**3. Background**

The mechanism by which the delegation of resources, governance and operational responsibility is transferred to the Integration Joint Board (IJB) is its 3 Year Strategic Plan as directed by statute and guidance.

The Strategic Plan for health and social care 2016 – 2019 has been through both informal and formal consultation processes. The Argyll and Bute Strategic Plan has been prepared in accordance with statutory requirements and incorporates feedback from a prescribed

consultation process.

From the 1<sup>st</sup> April the Integration Joint Board, is a separate statutory body for Health and Social care services and as such has a prescribed formal reporting and accounting process comprising.

#### **4. Detail**

The Strategic Plan describes how Argyll and Bute Health and Social Care Partnership will make changes and improvements in the way it delivers health and social care over the next three years.

The Strategic plan essentially details:

- Where – do we want to be in 3 years time
- How – what changes to be made and how we intend to do them
- When- how we will know we have achieved this, targets and measures

The Strategic plan explains what services the IJB is responsible for, what the IJB priorities are, why and how we decided them. It shows how the IJB intends to make a difference by working closely

with partners in and beyond Argyll and Bute.

## 5. Conclusions

The integration of health and social care is required by the Public Bodies (Joint Working) (Scotland) Act 2014 and prescribed by the

associated regulations and guidance. It is a transformational change, requiring a significant cultural shift.

The IJB Health and Social Care Partnership assumed responsibility for all delegated functions on April 1<sup>st</sup> 2016.

This is a significant area of policy development for both the Council and NHS Highland as it is a legislative requirement which both partners will need to comply with fully.
