3 **Did you meet the aims of the project – please give details?** (The main facts and figures about actual activities, for example the number of people the organisation or project worked with and the main activities undertaken)

We absolutely achieved our aims. We have grown our membership, introduced youngsters to sailing and have delivered high quality training courses. A highlight was Oban Sailing Club being recognised with the award of Club of the Year by the Royal Yachting Association, Scotland.

4 What difference did your project make? (This section should also include examples of how individual participants/services users experienced the project/activity -case studies/quotes can be used)

We have used the Picos to train 2 cohorts of S1/2 students since they were purchased. We have also introduced a completely new demographic of members (20-35 year olds) with provision of an adult dinghy course. This has injected new vigour into the Club. We have also introduced primary school sailing for the first time. Finally, we have developed our coaching capabilities through the use of the new dinghies.

5 Key Learning Points Please detail any unexpected outcomes (positive and negative) including anything that would be done differently in the future.

The unexpected outcome is how much fun the youngsters are having with these new boats. We have never heard so much laughter on the water! There is a great spirit in the Club with the junior sailors.
