## **1. Purpose**

- 1.1 Kintyre Initiative Partnership (KIP) met on Friday 26<sup>th</sup> June 2015, and having heard a presentation from Campbell Fox, Campbeltown Sailing Club, agreed that the project should be recommended for inclusion within the appendix to the SOA: Local for MAKI, provided it meets the criteria.

## **2. Recommendations**

- 2.1 That the project be supported by MAKI ACPG for inclusion within the Community Led Initiatives appendix to the SOA: Local in recognition of its role as a community project contributing to achieving outcomes of the SOA.
- 2.2 That the project seeks support from the relevant outcome Lead for the SOA.
- 2.3 With approval from both, the project is included in the Community Led Initiatives appendix to the SOA: Local, MAKI.

## **3. The Campbeltown Sailing Club Development Plan**

- 3.1 Campbeltown Sailing Club have developed a plan to develop their facility and surrounding area, linking to the Dalintober pier and beach, providing training and development opportunities and development of the Kintyre Seaports concept. This is a plan for a cross-sectoral partnership which will plan and deliver a range of watersports opportunities to both Campbeltown and the wider Kintyre area.
- 3.2 Partners will include the Council, HIE and third sector organisations with an interest both in the environment and in sport, leisure and cultural development of the Kintyre area.
- 3.3 This project is very much at the planning and development stage and will require significant partnership input and support to proceed to full delivery.
- 3.4 Campbeltown Sailing Club has applied for Lottery funding to assist with

project development work and costs.

#### **4. Linking to Outcomes of the Single Outcome Agreement (SOA)**

4.1 This project links to several of the outcomes of the SOA, in particular Education, Skills and Training Maximises Opportunities for All (Outcome 3), Children and Young People have the Best Possible Start (Outcome 4) and People live Active, Healthier and Independent Lives (Outcome 5).

#### **5. Assessment against Criteria**

5.1 The project needs to be assessed for inclusion against the criteria in Appendix 1, as agreed at the meeting of MAKI ACPG on 3 March 2015. The project fulfils questions 1-3 of the criteria:

- The project is directly related to SOA outcomes.
- The project demonstrates partnership working and community support.
- The project is in planning stages and can be categorised as 'underway'

5.2 The project needs to meet a 'yes' under the following questions :

- The project requests support from the relevant Area Community Planning Group
- The project has not yet sought support from the relevant outcome lead for the SOA

5.3 It is assumed that the project, given it is in the planning stages, is asking for endorsement to be appended in the Community Led Initiatives appendix of the SOA: Local, and not in any future reporting framework for the SOA. This assumption refers to question 6, within the criteria for inclusion set out in Appendix A.

#### **6. SOA Outcomes**

6.1 This paper is related to Outcomes 3, 4 and 5.
