Reason: For the purpose of clarity, to ensure that the development is implemented in accordance with the approved details.

2. Development shall not begin until samples of materials to be used on external surfaces of the buildings and in construction of hard standings has been submitted to and approved in writing by the Planning Authority. Development shall thereafter be carried out using the approved materials or such alternatives as may be agreed in writing, with the Planning Authority.

Reason: In order to integrate the development into its surroundings.

3. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended), (or any Order revoking and re-enacting that Order(s) with or without modifications), nothing in Article 2(4) of or the Schedule to that Order, shall operate so as to permit, within the area subject of this permission, any development referred to in Part 1 and Classes 1A, 1B, 1C, 1D, 2A, 2B, 3A, 3B, 3C, 3D and 3E of the of the aforementioned Schedule, as summarised below:

### PART 1: DEVELOPMENT WITHIN THE CURTILAGE OF A DWELLINGHOUSE

Class 1A: Any enlargement of a dwellinghouse by way of a single storey ground floor extension, including any alteration to the roof required for the purpose of the enlargement.

Class 1B: Any enlargement of a dwellinghouse by way of a ground floor extension consisting of more than one storey, including any alteration to the roof required for the purpose of the enlargement.

Class 1D: Any enlargement of a dwellinghouse by way of an addition or alteration to its roof.

Class 2B: Any improvement, addition or other alteration to the external appearance of a dwellinghouse that is not an enlargement.

Class 3A: The provision within the curtilage of a dwellinghouse of a building for any purpose incidental to the enjoyment of that dwellinghouse or the alteration, maintenance or improvement of such a building.

Class 3B: The carrying out of any building, engineering, installation or other operation within the curtilage of a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse.

Class 3C: The provision within the curtilage of a dwellinghouse of a hard surface for any purpose incidental to the enjoyment of that dwellinghouse or the replacement in whole or in part of such a surface.

Class 3D: The erection, construction, maintenance, improvement or alteration of any deck or other raised platform within the curtilage of a dwellinghouse for any purpose incidental to the enjoyment of that dwellinghouse.

Class 3E: The erection, construction, maintenance, improvement or alteration of any gate, fence, wall or other means of enclosure any part of which would be within or would bound the curtilage of a dwellinghouse.

No such development shall be carried out at any time within this Part and these Classes without the express grant of planning permission.

Reason: To protect adjoining dwellinghouses, in the interest of amenity from unsympathetic siting and design of developments normally carried out without planning permission; these normally being permitted under Article 2(4) of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended).

4. Prior to commencement of development a scheme of boundary treatment, surface treatment and landscaping shall be submitted to and approved in writing by the Planning Authority. The scheme shall include details of:

- i) Location, design and materials of proposed walls, fences and gates;
- ii) Surface treatment of proposed means of access and hardstanding areas;
- iii) Any proposed re-contouring of the site by means of existing and proposed ground levels.
- iv) Proposed hard and soft landscape works.

All of the hard and soft landscaping works shall be carried out in accordance with the approved scheme during the first planting season following the commencement of the development, unless otherwise agreed in writing by the Planning Authority.

Reason: To assist with the integration of the proposal with its surroundings in the interest of amenity.

5. The provision of surface water drainage should be installed at the heel of the footway/entrance to the driveway/parking areas to prevent the discharge of surface water onto the public road. Details of surface water drainage to be installed shall be submitted to and agreed in writing by the Planning Authority prior to works commencing on site. Thereafter the agreed scheme shall be implemented prior to the dwellinghouse hereby approved being completed or brought into use.

Reason: To prevent the discharge of surface water onto the public road in the interests of road safety.

6. The first 3 metres of the driveway/parking area should be surfaced in a bituminous surface or other approved hard material to prevent the spillage of loose material onto the public road.

Reason: To prevent the spillage of loose material onto the public road in the interests of road safety.
