive of the council, said there was a need for a working group on integrated transport strategy with the Scottish Government. A second letter has been sent to Humza Yousaf, Scottish Government Minister for Transport and the Islands.

**OBAN, LORN AND THE ISLES**

**Issue:** Support was requested in regards of road closures in OLI and the need for clear and accurate communication with the community was raised.

**Response:** Jim McNeil, Local Senior Officer with Scottish Fire and Rescue Service, agreed to task a senior officer to look at bringing appropriate people together (from Police, Fire and Ambulance) to find a solution to the communication issue of road closures and identify any simplification within road closure procedures.

**HELENSBURGH AND LOMOND**

**Issue:** Lack of information to the Group about an update on the Out of Hours services at the Vale of Leven Hospital.

**Response:** Robin Creed, NHS Highland, will provide an update with the position of the Out of Hours service at the Vale of Leven Hospital to the chair for the Area Community Planning Group.

**Issue:** Arrochar Development Trust and community are looking for a commitment to assist with their community-led plans

**Response:** The council’s Community Development team are engaged with the community on their community-led action plans and support will be given where possible. HIE offered the potential to support with their role in supporting Development Trusts.

**Concluding Point for Action**

Communicating Community Planning is a priority for the Partnership and we welcome issues raised at Area Community Planning Groups, where these cannot be resolved locally, to be highlighted to the Argyll and Bute Management Committee meetings.

**For further information please contact:** Rona Gold, Community Planning Manager, rona.gold@argyll-bute.co.uk. 01436 658 862
Mid Argyll, Kintyre and the Islands Area Community Planning Group

Timetable for Area Community Planning Action Plan items 2nd May 2018

Background

The Mid Argyll, Kintyre and the Islands Area Community Planning Action Plan was signed off in February 2018 and work has been ongoing to determine how the actions will be progressed and presented to the Area Community Planning Group. This report presents a timetable for these items.

Recommendation

The Area Community Planning Group is asked to agree the timetable for those items listed and note that those currently not scheduled into an upcoming meeting will be when an appropriate timescale has been agreed with those involved in the action.

Detail

Table 1 – an overview of the proposed timetable within upcoming meetings.
Table 2 - more detail on the action.
Table 3 – those to be defined and scheduled into meetings.

SECTION ONE: FOREWORD AND INTRODUCTION

Councillor Yvonne McNeilly, Policy Lead for Education and Lifelong Learning

I am delighted to provide you with the first Annual Education Plan for our schools and services in Education in Argyll and Bute for 2017/2018. This plan has been prepared in response to the requirements of the Standards in Scotland’s Schools etc. Act 2000 which brings new statutory duties for the Local Authority into force.

Our plan draws together a range of information of the work of the Education Service for pupils, staff, parents and carers and our communities. It is aimed at ensuring that all of our children and young people are provided with the best possible educational experience and are fully supported to achieve their full potential.

I am pleased that this new annual plan helps us to recognise and celebrate a wide range of the work of the Service, to celebrate both our young people and our staff. We have a great deal to be proud of in Argyll and Bute and this plan illustrates a number of the successes and achievements of our children and young people, of our staff, as well as those of our schools and services. It is right to be proud of these achievements, but equally important to acknowledge that further improvements are still needed. Improvements which are being taken forward by the Service as part of our ambitious change programme. A programme which is aimed at responding to a period of significant National change, challenge and development for Scottish Education.

This plan sends an important message about the importance that Argyll and Bute Council places on the delivery of Education. The new Education Vision and Strategy: Our Children, Their Future, published earlier this year contains six key objectives. We have continued their use in this plan as our key drivers for raising educational attainment and achievement for all children and young people in Argyll and Bute.

Finally, my thanks to all of our children, young people, staff, families and communities for their continuing support at this important time.

Kind regards,

Yvonne
Ann Marie Knowles, Acting Executive Director, Community Services

Our Vision is to ensure that together we will realise **ambition**, **excellence** and **equality** for all. For Education Services this means delivering services of the highest quality that inspire all learners, transform and improve learning experiences and strengthen our communities to continually improve our service for everyone who use them.

The preparation and publication of this Annual Plan prescribed under the new legal framework arising from the Standards in Scotland’s etc. Act. 2000, as revised in 2016 places an increased focus on improvement planning and, importantly, performance reporting for Education in Argyll and Bute, and the context for this new Annual plan takes full account of a number of significant National, Council and local expectations and developments.

Section 6 of the plan highlights the key objectives and actions to be addressed by the Service and by schools and establishments as an integral aspect of their improvement planning processes for session 2017/2018.

I hope you find the Annual Plan both informative and useful. The commitment of all of our staff who are part of Education Services enable us to continue to take forward our very high aspirations. Our continued focus is to ensure that we provide the best possible learning experiences for all of our children, young peoples and adults. Experiences which support and endorse our commitment to ambition, excellence and equality.

My sincere thanks to everyone for their contributions to the development of the Education Vision and Strategy, **Our Children, Their Future** and to the revision of Schools, Service and Establishment Improvement planning for session 2017/2018, essential features of this new Annual Education Plan.

A copy of this plan will now be sent to Scottish Ministers, as required within the legislation. Argyll and Bute welcomes this step, allowing us to develop and foster increasing and deeper knowledge of the successes and challenges facing Scottish Education, to engage with and share good practice and further our commitment to improving the lives of all children and young people in Argyll and Bute.

I would welcome any comments or suggestions you may have which will help Education Services make the most of the impact of the plan for our children, young people and communities.

Best wishes

Ann Marie

SECTION TWO: THE PURPOSE AND USE OF THE ANNUAL PLAN

The Education Services Annual Plan for 2017/2018 has been prepared in compliance with the statutory guidance set out within the “Standards in Scotland’s Schools etc. Act 2000”. Published by Scottish Government in March 2017. It brings together a range of information from each of the areas of the Education Service in Argyll and Bute, reaffirming our shared vision for Education Services of ambition, excellence and equality for all.

The plan is aimed at providing schools, services and staff with the necessary information to support them to:

- Make increasing use of the key objectives contained within the Education Vision and Strategy: “Our children, Their Future” when developing and implementing individual service, team and school improvement plans for session 2017/2018, and in doing so to ensure effective consultation with parents and carers, children and young people, staff, partners and communities is central to these processes;

- In doing so to have due regard to:
  I. Improving educational outcomes for children and young people from socio-economic disadvantage;
  II. Securing improvement in attainment, particularly in literacy and numeracy;
  III. Closing the attainment gap between the most and least disadvantaged children and young people in Argyll and Bute;
  IV. Improvement in the health and well-being of children and young people in Argyll and Bute, and
  V. Improvement in employability skills and sustained, positive school-leaver destinations for all young people in Argyll and Bute.

- Make effective use of this plan and the associated improvement framework to implement our shared key objectives through the delivery of effective learners journeys between classes, and stages of curriculum for excellence and between and across schools, establishments and with our education partners;

- Use the objectives and improvement priorities to support and engage in professional discussions with children and young people, parents and carers, staff, partners and communities aimed at improving outcomes for learners;

- Take steps to identify, celebrate and share effective practice across Education Services;

- Take effective action in ensuring that both school and service/team plans complement and re-inforce the work being taken forward both by schools and services to deliver improving outcomes for children and young people;

- Ensure the use of an increasing range of relevant and appropriate performance data to inform decision making and secure improvement for all children and young people, and
• Continue their effective use of the National Improvement Framework Drivers for Improvement.

SECTION THREE: THE NATIONAL AND LOCAL POLICY CONTEXT

This is a time of significant change for Education Services. The pace of change, the drive to improve services and the financial context combine to place increasing demands on the delivery of education. Despite these challenges, it is important that we remain ambitious to ensure the best outcomes for our children and young people.

3.1 The Standards in Scotland’s Schools etc. Act 2000 and the National Improvement Framework for Scottish Education

The 2017 document “The National Improvement Framework for Scottish Education: Achieving Excellence and Equity”, published in December 2016 set out four National Priorities for Education. They are:

• Improvement in attainment, particularly in literacy and numeracy;
• Closing the attainment gap between the most and least disadvantaged children;
• Improvement in children and young people’s health and well-being, and
• Improvement in employability skills and sustained, positive school-leaver destinations for all young people.

The improvement framework documentation notes further that:

“Everyone working in Scottish Education should be clear about how they can contribute to addressing these priorities. Local authority and school improvement plans should reflect these priorities and ensure the clear line of sight between local and national expectations. There may be further improvement priorities at school level based on local needs and self-evaluation.”

These four priorities are set in the context of seven “drivers for improvement” summarised in the following diagram:
In addition to the National Improvement Framework, statutory guidance issued following the changes to the Standard’s in Scotland’s Schools etc. Act 2000, stressed a number of other important elements which should be included within their annual improvement plan. These include a requirement for:

“Education Authorities, in carrying out their school education functions, must have due regard to the need to reduce inequalities of educational outcome experienced by pupils as a result of socio-economic disadvantage, where:

- An education authority is making a decision of a strategic nature about the carrying out of its functions relating to school education, and
- An education authority is considering what steps to take to implement such a decision”.

The Authority must also seek and have “due regard” to the views of the following groups in relation to the Authority’s strategic decisions and steps to take to implement such decisions:

a) The Head Teacher of such schools managed by the Authority as the Authority thinks appropriate;
b) Such pupils as the Authority thinks appropriate;
c) The parents of such pupils as the Authority thinks appropriate;
d) The representatives of a trade union which appears to the authority to be representative of the teaching staff at such schools managed by the Authority as the Authority thinks appropriate;
e) Such voluntary organisations as the Authority thinks appropriate, and
f) Any other persons the Authority thinks appropriate.

The National Outcomes for Scotland include:

- Our children have the best start in life and are ready to succeed;
- Young people are equipped through their education to become successful learners, confident individuals, effective contributors and responsible citizens;
• We have tackled the significant inequalities in Scottish society, and
• We have improved the life chances for children, young people and families at risk.

Further legislation and policy are in place which require to be taken account of when delivering Education Services. This includes:

• The Education Additional Support for Learning (Scotland) Acts 2004 and 2009;
• The Children and Young People (Scotland) Act;
• The Scottish Schools (Parental Involvement) Act 2006;
• Teaching Scotland’s Future: Report of a Review of Teacher Education (2010);
• Getting It Right For every Child;
• Curriculum for Excellence;
• The Scottish Attainment Challenge;
• The National Improvement Framework;
• Raising Attainment For All;
• A Blueprint for 2020: The Expansion of ELC in Scotland;
• The Early Years Framework, and
• Developing Scotland’s Young Workforce.

These are inarguably the driving forces behind the work of Education Services reflecting national strategies such as the National Improvement Framework for Scottish Education as well as local strategies for the delivery of services in Argyll and Bute.

3.2 KEY PRIORITIES OF ARGYLL AND BUTE COUNCIL: EDUCATION SERVICE

Our aspiration is to ensure that Argyll and Bute is the best place in Scotland for our children to grow up. Our vision is that together we will realise ambition, excellence and equality for all. Our vision sends a signal about the importance we attach to education, is simple in message and is recognised by everyone.

Our vision is being delivered for all our children and young people through the following 6 key objectives. To:

• Raise educational attainment and achievement for all;
• Use performance information to secure improvement for children and young people;
• Ensure children have the best start in life and are ready to succeed
• Equip young people to secure and sustain positive destinations and achieve success in life;
• Ensure high quality partnership working and community engagement, and
• Strengthen leadership at all levels.
Our strategy for realising this vision is best explained by showing how our six objectives link to each of the national drivers and improvement priorities.

SECTION FOUR: THE CONTEXT FOR THE ANNUAL EDUCATION PLAN

4.1 The Argyll and Bute Education Vision: Our Children, Their Future

Our aspiration is to ensure that Argyll and Bute is the best place in Scotland for our children to grow up. Our vision is that together we will realise **ambition, excellence** and **equality** for all. Our vision sends a signal about the importance we attach to education is simple in message and is recognised by everyone. This is best captured as:

![Ambition Excellence Equality](image)

The Education vision is underpinned by our values: **respect, openness** and **fairness**.

This vision is being delivered for all our children through the following 6 key objectives.

We will:

- Raise educational attainment and achievement for all;
- Use performance information to secure improvement for children and young people;
- Ensure children have the best start in life and are ready to succeed;
- Equip young people to secure and sustain positive destinations and achieve success in life;
- Ensure high quality partnership working and community engagement, and
- Strengthen leadership at all levels.

We acknowledge and value the involvement of all stakeholders in supporting the delivery of these key objectives. To date stakeholder engagement has been progressed in a variety of ways including:

- Initial consultation with a reference group;
- Committee papers to elected members;
- Education Service Team meetings;
- In-service session for teaching staff;
- Meetings with groups of children and young people at school and authority level;
- Parent Council meetings, and
- Community meetings and planning groups.

Further engagement will be achieved through improvement planning in schools,
establishments and services, ensuring our values are reflected in the work of all areas of the Service.

4.2 Our Children and Young People

Argyll and Bute, the second largest local authority by area covers approximately 9% of the total land area of Scotland. Argyll and Bute has the third sparsest population density (0.13 persons per hectare). The population of 87,660 (NRS 2014 MYE) is scattered across an area of just under 2,700 square miles. It is approximately 100 miles long from the Isle of Coll in the north to Southend in Kintyre, and 90 miles wide from Bridge of Orchy in the east to the Isle of Tiree in the west.

More than half of Argyll and Bute's population live in rural areas, as classified by the Scottish Government's Urban-Rural Classification (2013-2014). A further 32% per cent live in communities with populations between 3,000 and 10,000 people designated as small towns. Less than a fifth of the population live in an urban area with a population of over 10,000 people.

Argyll and Bute is an area of outstanding natural beauty with mountains, sea lochs, and 23 inhabited islands. The geography provides challenges for service delivery, particularly in communications and transport.

4.3 The Population and Demographic Profile of Argyll and Bute

The total population of Argyll and Bute is 88,166 based on the 2011 census. This compares to a total population for the area of 91,306 in the 2001 census, a reduction of 3.4%. We were one of only 4 Local Authority areas to show a decrease in population. Future population projections suggest a reduction in our total population of 7.2% from 2010 to 2035.

The change in population from 2001 to 2011 is different across the 4 areas of Argyll and Bute as shown below.

<table>
<thead>
<tr>
<th>Area</th>
<th>Change</th>
</tr>
</thead>
<tbody>
<tr>
<td>Helensburgh and Lomond</td>
<td>− 7.5%</td>
</tr>
<tr>
<td>Bute and Cowal</td>
<td>− 4.8%</td>
</tr>
<tr>
<td>Mid Argyll, Kintyre and Islay</td>
<td>− 3.6%</td>
</tr>
<tr>
<td>Oban, Lorn and the Isles</td>
<td>+ 4.3%</td>
</tr>
</tbody>
</table>

The decline in population experienced to date and that projected in the future presents a significant challenge to the overall viability of the area. This challenge is made more difficult by the variation in population changes over the areas within our Local Authority area.

In addition to the changes in total population, the demographic balance is also changing. The table below shows the change in population over age cohorts projected for 2010 and 2035 and also the changes in demographics between 2001 and 2011.
<table>
<thead>
<tr>

<td>- 14.4%</td>
</tr>
<tr>
<td>65 and over</td>
<td>+ 5%</td>
<td>+ 39.7%</td>
</tr>
</tbody>
</table>

More people living longer is a real success. However, demographic changes do create a number of challenges for us in Argyll and Bute. These challenges range from:

- Changes to service delivery requirements for Community Planning Partnership partners;
- The availability of people to join the overall workforce;
- A smaller pool of people creating wealth, and
- How to enhance the economic or community contribution made by people.

One in five of the population of Argyll and Bute (20.4%) is aged between 0 and 19 years (NRS 2011-based Mid-Year Estimates)

<table>

*Table 1: Argyll and Bute’s Population (NRS 2011-based Mid-Year Estimates)*

### 4.4 Multiple Deprivation in Argyll and Bute

The Scottish Index of Multiple Deprivation (SIMD) has been used to identify pockets of overall deprivation within Argyll and Bute. Based on the SIMD 2016, 10 out of the Council area’s 125 data zones were identified as being amongst the 15% most overall deprived data zones in Scotland. All of these data zones are located in the area’s towns. However, deprivation can, and does, occur elsewhere. Because the SIMD identifies concentrations of deprivation, smaller pockets and instances of individual deprivation are not picked up by the index.

The results for Argyll and Bute from the SIMD 2016 show

- 10 datazones in Argyll and Bute in the 15% most overall deprived datazones;
- 9 datazones are in the 15% most income deprived datazones;
- 10 datazones are in the 15% most employment deprived datazones;
- 7 datazones are in the 15% most health deprived datazones;
35,090 people live in the 47 datazones (37.6%) that are amongst the 15% most access deprived datazones, and
39 of Argyll and Bute’s datazones – more than 31% – are in the 1% most access deprived datazones.

Overall according to the SIMD 2016 data Argyll and Bute has had no change in deprivation since the 2012 SIMD was published. Patterns of deprivation vary by domain.

Argyll and Bute Council’s Vision ‘Realising our Potential Together’ is underpinned by 4 key values:

- We involve and listen to our customers and communities;
- We take pride in delivering best value services;
- We are open, honest, fair and inclusive, and
- We respect and value everyone.

Community Services is the largest of the Services within Argyll and Bute and accounts for approximately 56% of the total expenditure of the Council. The Council offices are located in Lochgilphead with three education offices based in Dunoon, Oban and Helensburgh.

Within Community Services, Education is statutorily, required as prescribed in the ‘Standards in Scotland’s Schools etc. Act 2000’ to provide school education for every child of school age to support the development of the personality, talents and mental and physical abilities of the child to his or her fullest potential.

4.5 Supporting all of our Children and Young People

The Education Service is currently responsible for:

- Seventy two primary schools;
- Four 3-18 schools;
- Five secondary schools;
- One joint campus;
- One school for pupils with complex additional needs, and
- Two Early Learning and Childcare Centres.

56% of Argyll and Bute primary schools have a FTE (full time equivalent) of 3 or less teachers covering the 5 to 12 age group.

All schools, with the exception of one very small primary school, have a Parent Council as anticipated and defined within the Scottish Schools (Parental Involvement) Act 2006.
**Pupil Roll in Argyll and Bute**

The total school pupil roll stands at 10,316 (December 2016 Census), comprising 5,789 primary pupils, 4,500 secondary pupils and 27 pupils in the school for pupils with complex additional needs. This compares with previous sessions, shown below:

<table>
<thead>
<tr>
<th>Session</th>
<th>Total Pupil Roll</th>
</tr>
</thead>
<tbody>
<tr>
<td>2015/16</td>
<td>10,445</td>
</tr>
<tr>
<td>2014/15</td>
<td>10,565</td>
</tr>
<tr>
<td>2013/14</td>
<td>10,675</td>
</tr>
</tbody>
</table>

Five years earlier this was 10,758 in 2011/12. In addition there are 1,742 pre-school children in two Council Nursery Centres, fifty one Early Learning and Childcare classes and three Early Learning and Childcare Gaelic classes.

**Early Learning and Childcare Provision**

767 children are catered for in twenty two voluntary, privately and independently managed Early Learning and Childcare establishments. 101 are receiving Early Learning and Childcare as a 2 year old under the Children and Young People Act criteria (70 with partner providers, 19 with local authority, 12 with childminders). Approximately 108 children share their Early Learning and Childcare hours across more than one nursery.

In 2016/17 our children and young people were supported in their learning by:

- 837.98 Full Time Equivalent (FTE) Teachers;
- 75.01 FTE Classroom Assistants;
- 179.85 FTE ASN Assistants;
- 14.29 FTE Pupil Support Assistants;
- 101.67 FTE Clerical Assistants;
- 30.02 FTE Technicians, and
- 94.14 FTE Childcare and Education Workers.

Early Learning and Childcare is also available within fifty four Services provided in schools. These fifty four Services are managed by Head Teachers. The largest services are supported by four Lead Childcare and Education Workers. The two stand-alone nurseries are managed by Heads of Centre, supported by a senior within each provision.

**Youth Services Provision**

Youth Services work with young people in schools and the wider learning community to improve their life chances through learning, personal development and active citizenship. Youth Services is made up of a FTE Youth Service’s Manager, 1 FTE Admin Officer, 9.5 FTE Community Learning and Development Youth Workers (including a Youth Participation Worker, Opportunities for All Worker and a Duke of Edinburgh’s Award Development Worker), and 4.4 FTE Youth Work Assistant’s posts. The team delivers a range of range of informal and curriculum based learning opportunities across Argyll and Bute.
Support for Children and Young People with Severe and Complex Needs
A range of provisions to support the needs of children and young people, identified as having severe and complex needs, as described in the Additional Support for Learning (ASL) Act are available across a number of schools within the Authority.

The majority of children and young people with additional support needs, including those with complex needs, access their education provision in their local pre-school centre or mainstream school. The Pupil Support Service and Educational Psychology Service provide advice, guidance and training to staff on meeting additional support needs in mainstream settings, as well as offering guidance on the implementation of effective universal early intervention approaches. In addition, these services work along with others, following the Getting it Right for Every Child (GIRFEC) practice model, to provide direct support to pupils and families, as required.

Autism Strategy
In 2014, it was agreed that developing an Argyll and Bute wide Autism Strategy would be the best way to establish a more coordinated approach and make best use of resources to support people with autism. The Argyll and Bute Autism Strategy is built around consultation with local people with autism and their carers, and in line with the priorities set out in the Scottish Strategy for Autism. Our vision for supporting people with autism in Argyll and Bute is:

“All people with autism are respected and accepted for who they are, are valued for what they contribute to our communities, and are able to live the life they choose.”

We fully recognise the valuable role that people with autism play in our communities in Argyll and Bute. We believe that people with autism should be treated with dignity and respect, and receive the support they require to continue to live full lives in their community. We believe that everyone is unique and entitled to a fulfilling life.

Delivery of the priorities set out in the strategy developed in 2014 are being led and coordinated by the Argyll and Bute Health and Social Care Partnership (ABHSCP), alongside third and independent sector organisations.

Gaelic Medium Education
The Gaelic Language (Scotland) Act 2005 (the Act), passed by the Scottish Parliament, seeks to secure the status of Gaelic as an official language of Scotland commanding equal respect to the English language. As such, the National Plan has legal status and is more than a list of corporate priorities. The Act requires a revised Plan to be submitted every five years.

The Plan includes proposals for the promotion of strategies for increasing the number able to speak Gaelic, encouraging its use and facilitating access to Gaelic language and culture. It includes priorities that other bodies and authorities should have regard to in respect of Gaelic matters and the preparation of Gaelic Language Plans.
The Gaelic Specific grant funding is allocated to local authorities directly from the Scottish Government and requires to be applied for on an annual basis. The main purpose of the grant is to assist in meeting the targets as set by Bòrd na Gàidhlig’s National Gaelic Language Plan and Argyll and Bute’s Gaelic Language Plan, which was approved by Bòrd na Gàidhlig in April 2014 and is valid until 2018. Bòrd na Gàidhlig have assessed Argyll and Bute’s progress in meeting the targets within our plan as ‘moderate’. The Gaelic gathering and Gaelic education were commended.

Gaelic Medium Education is available in six pre-school and primary establishments at Bowmore, Rockfield, Salen, Sandbank, Strath of Appin and Tiree with continuity and progression of language skills in the five associated secondary establishments. Five secondary schools provide Gaelic Education for fluent speakers with four also providing Gaelic Learner Education. In August 2017 further primary GME provision will be offered in Bunessan, Ross of Mull and in 2018 further pre-school provision will be offered in Sandbank, Dunoon.

4.6 Resourcing Our Plan: The Education Budget

The budget for Community Services, Education is £71,722,957 as per Service Outcome.

<table>

Further funding has been provided by Scottish Attainment Challenge Funding and Pupil Equity Funding (PEF) and further detail on the allocation and use of this specific funding can be found in Section 6.3 of the plan.
SECTION FIVE: CONTINUITY AND PROGRESSION WITH PREVIOUS PLANS

The preparation of the Annual Plan takes full account of the range of previous plans used by Education Services to inform our annual objectives and associated improvement priorities. In addition to the review and assessment of formal plans information from a range of other important reports and publications have been used to formulate this plan. These include:

- The Education Services Plan for 2016/2017;
- The Standards and Quality report published December 2016;
- School Improvement Plans;
- The Educational Psychological Services Plan;
- A range of Education performance reports presented for approval by Community Services Committee during 2015 – 2017;
- Education Scotland’s report on the Strategic Inspection of the Education Functions of Argyll and Bute Council, 23 March 2017;
- Early Learning and Childcare 1140 Hours Delivery Plan, and
- Early Years Service Priorities 2016 – 17.

Having taken due regard of the information contained within each of these important publications this Annual Plan draws together a range of information on the performance of Education Services. The consistent review and analysis of a wide range of performance information allows us to deliver services effectively, demonstrating continual improvement in outcomes for children and young people. We use this performance information to intervene to secure improvement for both individual children and groups.

5.1 Analysis of Performance Information

A broad range of relevant and appropriate quality and performance information is available at both service and school levels. This is evaluated and refined routinely to meet expectations at National, Council and Service levels. A range of quantitative and qualitative measures are included within Pyramid. On a quarterly basis, this information is reported to EMT and DMT, as well as one to one discussions with the Head of Service, Executive Director and Chief Executive.

Regular progress reports are submitted to Community Services Committee and the Performance and Scrutiny Review Committee. This allows consideration of performance within and across outcomes in key areas linked to the SOA. In addition, performance information routinely used to support improvement includes:

- Early Years Developmental milestones data;
- Baseline reading assessment at P1;
- CfE levels at P1, P4, P7 and S3;
- Suffolk Reading test analysis at P4 and P7;
- A range of attainment data from INSIGHT;
- SQA Analysis;
- Achievement information including Duke of Edinburgh and Saltire Awards;
- School Leaver Destinations;
• A range of SEEMIS information including key information pertaining to vulnerable groups;
• Analysis of scrutiny information;
• Child's Plan audits and analysis;
• Autism Strategy Plan;
• Audit of Child Protection information;
• School visit feedback;
• PRISM (CLD Management Information System);
• Internal Audits;
• Consultation on policy and guidance;
• Complaints analysis;
• Attendance rates;
• Absence rates, and
• Exclusions from school.

Outcomes for Pupils
Pupil Attainment in External Examinations

The following table illustrates the overall authority performance in the National Qualifications Framework in sessions 2014/15 and 2015/16. A full analysis of the examination results for individual schools within the authority is available within the published committee reports on the council website.

Examination results for session 2016/17, due to be published in August 2017 were not available at the time of preparation of this plan.

Table 1: presents the overall performance of Argyll and Bute across all course levels.

2015/2016 Summary:

Overall, the results for pupils across National 4 are higher than the national average and demonstrate an increasing trend. The results for pupils across National 5 are below the national average. However, there was an improvement in the Higher results of 1.09% for Argyll and Bute schools when compared with their 2014/15
results. Advanced Higher results were higher than the national average in 2015 however decreased in 2016.

It is important to note that % pass rate data needs to be interpreted very carefully as schools tend to have presentation policies that are designed to encourage pupils to achieve success at the highest level of qualification that they can. For some pupils this may mean that they receive a D grade which is an award. It is also the policy in Argyll and Bute, as with other local authorities, that pupils and parents are given a strong voice when it comes to deciding to continue with a course or whether to sit an external exam. Some pupils are supported to attempt a level that they may find challenging to pass as it may be their last opportunity to do so. For example in S6. Schools will again offer these pupils the opportunity to sit the exam to improve their positive destination chances e.g. access to Higher or Further Education.

**Key Dashboard Measures from Insight**

Secondary schools are increasingly presenting this type of data at their annual meetings with elected members as part of their Performance Reports. The data presented here is a sample covering some of the main measures in the benchmarking tool:

- Literacy and Numeracy;
- Improving attainment for all, and
- Attainment versus Deprivation.

School leaders, teachers and education officers analyse the attainment in these areas for particular groups or cohorts including Looked After Children (LAC), gender, additional support needs and SIMD level for improvement. Insight also shows which subject departments are producing very good or outstanding results allowing good practice to be identified and shared. Similarly, departments that are performing less well are identified and support is put in place to secure improvement.
Literacy and numeracy (for S6 pupils based on the S4 roll)

Level 4 Literacy: despite maintaining the positive level of performance trend in Argyll and Bute, the performance of Argyll and Bute pupils in 2016 remained below the virtual comparator. This is an area for continuing improvement within the authority.

Level 5 Literacy: the data demonstrates improvement in 2016 for Level 5 literacy and numeracy. This is broadly in line with performance improvement by the virtual comparator.

Table illustrates both the annual percentage and number of pupils in each cohort achieving level 4 or level 5 literacy and numeracy in Sessions 2014 - 2016.

Improving attainment for all (S6 pupils based on the S4 roll)

The data above illustrates the **total tariff points** achieved by pupils in each of three attainment groups in 2016.

The following table provides information on total tariff points for pupils across the three years from 2014 – 2016. This is important performance information is reviewed by both the service and schools on a regular basis to inform decisions on improving outcomes for learners.

<table>
<thead>

As reference 5 grade A’s at Higher is 1020 points compared with 5 grade C’s which is 800 points, 6 grade A’s at National 5 is 504 points, 4 units at National 4 and 2 units at National 5 is 154 points. It is important to note that schools offer some course options that do not attract tariff points but positively impact on life chances for example Duke of Edinburgh Award.
Attainment versus deprivation (S6 pupils based on the S4 roll)

The 2016 data in the graph above shows the average complementary tariff points achieved by pupils in each of the 10 Scottish index of multiple deprivation (SIMD) cohorts in Argyll and Bute compared with the national data. Overall there are no significant differences in the data apart from SIMD 4.

Below the Argyll and Bute figure is shown alongside the virtual comparator. Insight commentary does not pick out any statistically significant gaps although SIMD 2, 4, 6 and 8 are slightly lower than the VC.

The 2016 data in the graph below shows the average total tariff points achieved by
pupils in each of the 10 Scottish index of multiple deprivation (SIMD) cohorts in Argyll and Bute compared with the national data. In SIMD 2, 4 and 8 performance is lower than the national data.

Argyll and Bute Council works closely with key partner agencies, including Skills Development Scotland (SDS). Each secondary school has attached SDS member(s) of staff to support the delivery of careers information, advice and guidance predominately to senior phase pupils, although early intervention is available for pupils at risk of moving into a negative destination post school.

The Scottish Government have been working with Skills Development Scotland and key partners involved in Opportunities for All to develop a Participation Measure that provides a more comprehensive and detailed understanding of the activities young people are taking part in between 16 and 19 years of age. The Participation Measure is the primary means of monitoring the impact of the Opportunities for All pledge which aims to ensure all young people are supported in their path to sustainable employment.

Traditionally there has only been detailed information published concerning the destinations of school leavers – the School Leaver Destination Return (SLDR) – this group accounts for only a quarter of the 16-19 year old population. The Participation Measure shows the proportion of 16-19 year olds participating in education, training or employment, including those who are in the senior phase of their secondary education.

The Participation Measure for the period 1st April 2015 to 31st March 2016 for Scotland was published on 31st August. The Argyll and Bute Participation Measure showed 94.2% of our young people engaged in education, employment or training against the Scottish average of 90.4%. The Argyll and Bute data shows a
participation rate of 94.2% (3,429) from a cohort of 3,642 young people; 3.1% (113) not participating and 2.7% (100) unconfirmed.

This can be compared to the Scottish figures of 90.4% participating, 4.0% not participating and 5.6% unconfirmed. Argyll and Bute is one of 18 local authorities to report a higher rate than the national figure and we are currently in fifth position behind Western Isles, Shetland, East Renfrewshire and East Dunbartonshire.

Skills for Work and Wider Achievement Partnership Awards

Skills for Work (S4W) courses focus on the skills and knowledge required within a broad vocational area and provide an understanding of the workplace. These SQA accredited courses offer opportunities for learners to acquire employability skills through a variety of practical experiences that are linked to a particular vocational area such as Automotive Engineering, Construction, Engineering, Health & Social Care, Hospitality, Rural and Maritime. For session 16/17 we introduced the Foundation Apprenticeship award in Engineering to reflect local labour market opportunities available in Cowal.

In the 2016/17 academic session, there were 31 different skills for work courses delivered in partnership with Argyll College UHI, West College Scotland, local employers and local secondary schools. There were 65 classes on offer across the 10 secondary schools allowing a total of 501 young people to participate. The majority of classes (58) were delivered by Argyll College UHI with 5 delivered by the school/employer model and 3 through West College Scotland.

A further 2,137 pupils across S1 to S6 accessed 120 different wider achievement qualifications through courses such as Duke of Edinburgh Award, John Muir Award, Sports Leader Awards. All of these courses provide young people with an opportunity to spend time in a different learning environment, meet new people and face new challenges.

A total of 2,638 young people enhanced their curriculum through accessing these wider achievement partnership awards during session 2016/17. Young people further developed their skills for learning, life and work supporting their progress into positive and sustained destinations after leaving school.

### 5.2 Inspection and Scrutiny Outcomes

**Strategic Inspection of the Education Functions of the Council**

An evaluation of the effectiveness of the Education functions of the Council was conducted by Education Scotland in September 2016. The inspection was based on a framework of quality indicators (published in Quality Management in Education 2), which embody the Government's policy on Best Value. The framework is based on six high level questions which can be answered by evaluating the quality of education across ten key areas.

The inspection set out to answer the following questions:
• What key outcomes has the education authority achieved?
• How well are the needs of stakeholders being met?
• How well does the Education Authority deliver and improve the quality of its education services?
• How good is the quality of strategic leadership and direction?, and
• What is the Education Authority’s capacity for improvement?

A number of selected updated quality indicators were evaluated against the six-point scale. As a core part of the inspection the Authority submitted their self-evaluation against these five quality indicators.

The following table illustrates the evaluations made by the Authority, compared with the Education Scotland evaluations.

<table>

</tr>
</tbody>
</table>

Education Scotland published its Report on 21 March 2017. The main findings of the inspection included an assessment of the key strengths and main points for action for the Authority arising from the inspection. The key strengths are identified as:

• The proportion of young people who move on from school to a positive destination;
• The contributions of the Early Years Team and the Educational Psychology Service in delivering a strong foundation and support for children’s learning, and
• The positive and wide range of partnerships which help staff to meet learners’ needs, particularly those of MOD families and refugees.

The published report also confirms a range of good or effective practice across areas of the Education Service including:

• The achievement of children and young people across Argyll and Bute reflects a broad range of national awards and award bearing wider achievement qualifications;
• Over 1500 young people last session achieved across a broad range of awards including the Duke of Edinburgh’s Award, John Muir, Saltire and Youth Achievement Awards;
• In almost all early learning and childcare (ELC) settings, most children achieve their expected developmental milestones;
• The number of young people securing a positive destination on leaving school has increased over the period 2011-2016;
• Argyll and Bute has implemented all aspects of the Getting it Right for Every Child (GIRFEC) practice model and is continuing to develop and improve it. The Education Service plays a key role on leading the development of GIRFEC across Argyll and Bute and through its contribution to the national Well-Being Application working group;
• A significant amount of work has been carried out to support Looked After Children;
• There are good examples of the Early Years Strategy policy being embedded in practice;
• Important changes have been made across the Education Service to engage head teachers and senior staff in improvement activities. This includes the Secondary Performance Reporting group (now called the Achievement and Attainment Group), and
• A number of internal forums and working groups have been set up to support the implementation of Curriculum for Excellence.

The main points for action identified a need for the Authority to:

• Significantly improve young people’s attainment across the authority;
• Improve the use of data, ensuring greater rigour;
• Continue to improve the quality of educational provision with consistently higher levels of support and challenge from central officers and elected members;
• Improve relationships and communication, promoting a more positive ethos amongst all stakeholders; and
• Improve the quality of strategic leadership and direction at all levels within the Education Authority.

The priority for the Education Service will be to retain our focus on delivering high quality services that improve outcomes for all of our children and young people. The Education Vision and Strategy: “Our Children, Their Future” is a key part of this. We note and welcome that the main points for action recommended in the Education Scotland report is in line with the aims of the new Education Vision and Strategy.

Since the inspection visit in September 2016 a number of improvements actions have been taken forward by Education Services through a detailed action plan. These include:

• The significant work of the Service in preparing and publishing the revised Education Vision and Strategy: Our Children, Their Future, with a clear focus on ambition, excellence and equality reflecting local and national priorities;
• A conclusion of the “tackling bureaucracy workload review” undertaken by Education Scotland in August 2016 identified the “Impact of assessment and moderation facilitators” as a key strength of the Authority;
The role of centrally employed officers has been revised to provide increased support for schools and early years settings. This includes advice in curriculum areas such as literacy, numeracy and science, technology, engineering and mathematics (STEM);

The appointment of two additional Principal Teachers, to support the development and improvement of Literacy and Numeracy of pupils across all schools in the Authority;

A Head Teacher Advisory Group has been introduced with the main purpose of improving communication and engagement between schools and the Authority;

Further improvements have been made to communication with schools and services through the publication of regular education bulletins;

Curriculum guidance materials have been updated and made accessible to all staff through the Sharing Argyll Learning (SAL) site. These are designed to support staff in taking forward learning and teaching;

A new approach to reviewing school examination results was introduced in September 2016. This is focused on increasing the use data to improve outcomes for learners;

Following feedback from ELC practitioners, the Argyll and Bute Learning and Development Framework was issued to all ELC settings and childminders in Argyll and Bute. Locality based twilight training sessions delivered between March and June supported implementation;

Improvement planning materials for use by schools in session 17/18 were revised in consultation with Head Teachers, and

Further development of collaborative working arrangements with other Local Authorities which focus on improvement and sharing of practice to support the raising of standards across services and schools.

In June 2017 a return visit was made by Education Scotland to assess the progress of the Authority in responding to the improvement priorities arising from the inspection report. They met with a variety of stakeholders reflecting on the following 3 questions:

1. What actions have Argyll and Bute Council taken to address the main points for action outlined in the Strategic Inspection Report of the Education Functions of the Council published on 21 March 2017?
2. What steps has Argyll and Bute Council taken to improve strategic leadership and direction across the education functions of the Council?
3. What progress has Argyll and Bute Council made in improving the levels of communication, support and challenge to its schools?

A letter will be provided by Education Scotland in August 2017 detailing their findings from this visit.

Education Scotland will conduct a further inspection in September 2017 to evaluate improvement against the main points for action detailed in the Inspection Report published in March 2017.
Further details of strategic interventions being undertaken by Education for 2017/2018 to improve outcomes for children and young people in Argyll and Bute are contained in Section 6 of the plan.

School Inspection Outcomes

Within schools in Argyll and Bute there is strong commitment from our leadership teams and staff to improve outcomes for all children and young people and in ensuring that all of our children and young people are experiencing consistently high-quality learning experiences.

From January 2017 onwards, evidence from 5 school inspections following the revised Education Scotland Inspection Model indicated that:

- the majority of schools (60%) were evaluated as satisfactory or better and less than half (40%) were evaluated as weak for Leadership of Change (QI 1.3);
- all schools (100%) were evaluated as satisfactory or better and less than half of schools (40%) were evaluated as good or better for Learning, Teaching and Assessment (QI 2.3);
- all schools (100%) were evaluated as satisfactory or better and the majority (60%) of schools were evaluated as good or better for Ensuring Wellbeing, Equality and Inclusion (QI 3.1);
- all schools (100%) were evaluated as satisfactory or better and less than half of schools (40%) were evaluated as good or better for Raising Attainment and Achievement (QI 3.2), and
- all (100%) ELC settings inspected by Education Scotland were evaluated as satisfactory or better. This included 4 nursery classes within school settings and one partner provider.

From August 2013 - June 2016, evidence from 16 school inspections indicated that:

- all schools (100%) were evaluated as satisfactory or better and most schools (75%) were evaluated as good or better for Learners’ Experiences (QI 2.1);
- almost all schools (94%) were evaluated as satisfactory or better, and a majority of schools (56%) were evaluated as good or better for Improvements in Performance (QI 1.1);
- almost all schools (94%) were evaluated as satisfactory or better, and a majority of schools (63%) were evaluated as good or better for Meeting Learning Needs (QI 5.3);
- the majority of schools (69%) were evaluated as satisfactory or better and less than half of schools (44%) were evaluated as good or better for the Curriculum (QI 5.1);
- most schools (88%) were evaluated as satisfactory or better and less than half of schools (25%) were evaluated as good or better for Improvement through Self-evaluation (QI 5.9), and
• Most (87%) ELC settings inspected by Education Scotland were evaluated as satisfactory or better. This included 10 nursery classes within school settings and 5 partner providers.

5.3 Reducing Inequalities in Educational Outcomes as a Result of Socio-economic Disadvantage

A key driver of the National Improvement Framework is to reduce inequalities in educational outcomes as a result of socio-economic disadvantage. Education Services, in responding to National expectations have taken a number of steps to respond to this requirement. The Education Vision and Strategy “Our Children, Their Future” places the needs of all children and young people at the heart of our vision. Together we will realise ambition, excellence and equality for all. Our vision sends a signal about the importance we attach to education.

Notably the recent Education Scotland Inspection Report highlighted the following service approaches which make an effective contribution to this important area of National policy:

• Argyll and Bute Council has implemented all aspects of the GIRFEC national practice model and is continuing to develop and improve it. At school and council-wide level there are well-developed and embedded systems for supporting children and young people. GIRFEC approaches are understood and there are positive examples of effective practice outlined in the Care Inspectorate Services for Children and Young People Inspection Report September 2013.

• Opportunities for staff continue to develop their own professional skills are readily accessible on the council website. Staff working in the ELC sector values the access which they have to e-learning. These opportunities are also impacting positively on the confidence of primary school staff to deliver the national practice model for GIRFEC and in improving their planning for the individual child and young person. The Education Service plays a key role in leading the development of GIRFEC across Argyll and Bute and through its contribution to the national Well-Being Application working group. Staff and young people have also worked well with partners, including health agencies and Choose Life, to develop guidance to support young people at risk of suicide and self-harm.

• Current arrangements for allocating Additional Support Needs (ASN) staffing and resources have been drawn up following considerable consultation with various stakeholders, including the ASN Review Group which includes Head Teachers, ASN specialists and teaching (and other) unions. The role of the area principal teacher of ASN in allocating resources to support ASN in schools is leading to greater fairness and equity.

Outcomes for Children and Young People who are Looked After

Community Services: Education has developed a range of effective measures to
support the educational needs of looked after children in schools. In line with legislation, support to looked after children is needs based, through appropriate assessment being carried out with evidence based interventions then implemented. The GIRFEC practice model is the principal vehicle to assess needs and devise appropriate outcomes. There are procedures in place to ensure that looked after children have:

- An identified named person;
- A designated senior manager with whole school responsibility for looked after children;
- Screening using the Wellbeing indicators to identify whether the child or young person has additional support needs;
- Procedures in place to ensure that the individual educational needs will be known to their respective teachers;
- A support plan or Child’s Plan, if required, with appropriate educational outcomes;
- Regular progress reviews with support plans updated accordingly, and
- Their looked after status recorded appropriately in SEEMIS.

Children and young people who are looked after are at an increased risk of experiencing mental health difficulties. The sustained focus on increasing the awareness and skills of staff and young people themselves, to ensure early intervention aimed at enhancing the mental health and wellbeing of all our children and young people, will have a particular impact on those who are, or have been, looked after.

**Attainment of Looked After Young People at the secondary school stage**

**S4 pupils - performance in Literacy and Numeracy for the last three years**

At SCQF level 4 the performance of Looked after at home pupils in Argyll and Bute was close to the national average in 2014 and 2015 and significantly higher in 2016. Looked after away from home pupils performed much better in 2014 than those at home but then fell below the national average in 2015 and well below in 2016.

At SCQF Level 5 the performance of looked after at home pupils in Argyll and Bute was much higher than the national average in 2016 but a little lower than the virtual comparator. In 2016 the performance of looked after away from home pupils was much lower than those looked after at home and below the national average.

**S5 pupils - performance in Literacy and Numeracy for the last three years**

At level 4 and 5 over the last three years the performance of pupils in Argyll and Bute for both looked after away from home and at home has declined and was lower than the national average and significantly lower than virtual comparator at SCQF in 2016.

**IMPORTANT NOTE 1:** It is very important to note the very small numbers of pupils as this can lead to large fluctuations in percentage figures.

**IMPORTANT NOTE 2:** When they looked after filters are used within the insight tool
the virtual comparator is not one of the variables that determine pupil selection so the pupils who are looked after in Argyll and Bute are not being compared with other looked after children across Scotland in the VC data.

**General Educational Attainment June 2015 for looked after leavers**

Overall the performance of pupils looked after away from home in Argyll and Bute is significantly lower than the pupils who are looked after at home whose performance is broadly in line with the virtual comparator.

The only comparator data is age, gender, ASN and SIMD rank. Therefore it is much fairer to look at the national data as this is only composed of pupils who are looked after and therefore does offer a like for like comparison.

Positive Destinations for Looked After Children

The Education Service endorses the principles of the Care Leavers Covenant and is committed to working for real change in the lives of care experienced young people to improve their support, opportunities and outcomes.

Argyll and Bute Council offers all S4 – S6 Looked After and Accommodated Children (LAAC) the opportunity to gain that first taste of employment through a summer internship placement with the Council. The LAAC young people attend the summer placement for four days a week over a five week period and completed an identified project on behalf of a council department. During the placement the young person is paid the national minimum wage.

Our Looked after Young People in Argyll and Bute leaving school are increasingly entering positive destinations from their 2014 outcomes (education, employment or training). In 2014, 68.4% (cohort 19) of looked after young people who left school entered a positive destination. In 2015 the figure was 88.24% (cohort 17). In 2016 the figure was 76.47% (cohort 17).

In August of each year, Education Officers have initial discussions with senior leadership teams in secondary schools regarding the outcome of the most recent certificate examinations. The SQA results for looked after children is a specific item on the agenda for this discussion, to be considered alongside their other achievements and the individual narrative for each young person.

Attendance, Absence and Exclusions

Primary
Overall attendance for primary aged pupils in Argyll and Bute and nationally is increasing slightly. The average total absence from school for all primary age children is 4.48% and for looked after children are 4.92%. No primary age looked after children were excluded from an Argyll and Bute primary school last session.

Secondary
The average total absence from school for all secondary age children is 8.20% and for looked after children are 14.52%. Further analysis demonstrates that this average figure is inflated by a smaller number of young people who have a significant difficulty with school attendance. Exclusions openings account for 0.07% of the absences for looked after children, with the overall secondary school population figure for exclusion being 0.04%. There requires to be a continued focus on ensuring children and young people at the secondary stage are meaningfully engaged with the life of the school and sustain positive attendance.
For the past two full school sessions looked after pupils account for between 9-10% of the total number of pupils excluded. The cohort of 202 looked after pupils in session 2015-2016 forms just 2% of the overall school population of 10,445.

For looked after pupils the number of days absent due to exclusion reduced by over 40% from session 2014-2015 to 2015-2016. This compares to a 33% reduction for the whole school population. The number of looked after pupils being excluded reduced by 21% compared to a 30% reduction for the whole school population.

There is a downward trend for all pupils over the past two full school sessions with Exclusion Incidents per 1000 pupils reducing from 20.53 to 15.08 in session 2015-2016. This is below the national average which was reported as 27.2 in session 2014-2015.

Achievement
The achievement of children and young people across Argyll and Bute Council reflects a broad range of national and award bearing wider achievement qualifications. Schools have worked well to develop a wide range of learning pathways for young people which enables them to achieve a broad range of skills. Over two thousand young people enhanced their achievement portfolio last session and this has contributed well to securing positive, sustained destinations for young people when they leave school.

The Council has secured a number of key partners to enhance the achievement of young people across all four administrative areas. There are strong examples of young people accessing courses to meet specific local needs, for example Maritime Skills. A large number of Skills for Work qualifications are available across the authority in key skills which have the potential to grow the local economy and enhance services, for example, in early education and childcare, hospitality, engineering and rural skills.

The 2015/2016 Council Standards and Quality report documents clearly the range of wider achievement courses and awards gained by young people. Over 1500 young people last session achieved across a broad range of awards including the Duke of Edinburgh’s Award, John Muir, Saltire and Youth Achievement Awards. This is helping them to extend their personal achievements and to enhance their skills for learning, life and work. Schools are regular, successful contributors to the National Mod. The Council’s Modern Apprenticeship programme has provided 23 young people with relevant placements and a few schools have been successful in offering senior phase learners Foundation Apprenticeships in both engineering and health and social care.

Education Digital Learning modern apprentice Steven Simpson completed his HND this session ahead of schedule and for the second year has been nominated as Apprentice of the Year. Steven has secured a permanent post as a Desktop Technician with the council IT service and will be undertaking a graduate level apprenticeship as part of this post.
The Early Years team carried out ‘Learning and Development’ self-evaluation visits to 65% of ELC settings between January and June 2016. Managers, head teachers and ELC teams welcomed these visits, leading to positive impact within each setting’s self-evaluation and the process being taken forward during session 2016-17. 97% of ELC settings in Argyll and Bute submitted their data on developmental milestone progress to the Early Years Service by the end of June 2016. This enabled data to be shared with receiving schools and also showed that 74% of children had achieved their expected developmental milestones by the time they started Primary One in August 2016. Four members of the Early Years Team were accepted to participate in the ‘Improvement Science in Action’ programme delivered by the Scottish Government’s ‘Children and Young People Improvement Collaborative’. This is a year-long programme which has supported practitioners to develop their skills in using the Model for Improvement within their work. The Early Years team have been applying their new skills to an early literacy project – to ensure all children entering their last year of ELC know at least 3 nursery rhymes. Following a consultation with parents and carers, three Local Authority pre5 units provided flexible ELC during term time in addition to Commissioned Providers of Day-care of Children and Partner Childminders throughout session 2015-16. The Service will continue to develop the quality, accessibility and flexibility of provision in preparation for 1140 hours of funded ELC in Argyll and Bute by 2020.

Wellbeing Application (WBA) training started in earnest on 8th May and continued to 20th June on various dates. Training was held in 9 different locations including Mull, Bute, Islay and Tiree. During this time 89 staff members with responsibility either as a Named Person or a Named Person Support were trained on the WBA. An overview training session was provided to the central team before the end of the 2016-2017 session.

Further training is planned for 2017-2018 session with 3 dates in August having been agreed and a refresher training date set for Campbeltown in November. A total of 27 primary schools still need to have a member of staff trained on the Wellbeing Application, although some of these are shared headships. Most secondary schools have trained the majority of their guidance staff with all secondary schools having at least 1 member of staff being trained.

Continued training opportunities will be arranged for the GIRFEC Advisors throughout session 2017/2018.
SECTION SIX: THE NATIONAL IMPROVEMENT FRAMEWORK

In response to the drive to deliver excellence and equity for every child in education in Scotland and to deliver the four national priorities, the Scottish Government provided support to schools and local authorities through the Scottish Attainment Challenge Funding (SACF) and Pupil Equity Funding (PEF).

6.1 Scottish Attainment Challenge Funding

The First Minister launched the Scottish Attainment Challenge in February 2015 to prioritise improving outcomes for children and young people, with a specific focus on raising attainment and closing the poverty gap. The Attainment Challenge is underpinned by the National Improvement Framework, Curriculum for Excellence and Getting it Right for Every Child. Argyll and Bute Council was not identified as a Challenge Authority through the Scottish Attainment Challenge initiative and did not benefit from additional funding. However one of our schools, Rosneath Primary School, was identified through the Scottish Attainment Scotland Fund Schools Programme to receive targeted support to close the poverty related attainment gap and received funding of £19,500 in Session 2015/2016 and £19,944 in Session 2016/2017.

All targeted pupils reading showed an increase in both their reading levels and reading ages. Most children have improved by 1 year or more over a 3 month period. There has also been an improvement in their confidence, enjoyment and motivation to read.

Measures demonstrate that the interventions made have raised the attainment of the targeted group of learners and in particular the most disadvantaged children have achieved success.

A further £63,279 grant funding was received from the Scottish Attainment Challenge Innovation Fund to support the Health and Wellbeing of children across a range of schools through Better Movers and Thinkers (BMT). BMT is an approach used in the learning and teaching of physical education designed to develop the ability of all children and young people to move and think in a more cohesive way developing, enhancing and fostering skills within the learning process.

Through the Scottish Attainment Challenge Funding all local Authorities have direct access to a named Scottish Government Attainment Advisor who works collaboratively alongside local authority staff on agreed priorities which support the Scottish Attainment Challenge. The Attainment Advisor for Argyll and Bute has also worked with central education staff to build capacity within the team to advice and support schools in responding to the NIF priority of raising attainment and reducing the poverty gap.

6.2 Addressing the Four National Priorities for Education in Argyll and Bute

Progress for Education in Argyll and Bute for 2016/17

In 2016, Education Services implemented the following approaches aimed at securing educational improvement for all children and young people within Argyll and Bute.
In June 2016, Education Service participated in the Teacher Judgement Survey where the achievement of Curriculum for Excellence levels were gathered nationally for Reading, Writing, Listening and Talking and Numeracy at the stages of P1, P4, P7 and S3. The 2016 Evidence Report details the national picture of the percentage of P1, P4, P7 and S3 pupils who are achieving the expected CfE Level relevant for their stage in Literacy and Numeracy (Appendix C).

Within Argyll and Bute, the percentage of P1, P4, P7 and S3 pupils who are achieving the expected CfE Level relevant for their stage in Literacy and Numeracy as outlined in the CFE Experimental Statistics published by the Scottish Government is summarised below:

</tbody>
</table>

This data has been derived from the first year of collection and is classed as experimental. Further development is planned by the Service in working with all schools during session 2017/18 and following the publication of the national data later in 2017.

The Attainment Advisor assigned to Argyll and Bute has provided support and challenge to the Head Teacher and staff at Rosneath Primary School to increase capacity within the school and identify strategies to raise attainment in literacy. A range of learning and teaching approaches have been put in place and data has been generated to evidence improvement. Following analysis and evaluation of information gathered successes will be shared with schools across the authority in order to inform best practice. Support initiatives have also begun with other schools in the Helensburgh area, John Logie Baird, Garelochhead, St Joseph and Colgrain. In addition, the Attainment Advisor has also worked with central education staff to building capacity within the team to advise and support schools in responding to the NIF priority of raising attainment and reducing the poverty gap.

In addition, the Education Service have recruited a team of Quality Assurance and Moderation Support Officers (QAMSOs) from within the central team and education establishments. These officers are released from the Authority to attend National Improvement Framework workshops in Glasgow and Edinburgh on sharing standards of attainment. The knowledge gained at these meetings by QAMSOs is
used to inform the Education Service’s strategy in raising attainment in literacy and numeracy and to ensure standards of attainment are in line with national expectations.

The Education Service is currently rolling out a training programme that aims to have a dedicated Assessment Facilitator in every establishment. Assessment Facilitators build capacity in their establishments in order that teachers are confident in planning for improved attainment and making quality professional judgements on achieving Curriculum for Excellence levels (CfE). Facilitators are increasingly working collaboratively to bring cluster school staff together to share their understanding of standards expected in order that there is consistency across establishments.

6.3 Pupil Equity Funding (PEF)

Pupil Equity Funding (PEF) is being provided by the Scottish Government for 2017/18 to continually improve Scottish Education through the provision of £120 million funding, allocated directly to schools and targeted at closing the poverty related attainment gap. Publicly funded primary, secondary and special schools receive £1,200 in 2017/18 for each child in Primary 1 to S3, or equivalent, who are eligible and registered for free school meals. This grant is ring-fenced and is to be allocated directly to each qualifying school. National guidance explicitly notes that schools should use the funding for the purpose of delivering focused activities and interventions that lead to improvements in literacy, numeracy and health and wellbeing for identified pupils.

Argyll and Bute received PEF Funding of £1,304,400 for 2017/18, with 84% of schools receiving varying amounts of funding ranging from £1,200 to £76,800. All schools have submitted a PEF plan to the authority outlining how they will spend their funding to deliver interventions that will close the poverty related attainment gap. Education Officers will discuss progress on interventions with Head Teachers during calendared quality improvement visits during Session 2017/18.

6.4 Addressing the Six National Improvement Framework Drivers for Education in Argyll and Bute for 2017/2018

The National Improvement Framework Drivers for Education are:

- School Leadership;
- Staff Professionalism;
- Parental Engagement;
- Assessment of Children’s Progress;
- School Improvement, and
- Performance Information.

Education Services will deliver the National Improvement Framework Drivers for 2017/2018 through our 6 key objectives for Education in Argyll and Bute which are to:
• Raise educational attainment and achievement for all;
• Use performance information to secure improvement for children and young people;
• Ensure children have the best start in life and are ready to succeed;
• Equip young people to secure and sustain positive destinations and achieve success in life;
• Strengthen high quality partnership working and community engagement, and
• Strengthen Leadership at all Levels.

The following section of the plan illustrates examples of the programmes of work being taken forward by staff across Education Services to deliver these expectations.

<table>
<thead>
<tr>
<th>KEY OBJECTIVE 1:</th>
<th>RAISE EDUCATIONAL ATTAINMENT AND ACHIEVEMENT FOR ALL</th>
</tr>
</thead>
</table>

**What is this?**
The quality of education offered by each school in Argyll and Bute and how effective they are in raising educational attainment and achievement for all children and young people.

**Why is this important?**
The curriculum includes a broad range of experiences which are planned for children and young people through their education, to help every child and young person to develop knowledge, skills and attributes for success in learning, life and work. Research and evidence consistently demonstrates the direct link between poverty and deprivation and lower attainment and achievement.

Within Argyll and Bute Education Service we will raise educational attainment and achievement for all through the following agreed priority actions:

• Improve the overall quality of learning experiences;
• Tackle disadvantage and deprivation to close the attainment gap;
• Improve literacy, numeracy and health and wellbeing outcomes for children and young people, and
• Continually improve curriculum design and development.

**In session 2017-2018 we will:**

• Take further steps to increase the overall proportion of children and young people who achieve in line with the national expectation in Literacy and Numeracy;
• Take further steps to increase the overall proportion of children and young people who achieve in line with national expectation in Gaelic Medium Education;
• Re-engage schools with National guidance on curriculum principles, entitlements and expectations to ensure effective delivery of a quality curriculum at a local level. Prepare, in consultation with schools, a curriculum principle, entitlement and expectation paper for use by all schools ensuring the
opportunity for all children and young people to experience relevant and wider achievement within the curriculum;

- Implement revised approaches to ensure overall improvement in levels of attainment for Senior Phase pupils across all SQA examination levels;
- Revise approaches to quality assurance and moderation in all schools;
- Further improve the effectiveness of school support visits by Central Officers ensuring greater consistency and challenge to all schools, and ensure the needs of all pupils are being effectively met;
- Enhance and further develop opportunities for digital learning and creativity in all of our establishments;
- Revise and implement a comprehensive programme of educational establishment reviews (early years, primary, secondary, youth services and education services) ensuring effective support and challenge to deliver continuous improvement;
- Provide a range of support to all Authority schools in taking forward assessment and moderation approaches;
- Continue to second a Literacy and Numeracy co-ordinator to support all Authority schools in raising attainment in literacy and numeracy;
- Deliver a programme of professional learning events aimed at raising attainment in literacy and numeracy;
- Improve the number of young people securing a positive destination for each secondary school in line with individual virtual comparators;
- Further develop support and engagement with Secondary schools to ensure increased positive, post school destinations for all Argyll and Bute leavers (Participation measures);
- Ensure that all secondary establishment work in collaboration with partners to support the development of skills for the world of work;
- Improve the pace and challenge of learning and development within ELC and create greater consistency across settings within literacy, numeracy and developmental milestones;
- Continue to ensure adequate provision of resources and equipment to meet the needs of children and young people with additional support needs, and
- Support the capacity and confidence of Head Teachers to meet the requirements of all Child’s Plans.

**KEY OBJECTIVE 2:**

**USE PERFORMANCE INFORMATION TO SECURE IMPROVEMENT FOR CHILDREN AND YOUNG PEOPLE**

**What is this?**

All of the information and data we need to get a full picture of how well education for our children and young people is improving. As no single measure provides a full picture of performance, we will gather together and analyse a broad range of data collected from each of the other key objectives of our children their future to assist us to provide a comprehensive overview of the progress being made by all children and young people.

**Why is this important?**
Education Services gather, analyse and report on a wide range of performance information that allow us to deliver services effectively and demonstrate that we are continually improving outcomes for children and young people. For example, we use information about the progress of our children and young people to inform the approaches to learning and teaching in the classroom. It is everyone’s responsibility to gather and use performance information to intervene to secure improvement for both individual children and groups. We will actively engage parents and young people in this process.

Within Argyll and Bute Education Service we will use performance information to secure improvement for children and young people through our priority actions:

- Effectively assess, track and monitor the progress of our children and young people;
- Implement strong self-evaluation, quality assurance and improvement planning, and
- Clearly report outcomes.

**In session 2017-2018 we will:**

- Refine further steps taken to improve approaches to self-evaluation and planning for improvement and changes;
- Further refine the Authority approach to Standards and Quality Reporting and Improvement planning across establishments;
- Revise current arrangements to reporting of performance information at all levels to support elected members to effectively undertake their scrutiny role;
- Provide increasingly effective support to schools in the use of data to benchmark progress for learners and secure further improvement in achievement and attainment for all children and young people with effective interventions;
- Continue to work with the Attainment Advisor assigned to Argyll and Bute to provided support and challenge to the central team and schools in their use of performance information to secure improvement;
- Continue to monitor curriculum models across each of the ten secondary schools to ensure the average tariff scores for all Argyll and Bute young people are increased, as appropriate;
- Improve the attainment and progress of children in literacy and numeracy in P4 and P7 in line with national expectations;
- create greater ownership of data within ELC settings and to build confidence and capacity around analysis of data;
- Early Years Team to make more effective use of authority wide data within the self-evaluation of the Service, and
- Build capacity within each Argyll and Bute Family Pathway locality to analyse data and see how small changes can impact on local and national priorities.
KEY OBJECTIVE 3: ENSURE CHILDREN HAVE THE BEST START IN LIFE AND ARE READY TO SUCCEED

What is this?
In Argyll and Bute, we work together to ensure children and young people experience a positive start that supports and nurtures all children and builds firm foundations for later life.

Why is this important?
We know that children develop faster in the first few years of life than at any other time so, to make an impact and ensure we tackle potential disadvantage, this is a priority area for us.

In session 2017-2018 we will:

- As part of Argyll and Bute’s Children, audit existing parenting provision and resources for each point on the parenting pathway from pre-birth to school leaver age;
- All Early Learning and Childcare (ELC) settings to share developmental milestone progress for all children entering primary education;
- As part of Argyll and Bute’s Children, develop and implement a parenting strategy to support parenting from pre-birth to school leaving age;
- Plan and implement the necessary steps to ensure the delivery of 1140 hours of early learning and child care by 2020;
- Ensure greater consistency in expectations of children’s progress in ELC literacy, numeracy and developmental milestones through effective support and challenge from the Early Years Team, and
- As part of the ‘1140 Hours Delivery Plan, develop an ‘ELC Quality Action Plan’ to ensure provision is of the highest quality for children in Argyll and Bute accessing 1140 hours of ELC by 2020.

KEY OBJECTIVE 4: EQUIP YOUNG PEOPLE TO SECURE POSITIVE DESTINATIONS AND ACHIEVE SUCCESS IN LIFE

What is this?
This is the progress our young people make in securing sustained positive destinations in employment training or further/ higher education when they leave formal education.

Why is this important?
For our population in Argyll and Bute to grow through economic development our industries need a workforce with the right skills, attitudes and capacities. Positive destinations information will tell us about how successful young people in Argyll and Bute are when they leave school. This will also tell us about the choices young
people make and the difference in positive destinations between those from the most and least disadvantaged backgrounds.

Within Argyll and Bute Education Service we will equip young people to secure and sustain positive destinations and achieve success in life through our priority actions:

- Equip children and young people with skills for learning, life and work.
- Promote enterprise and entrepreneurship.
- Support lifelong learning.

In session 2017-2018 we will:

- Increase positive destinations for looked after children in Argyll and Bute;
- Increase the number of Duke of Edinburgh (D of E) participants from the most deprived SIMD (Scottish Index of Multiple Deprivation) areas in Argyll and Bute;
- Increase the number of young people on Activity Agreements (AA) progressing into positive destinations;
- Increase the number of young people on Flexible Learning plans reengaging with school or progressing into positive destinations;
- Enhance and further develop opportunities for digital learning and creativity in all of our establishments;
- Reduce the number of young people recorded as unconfirmed on the Participation Measure for Argyll and Bute;
- Ensure that All secondary establishments have a minimum of 3 DYW (Developing Young Workforce) partnership agreements for school employer collaboration in supporting knowledge and understanding of world-of-work and applicable skills, and
- Increase the number of Youth Achievement and Dynamic Youth Awards achieved.

<th>KEY OBJECTIVE 5: ENSURE HIGH QUALITY PARTNERSHIP WORKING AND COMMUNITY ENGAGEMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>What is this?</strong></td>
</tr>
<tr>
<td>Partnership working and community engagement focuses on ways in which parents and carers, families and professionals work together to support children and young people’s learning.</td>
</tr>
<tr>
<td><strong>Why is this important?</strong></td>
</tr>
<tr>
<td>We recognise that most of a child’s development takes place outwith our schools and ELC settings therefore the role of families and carers is critical to ensuring our children and young people succeed. We will empower parents and carers to be part of the decisions that are taken in respect of their children’s education and development, and to work along with the staff in each school on improvement planning. We will engage parents and carers in dialogue around the new duties on</td>

education authorities, new approaches to learning and ultimately their role in their children’s education. We will ensure that strong partnerships are created and maintained with local bodies including businesses, third sector organisations and community groups. This will broaden and deepen the curricular experiences offered to children and young people by our educational establishments.

Within Argyll and Bute Education Service we will strengthen parental and community engagement through our **priority actions**:

- Develop and strengthen parental engagement and participation;
- Improve the curriculum links between schools and colleges;
- Develop and strengthen partnerships with business and the community, and
- Work together to secure improvement.

**In session 2017-2018 we will:**

- Review and update further the Authority Parental Involvement Strategy to ensure greater engagement and communication with parents and carers;
- Identify a range of approaches to ensure that all young people are encouraged in making an effective contribution to decision making, self-evaluation and performance improvement processes at both school and Authority levels;
- Further develop the remit and focus of the Head Teacher Advisory Group to support improved communication, engagement and relationships between the Authority and Schools;
- Ensure the ongoing provision of a range of information is routinely issued to staff and parents to improve communication;
- Hold authority wide capacity building courses for young people to encourage involvement in local and national decision making;
- Ensure that Local Youth Forums attend at least one Community Planning Partnership (CPP) Area Planning Group meeting per annum;
- Further improve relationships and communication through consultation with all ELC stakeholders in preparation for 1140 hours of funded ELC, and
- Provide 1-1 support to each ELC provider around how they can improve family learning and engagement through effective use of their own community and local assets.

<table>
<thead>
<tr>
<th>KEY OBJECTIVE 6: STRENGTHEN LEADERSHIP AT ALL LEVELS</th>
</tr>
</thead>
</table>

**What is this?**

School leadership improves the quality and impact of leadership roles within schools at all levels. Teacher professionalism improves the overall quality of the teaching workforce and the impact of their professional learning on children’s progress and achievement. In Argyll and Bute we have provided professional learning opportunities at all levels from pre career entry through to Head Teacher development and beyond; whilst ensuring staff in Argyll and Bute have quality experiences and development
opportunities. During a period of difficulty in teacher recruitment both in Argyll and Bute and nationally it has been essential to ensure there is opportunity to enhance the profession by providing opportunities to “Grow Our Own” teacher leaders. We also seek to retain our highly trained teacher workforce by providing professional development opportunities, to ensure that there are enough teachers and leaders with the requisite skills to ensure our schools thrive within their local communities. Pupil leadership is important within the learning context and all schools encourage pupil voice.

Why is this important?
Strong leadership within our schools helps ensure that all children achieve the best possible outcomes through the highest quality of learning and teaching. In Scotland we have a highly professional, graduate teaching workforce with high professional standards, which are set by the General Teaching Council for Scotland (GTCS). Within Argyll and Bute, we want to continue to improve the professionalism of our teachers and the quality and impact of their professional learning on improving children’s learning and the outcomes they achieve.

Within Argyll and Bute Education Service we will strengthen leadership at all levels through our priority actions:

- Focus on effective educational leadership;
- Promote career long professional development for all staff;
- Provide professional learning opportunities for front line services, and
- Maximise the use of resources.

In session 2017-2018 we will:

- Continue to promote the revised Education Vision and Strategy: Our Children, Their Future, with a clear focus on ambition, excellence and equality reflecting local and national priorities;
- Take steps to develop and strengthen strategic leadership across Education Services engaging all Senior Officers;
- Further develop the Education Authority Leadership Programmes at all levels;
- Provide an ongoing programme of professional development for centrally deployed officers to further extend their skills, knowledge and capacity in undertaking support and challenge activities with schools;
- Progress the review and realignment of central officer functions and responsibilities to ensure increased rigour and consistency in levels of support and challenge across all Authority schools in line with the Governance Review;
- Improve strategic direction in a number of areas including learning and teaching and curriculum development;
- Audit and analyse the continuing professional development (CPD) needs of all primary and secondary teaching staff in relation to the NIF (National Improvement Framework). Plan and implement CPD programme as identified in the needs audit;
- Strengthen approaches to professional review processes for all Head Teachers;
Undertake further reviews of Head Teacher appointment processes;
Review further recruitment challenges faced by the Authority: identify potential approaches to minimise the impact of the national teacher recruitment difficulties;
Provide leadership training for Lead Childcare and Education Workers, and
Provide induction training for all new Childcare and Education Workers and new ELC Managers / Head Teachers.

Conclusion:
The planning and reporting processes at school, service and Education Authority levels are designed to produce robust, consistent and transparent data of the work of the Education Authority, to improve our understanding of what works and, ultimately, drive forward improvements that will improve outcomes for the children and young people of Argyll and Bute.

A key requirement of these processes is that the Scottish Ministers must publish a National Improvement Framework setting out the four key priorities which all partners in the education system should be working to address. The first NIF was published in January 2016. The first statutory NIF under the 2000 Act was published on 31 December 2016.

This Education Plan has been prepared in compliance with the requirements set out in the Statutory Guidance accompanying the Standards in Scotland’s Schools etc. Act 2000 taking full account of the requirement to:

- Implement local plans and priorities for the 2017/2018 school year as set out in Our Children, Their Future;
- Responded to the requirements of the National Improvement Framework for Scottish Education (NIF);
- Introduced revised approaches to School Improvement Planning for school year 2017/2018;
- Publish the Annual Education Plan for 2017/2018 covering the period 1 September 2017 to 31 August 2018;
- Ensure the implementation of the Annual Education Plan during the period September 2017 to June 2018;
- Put in place the necessary arrangements to analyse the outcomes of the 2017/2018 Annual Education Plan and prepare and publish the Annual report of progress as soon as possible after 31 August 2018, and
- In addition takes full account of the main points for action contained within the inspection report on the education functions of the authority published by Education Scotland in March 2017.

Summary

This report outlines recent developments made by CPG's as they continue to focus on being effective partnership forums and outlines developments in the compilation of agendas for meetings.

1. Purpose

1.1 The purpose of this report is to outline a development in the compilation of agendas for meetings, linking to and progressing the work which has been carried out in developing Area Community Planning Action Plans and enabling groups to focus on a regular basis on local matters related to the various Outcomes in the Argyll and Bute Outcome Improvement Plan (ABOIP) 2013-2023.

2. Recommendations

2.1 The group is requested to consider and agree the proposed agenda compilation for meetings.

3. Background

3.1 Area Community Planning groups continue to evolve to provide effective local partnership forums and processes where partners, organisations and community groups/representatives can focus on working in partnership to address local priority issues relevant to the ABOIP. The need for meetings, which take place quarterly, to be focussed and effective is critical to ensuring the groups continue to thrive, deliver and develop.

4. Detail

4.1 Area Community Planning Groups are the vehicle to ensure that there is effective community planning delivery at a local level by:

   a) Acting on behalf of the Full Community Planning Partnership, via the Management Committee, to oversee the implementation of Local Action Plans
which contribute to the delivery of the Argyll and Bute Outcome Improvement Plan.

b) Acting on behalf of the community to ensure that local concerns and priorities are highlighted to the Full Community Planning Partnership via the Management Committee.

The role of the Area Community Planning Group is to:

a) Oversee the implementation of the Local Action Plan for their area

b) Encourage effective working across community planning partners at an area level; and

c) Act as a conduit to ensure that local priorities are met and local issues addressed

4.2 Area Community Planning groups have been undergoing a process of development since their inception, and most particularly over the period of the last 3 years. Developments include revision of Terms of Reference and updating of memberships, new Chairs and Vice Chairs, and a process of development of Area Community Planning Action Plans.

In continuing to ensure that groups develop and make progress in fulfilling their role it is important that meetings are well structured, focused on implementation of their Area Community Planning Action Plan and ensure that community planning partners and communities work effectively to meet local priorities and address local issues.

4.3 The key to effective and productive meetings is to ensure that agendas are relevant, current and worthwhile, give all members the opportunity for effective participation in the meeting and result in actions and outcomes which show progress with local matters.

To ensure that the groups retain currency with local and strategic matters, learn from existing best practice within their own communities and ensure that partners deliver on expectations within the Community Planning Action Plan, it is suggested that agendas for meetings are structured as follows:

a) Each agenda will focus on at least one main action from the relevant local action plan; agreement will be made in advance of each meeting what that action(s) will be.

b) Each agenda will include a feedback report from the Management Committee. It will include answers to any points previously raised by the CPG with the Management Committee.

c) Each agenda will detail an update on strategic actions from at least one of the six outcome areas of the Argyll and Bute Outcome Improvement Plan. The more detailed strategic input within this will be able to start after the CPP
Management Committee meeting in June 2018 when detailed strategic updates from Leads will begin to form part of those meetings.

d) Each agenda will include an item of Community Focus, preferably linked to the focused discussion at a) above, and will provide an opportunity for a community group to bring/present on their project or community led action plan. In considering items for this part of the meeting an invitation will be made to those who have a community-led action plan, and are challenged with taking parts of it forward, to raise these matters with the Area Community Planning Group.

e) Each agenda will include an opportunity to submit items of local importance/concern related to 2 specific outcomes within the Outcome Improvement Plan, so that groups have the opportunity at least once per year to consider such matters on a structured basis.

f) Each agenda will continue to include an item on Partner Updates. Where possible these will be submitted in advance and included in agenda packs for information, but they may also take the form of a verbal update provided at the meeting.

4.4 For the most part, items a)-d) are provided or supported by the Community Planning and Community Development Team and is subject to resource availability within the team.

4.5 In providing a holistic and structured opportunity for groups to discuss and progress matters through the agenda item a), it would be useful to consider an outline of topics/subjects from the Community Planning Action Plan to be considered at future meetings. This would enable more focused meetings and address concerns raised in the CPG satisfaction survey carried out in 2016 that agendas tended to be over heavy and contain too much information and would hopefully also address concerns made previously that meetings should be informative, focussed, not take too long and allow time for discussion and problem solving rather than receiving of reports and information.

4.6 In maintaining the effective linking of the work of CPGs to the strategic work carried forward by the Management Committee on behalf of the Partnership, the current process of update reporting to Management Committee following each round of CPG meetings will continue.

4.7 Feedback from group participants has indicated that the process of issuing a draft front sheet for agendas 4 weeks in advance of meetings giving an outline of topics to be discussed and reports to be provided is helpful, particularly for community councils/groups who are then able to discuss with their membership any items they might wish included, any points they might wish to make at the meeting, and to consider the best way of representing those views at the meeting itself. This process, which includes asking all members of the group for details of items for inclusion on the agenda, linked to the overall topic/focus of the meeting will be continued, with a pre agenda discussion with Chairs and Vice Chairs taking place 2 weeks before the CPG. The pre agenda is a valuable opportunity for the Chair and Vice Chair to make themselves fully familiar with
items for discussion, ensure that they understand the points being brought to the meeting by partners, and allows them the chance to finalise the detail included for discussion; all of these things assist in ensuring the effective conduct of the CPG meetings.

5. Conclusions and next steps

5.1 In progressing the ongoing development and effectiveness of Area Community Planning Groups this report outlines a revised compilation of agendas for meetings, linking to and progressing the work which has been carried out in developing Area Community Planning Action Plans and enabling groups to focus on a regular basis on local matters related to the Outcomes in the Argyll and Bute Outcome Improvement Plan 2013-2023 (previously Single Outcome Agreement). Group Members are asked to consider and agree the proposed revised process and identify topics of focus within Community Planning Action Plans for future meetings.

6. SOA Outcomes

6.1 This report does not link to any specific Outcome as it relates to the working arrangements.
