Dear Campbeltown Common Good Fund Members

On behalf of South Kintyre Development Trust I want to express my appreciation for your generosity in support of The Road To Drumleman Project.

Your grant was incredibly helpful and allowed us to increase the opportunities this project offered. Jan Nimmo has done an amazing job gathering the information and we have been privileged to work with her. People can access previously unrecorded information about Argyll Colliery and how it shaped their lives and the community they live in. They have taken this project into their hearts and it has been more successful than we could ever have imagined.

Your assistance has helped preserve this information for future generations and we are truly grateful. Thank you from all of us at SKDT.

Sincerely,

Zena Coffield  
SKDT Trust Manager
