1. WELCOME AND APOLOGIES

Apologies were received from:

Councillor Ellen Morton
Colin Crichton, Live Argyll

2. MINUTE OF THE PREVIOUS MEETING HELD ON THE 1ST NOVEMBER 2018

The minutes were approved and thanks were given from the Chair to Sephton to stepping in as Chair for that meeting.

3. CPP MANAGEMENT COMMITTEE

(a) MANAGEMENT COMMITTEE UPDATE

Samantha Somers gave an update on what was discussed at the CPP Management Committee in November 2018 and provided responses raised by the H&L Community Planning Group to the Management Committee.

(b) CPP ANNUAL REPORT 2017-2018

The CPP Annual Report is now published and available on the Argyll & Bute Council website. The report for 2018-2019 will look to have more of an area focus and suggestions of topics for inclusion from the Helensburgh and Lomond area are welcomed.

5. AREA COMMUNITY PLANNING ACTION PLAN

(a) ACTION PLAN TRACKER

Samantha gave an update to the actions within the Helensburgh and Lomond Area Community Planning Action Plan.

It was agreed following discussion to give ownership of HL02 to Arrochar and Tarbet Community Development Trust so that updates can be received on this action and to change HL03 from Red to Amber and to invite a representative of Marine Scotland to a future Area Community Planning meeting.

(b) AREA COMMUNITY PLANNING ACTION PLANS – PLANNING FOR 2021

Samantha gave a presentation outlining the timescale and proposed process for engaging on the next Area Community Planning Action Plan.

Everyone present agreed to consider the four questions posed and return comments to Samantha by the end of February.

6. COMMUNITY FOCUS

(a) INTERGENERATIONAL PROJECT – ARROCHAR PRIMARY SCHOOL AND ARROCHAR AND TARBET COMMUNITY DEVELOPMENT TRUST

The group received a presentation from pupils of Arrochar Primary School and local senior citizens who are involved in the “Generation Communities” project. The group was started in an attempt to bring together generations and has been well received by all participating with support given from the wider community.

(b) ANY OTHER UPDATES FROM COMMUNITY GROUPS WITHIN THE HELENSBURGH AND LOMOND AREA

Duncan MacLachlan from Arrochar and Tarbet Community Development Trust spoke of their ambitions to make Arrochar a destination. He advised that the community hydro power station was working well and was within its target of 400KW hours by the end of March.

Duncan advised that the Development Trust and Community Council were working closely together on a number of projects, including plans for car parking facilities at the head of the loch. He advised of challenges with the sustainability of the Post Office within the community café and how the community were actively pursuing ways to make this more sustainable. He also advised that Arrochar were looking to form a business group, with a key issue being the closure of the A83 and its impact on local businesses.

Kirsty Moyes gave an update on the Loch Long Jetty Association and advised it

was progressing well and that potential links with partners were being explored. There was discussion on the role SPT could have in integrating/promoting this through their networks.

With regards to the marine litter in Arrochar, it was noted that the Arrochar, Tarbet and Ardlui Community Council Forum were already working with Marine Scotland regarding this. Garelochhead Community Council have a member who is avidly involved with beach cleans in Garelochhead and Portincaple and were happy to provide details of this member to link in with others in the Helensburgh and Lomond area. Charlotte Wallace from the Loch Lomond and the Trossachs National Park advised that their volunteers could potentially assist with beach cleans in the National Park area and Councillor Douglas suggested involving the GRAB Trust.

Morevain Martin gave an update on Rosneath and Clynder Community Council and advised that representatives from Rosneath & Clynder Community Council attended the Scottish Rural Parliament conference on 14th to 16th November 2018. The event comprised of many useful workshops including those on rural housing issues, rural transport and social care in rural areas. The conference also drafted a statement to Scottish Parliament to highlight the aspirations for rural areas.

7. ARGYLL AND BUTE OUTCOME IMPROVEMENT PLAN 2013-2023: LINKS TO OUTCOME 3 (EDUCATION, SKILLS AND TRAINING MAXIMISES OPPORTUNITIES FOR ALL) AND OUTCOME 4 (CHILDREN AND YOUNG PEOPLE HAVE THE BEST POSSIBLE START)

(a) YOUTH SERVICE REVIEW OF YEAR OF THE YOUNG PEOPLE

Ruth Cairns led a presentation, supported by members of Helensburgh Youth Forum, showing a review of activities and achievements throughout the Year of Young People. The youth forum highlighted issues including a lack of things to do in Helensburgh, unreliable/expensive transport to/from the town to the peninsula and a need for more education on drug and alcohol misuse.

A question was asked on interaction with the youth group at Centre 81, Ruth advised that this had been intended but logistics had prevented it from coming to fruition.

A question was put to Police Scotland from the Youth Forum on the powers available to tackle underage smoking at the school gates of Hermitage Academy. Roddy MacNeill agreed to look into this.

(b) YOUTH VOLUNTEER PROGRAMME, LOCH LOMOND AND THE TROSSACHS NATIONAL PARK

Charlotte Wallace provided information on the Youth Volunteer/Junior Ranger programmes run by Loch Lomond and the Trossachs National Park and the variety of educational opportunities available for young people through schools, groups or as individuals. Hermitage Academy is just starting to work with the National Park. It was noted that the Junior Ranger scheme is linked to a qualification. The park is involved with health walks and links were made with the Garelochhead Station Trust at the meeting as they are arranging walk leader training as part of their long term plan.

(c) HMIE INSPECTION OF COMMUNITY LEARNING AND DEVELOPMENT

Samantha Somers advised that group that HMIE were conducting a routine inspection into Community Learning and Development in the Helensburgh area and thanked those partners who had agreed to be part of the focus group.

8. PARTNER UPDATES

Jim Littlejohn, HSCP, advised that there was currently a stalled development/consultation period regarding the services currently provided, with no resolution imminent, due in part to being within two different healthboard areas. The services provided by the Vale of Leven were still in focus with every attempt to protect those services being made. Jim also advised that Cornerstone were running the facility at Rockville, Garelochhead and that autism care services were amongst those provided there.

Jack Carr from Jean's Bothy spoke and advised that funding from the Big Lottery had allowed the creation of a managerial role and whilst the facility is open, there will be a full opening and timetable of services from the 1st April 2019. A knit and crochet group is the first volunteer-led group and social media has brought a significant number of interactions with local people, including self-referrals to the groups.

Sephton MacQuire, Dunbritton, advised that 27 new housing units had opened within Succoth and that they were now all full.

Allan Comrie, SPT, spoke of a consultation that had been launched today and everyone was encouraged to distribute the consultation widely through their own distribution networks – www.spt.co.uk/vision.

Roddy MacNeill introduced himself as the new Inspector in Helensburgh and spoke on the first meeting of the Police Scotland Youth Volunteers which had occurred the previous evening. PC Stevie Carr is the new youth engagement officer for the area and will be leading on the PSYV. The intention is to link with other youth community groups, including the Young Firefighters and those at the National Park. Hermitage Park and Duchess Woods were highlighted as areas for concern with anti-social behaviour and this is being addressed through direct action.

Stuart MacDonald, Scottish Fire and Rescue advised that there had been no significant incidents since the last meeting in November. 116 home fire safety visits have been completed and this remains a key focus for the Fire Service. They have been working with Hermitage Academy to reduce the number of false alarms and to raise awareness of road safety issues, particularly with young people. A real-time crash scenario is planned for April, working alongside Police Scotland and the Scottish Ambulance Service.

9. AREA COMMUNITY PLANNING GOVERNANCE

Samantha took the group through the report. It was agreed that the following would become new formal members of the Area Community Planning group:

- Garelochhead Station Trust
- Arrochar and Tarbet Community Development Trust
- Helensburgh Youth Forum
- Argyll and Bute Care and Repair

Argyll and Bute Community Planning Partnership**Area Meetings**
Date: May 2019

Title: Outcome 5 – People lead active, healthier and independent lives

1. SUMMARY

Outcome 5 of Argyll and Bute's Community Plan is to enable *people to lead active, healthier and independent lives*. During 2018 – 19 Outcome 5 was incorporated in the agenda of the Health and Wellbeing Partnership which is a strategic partnership of the Community Planning Partnership (CPP). The aim of the Partnership is to lead and support the delivery of health and wellbeing activity in Argyll and Bute. This paper provides an annual update for the four area Community Planning Groups about health and wellbeing activity during 2018-19.

2. BACKGROUND

The Health and Wellbeing Partnership (HWP) meets four times per year to lead the promotion of health and wellbeing activity across Argyll and Bute.

Ways of doing this include:

- Engaging partners from a range of sectors
- Working with local communities via the Health and Wellbeing Networks
- Developing policy and strategies informed by local needs, evidence and national direction.

There are eight local Health and Wellbeing Networks in Argyll and Bute which are supported by a part time co-ordinator. The Networks are responsible for developing local action plans, holding local networking meetings and allocating the Health and Wellbeing small grant fund.

More information about Health and Wellbeing activity in Argyll and Bute can be found here – www.healthyargyllandbute.co.uk

3. KEY POINTS**3.1 The future role of the Health and Wellbeing Partnership**

Over the past 12 months attendance rates at partnership meetings have been falling and there has been less engagement from Community Planning partners. This prompted an evaluation in January 2019 to investigate ideas for the way forward for the HWP. A total of 23 partners responded to this survey and on the whole respondents reported that there is merit in having a strategic partnership for leadership and direction. A report of the findings of the survey is available here:

3.2 Annual Report

An annual report of Health and Wellbeing activity is published each year and will be published in June 2019 at – www.healthyargyllandbute.co.uk

3.3 Delivery Plan for Outcome 5

There is a delivery plan for each of the six outcomes. In January 2018 the working group for the Outcome 5 delivery plan merged with the HWP. This plan included a range of activities including reviewing equality and diversity assessment and reporting; falls awareness and prevention activity; and promoting the outdoors for physical activity. This plan has now concluded with much of the work mainstreamed.

3.4 Health and Wellbeing Priorities for 2019-20

A new delivery plan is required and a working group is convening in May. A large number of local and national strategies and priorities exist for health in Argyll & Bute and Scotland. This working group will be tasked with identifying clear partnership priorities for Outcome 5. Some of these priorities include:

- New Public Health Priorities for Scotland
- Type 2 diabetes prevention and support framework for Scotland
- Loneliness and isolation strategy for Scotland
- Adverse Childhood Experiences (ACEs)
- Argyll and Bute Self-management strategy

3.5 Connecting Outcome 5 with area Community Planning Groups

In the past the connections between Outcome 5 and area Community Planning Groups have not been particularly strong. In order to improve these connections and increase the relevance of delivery plan activity, the views of area CPG members are sought. A survey is being conducted in May 2019 in order to investigate what health and wellbeing topics are relevant to our local areas. This survey will be open to 24 May and can be found here - <https://www.surveymonkey.co.uk/r/ACPG-19>

4. CONCLUSION

Better health and wellbeing in the people of Argyll and Bute has the potential to make Argyll and Bute a better place to live and our population healthier. Health and wellbeing is better delivered in partnership rather than being the sole responsibility of the Health and Social Care Partnership. There are vibrant partnerships and activity already in place and Outcome 5 intends to better capitalise on connections with area Community Planning Groups in the future.

Summary and Recommendations

Key Points

This survey was to investigate attendance rates, role and function of the Health and Wellbeing Partnership (HWP). It was issued to 37 members in January 2019. The key findings include:

- The survey was completed by 23 respondents (62%).
- Four meetings took place in 2018 and the average attendance at each meeting was 9.5 people.
- 15 respondents also attended at least one local Health and Wellbeing Network (HWN) meeting.
- Six respondents did not attend the HWP or the HWN.
- The majority of respondents (16 of 23) covered all of Argyll and Bute as opposed to a specific area.
- The vast majority of respondent (21 of 23), considered there to be a need for strategic level meetings for health and wellbeing in Argyll and Bute. When asked to categorise this role, the majority (18) identified leadership for health and wellbeing as the key function of a strategic group.
- 14 respondents are also involved with the Community Planning Partnership, of these 7 are involved in Outcome 5 to improve health and wellbeing in the people of Argyll and Bute.
- Respondents were asked to rate the importance of the HWP on a scale of 1 to 10. An average response of 7.9 was given.

Next Steps

An evaluation of the HWP was prompted by low attendance rates at meetings during 2018. This report provides the findings of a survey to investigate the value existing partners place on HWP. A high number of responders identified the need for strategic leadership for health and wellbeing in Argyll and Bute, yet a small proportion of members attend each meeting. This survey is one element of a wider review of the strategic direction for health and wellbeing. Further actions include:

- This report will be shared with HWP members and various stakeholders such as area wide and local community planning structures.
- Investigate the views of the Community Planning Partnership Management Committee members on strategic leadership for health and wellbeing.
- Investigate how Area Community Planning Groups can inform health and wellbeing priorities and contribute to their delivery. A survey is being presented at the May 2019 round of area meetings.

- In an increasingly complex policy arena, investigate what priorities should form the delivery plan for Outcome 5. A working group will convene in May 2019.

Background

What is the Health and Wellbeing Partnership

The Health and Wellbeing Partnership (HWP) is a strategic partnership of Argyll and Bute's Community Planning Partnership (CCP), which is chaired by Alison McGrory, Health Improvement Principal in Argyll and Bute Health and Social Care Partnership (HSCP). HWP was established in 2012 following a comprehensive review of the strategic leadership of health improvement in 2011.

The remit of HWP is to provide leadership and direction for improving the health of the people who live and work in Argyll and Bute. HWP also leads the delivery of Outcome 5 "People live active, healthier and independent lives" for the CPP. The integration of these two agendas took place in January 2018.

Who are the members

The membership of HWP is determined by a Terms of Reference last updated in 2017. The email distribution list of members which is used to communicate details of meetings includes 37 names. Their employing organisation is listed in Table 1.

ORGANISATION	NUMBER OF MEMBERS
Argyll and Bute Council	10
Fire Scotland	3

Table 1: Membership of the HWP (Source: HWP email distribution list, 2018/19)

Attendance at meetings

Quarterly meetings were held in 2018, which in total had an attendance of 19 people, 51% of total possible attendees. Only 5% of members attended all 4 of the meetings with 49% of HWP members not attending any. Table 2 shows attendance rates for 2018.

The Survey

The survey was sent out to HWP members on 17th January 2018 and closed on 5th February. A total of 23 of the 37 members (62%) completed the survey. A copy of the survey questions are provided in Appendix 1.

Background on responding members

The largest group of 15 respondents were from the Public Sector (65%), with 4 from both the Voluntary and Third Sectors. There were responses from members covering each of the 8 local areas of Argyll and Bute with one exception (Mull, Iona, Coll and Colonsay). 16 members reported they cover Argyll and Bute as a whole.

Respondents' background

Which area(s) of Argyll and Bute do you cover?

Attendance at the Health and Wellbeing Partnership

Of the 23 to respond, only one person had attended all four meetings during 2018. 30% had not attended any meetings, and 57% had attended between one and three meetings. 15 people commented that they were unable to attend as they had limited capacity or the meeting clashed with others of a higher priority to them. One person commented that they were sharing attendance with others in their department due to operational considerations. Two people reported they did not attend as they had been advised not to or their professional role had no material overlap with health and wellbeing. One member commented that they had only been invited to one meeting.

Attendance at the Local Health and Wellbeing Networks

There are eight local Health and Wellbeing Networks (HWN), all of which hold regular meetings. Respondents were asked if they attended these meetings and which ones they attended.

8 people stated that they did not attend any of the local HWN meetings; of these 8 people 6 had also not attended any of the HWP meetings.

The need for a Strategic level meeting for health and wellbeing

The majority of respondent 78% (21 of 23), considered there to be a need for strategic level meetings for health and wellbeing. Of these respondents, 18 considered this role to be to lead health and wellbeing activity in Argyll and Bute, one person considered the role being to monitor health and wellbeing activity in Argyll and Bute and one person considered the function to be for networking. One person answered unsure to this question.

Community Planning Partnership Involvement

61% of respondents confirmed that they are also involved with the CPP. A number reported involvement in the 6 Outcome groups, seven of whom were involved in Outcome 5. Seven people also reported involvement in the local area Community Planning Groups. (NB more than 1 option could be selected).

Rating the importance and value of the Health and Wellbeing Partnership

The survey asked respondents to rate the importance of the HWP for partnership working on a scale of 0 to 10 (with 10 being most important). Overall the 23 respondent gave a rating of 7.9 out of 10. Respondents who did not attend any meetings placed a lower level of importance on the HWP, whereas those who attended all of the meetings gave an average score of 9.

The 23 respondents gave an average rating of 6.7 out of 10 for how important the HWP is for their work. Those that did not attend any HWP meetings give an average score of 5 and those that attended some of the meetings gave an average of 9.

This section included an open response box to allow people to state what they valued from attending the HWP. 19 of the 23 respondents completed this question: 53% stated that what they valued most was the information they received at the meetings, *“A chance to promote areas of my work and learn about what partners are doing in their work”* and *“Partnership working and a better understanding of the bigger picture, as well as being able to highlight what we are currently working on and the barriers”*. 37% valued the chance for networking, *“Connectivity with community and NHS colleagues highly valued”*. 11% valued the chance to raise the profile and inform others about what they are working on. Two respondents provided negative responses to this question, *“Less now than previously - now very little”*.
