

OLI Area Scorecard 2017-18 New								Comments
Performance element	Status	Trend	Target FQ2 2017/18	Actual FQ2 17/18	Target FQ3 17/18	Actual FQ3 17/18	Owner	
Corporate Outcome No 1 - People live active, healthier and independent lives								
Number of affordable social sector new builds - OLI (Housing Services)	●	↑	12	12	20	20	Allan Brandie	FQ3 2017/18 - OLI There were 20 completions in total this quarter in the Oban, Lorn and the Isles area. All delivered by ACHA: Coll - 2 units completed October; Glenshellach, Oban - 8 units in November; Connel Phase 3 - 10 units handed over 1st December. FQ2 2017/18 - OLI 12 units completed in Benderloch by WHHA (Phase 2 comprised 8 for social rent & 4 shared equity); Additional completions at Glenshellach and Connel in Lorn, and on Coll will be recorded in Q3 figures.
CC26_01-Number of new affordable homes completed per annum. (Housing Services)	●	↓	30	30	20	20	Allan Brandie	FQ3 2017/18 - A&B Bute and Cowal: Negotiations ongoing re 8 units at Ardenslate, Dunoon. SG has now taken possession but is required to offer these at auction - ACHA may be able to acquire these but process is not straightforward. Helensburgh & Lomond: No completions currently scheduled for completions Oban, Lorn and the Isles There were 20 completions in total this quarter. All within the Oban, Lorn and the Isles area. All completed projects delivered by ACHA: Coll - 2 units completed October; Glenshellach, Oban - 8 units in November; Connel Phase 3 - 10 units handed over 1st December. Mid Argyll, Kintyre & Islay: No completions scheduled for Quarter 3. Minard & Lochgheed projects remain scheduled for completion during Quarter 4. Summary: On the above basis, the annual Local Housing Strategy target of 100 completions is unlikely to be achieved this year. However, work is progressing with the Strategic Housing Investment Plan Group to maximise spend within the Affordable Housing Supply Programme and deliver cumulative targets in future years. FQ2 2017/18 - A&B During Quarter 2 there were 12 completions at the West Highland Housing Association Benderloch development and a further 18 completions at their Port Ellen development.

Corporate Outcome No.2 - People live in safer and stronger communities							
Car Parking income to date - OLI (Streetscene OLI)	●	↑	£278,536	£373,356	£373,642	£454,712	Stuart Watson
			FQ3 2017/18 - OLI Car parking income for OLI (to date) is above anticipated target for FQ2 2017-18. The income has increased on the same period last year (FQ2 20176-17), which was £345,794. FQ2 2017/18 - OLI Car parking income for OLI (to date) is above anticipated target for FQ3 2017-18. The income (to date) has increased on the same period last year (FQ3 20176-17), which was £440,762.				
Car Parking income to date - A&B (StreetScene)	●	↑	£502,426	£590,760	£673,980	£728,765	Stuart Watson
			FQ3 2017/18 - A&B The trend to date suggests that the car parking income will exceed that achieved in FY 2016/17. There is no obvious reason for this, however, it may worth noting that DPE is fully bedded in and it may be that users are more likely to purchase a P&D ticket rather than risk a PCN. In addition to this, a new warden started during FQ3 in Helensburgh, the resulting increased presence may also have contributed to the increase FQ2 2017/18 - A&B Car parking income council wide has increased. This increase can be attributed to a variety of factors but it is believed that a more effective and visible on street presence is a factor.

Dog fouling - total number of complaints OLI (Streetscene OLI)	●	↓	16	25	16	26	Allan MacDonald (Streetscene)	FQ3 2017/18 - OLI The temporary warden in the OLI has been working with community groups and schools on the basis of education for prevention purposes. The hot spots for dog fouling have been regular patrolled and where possible wardens engage with dog walkers regarding dog fouling. FQ2 2017/18 - OLI The number of complaints in OLI seen a slight decrease over the year rising back to 10 in Oct. Wardens will continue to follow up on complaints and rely on witness support to follow up on reported cases. The Dept. will work with the Comms team to address the issue and provide clear information on the support needed to catch dog owners who fail to lift up after their dog. We will focus attention on the specific problem areas over the winter months.
Dog fouling - total number of complaints A&B (StreetScene)	●	↓	78	110	78	125	Tom Murphy	FQ3 2017/18 - A&B Over all complaints are still coming in on a regular basis for dog fouling. Wardens are addressing them on a cases by cases basic and also targeting areas identified as hot spots within each of geographic area. As the lighter mornings and nights are coming in we plan to put out early and later patrols by wardens to address this issue. By education of dog workers they meet and issue fixed penalties if appropriate. FQ2 2017/18 - A&B Dog Fouling complaints had decreased during the middle part of the year from 52 in Jan to 25 in June, rising back up to 48 in Oct. Wardens will continue to follow up on complaints and rely on witness support to act upon reported cases. The Dept. will work with the Comms team to address the issue and provide clear information on the support needed to catch dog owners who fail to lift up after their dog. Area teams will target specific problem areas over the winter months and engage with community groups and schools to give advice on good dog management and ways to work with the council in getting the message out to the wider public. We have 4 Wardens on 12 month contracts in each area targeting Dog Fouling, Littering and Fly Tipping and they have been actively engaging with the public on these matters.

LEAMS - OLI Lorn (Cleanliness Monitoring Systems)	●	↓	73	83	73	77	Stuart McCracken
							FQ3 2017/18 - LEAMS OLI Lorn The level of performance in the street cleanliness operations over the FQ3 period, was very good, with the performance levels as follows, October 79, November 77 and the figure for the month of December 76. FQ2 2017/18 - LEAMS OLI Lorn The area has achieved its target through continued hard work and vigilance of staff. There is still room for improvement with weed control and cleaning of detritus in problem areas. Discussions with Keep Scotland Beautiful are expected during which these improvements will be discussed. The date for these discussions has yet to be set
LEAMS - OLI Mull (Cleanliness Monitoring Systems)	●	↓	73	81	73	80	Stuart McCracken
							FQ3 2017/18 - LEAMS OLI Mull The level of street cleanliness for the FQ3 period on Mull was very good, with performance recording at October 82 November 80 and December 80. FQ2 2017/18 - LEAMS OLI Mull The area has achieved its target through continued hard work and vigilance of staff. There is still room for improvement with weed control and cleaning of detritus in problem areas. Discussions with Keep Scotland Beautiful are expected during which these improvements will be discussed. The date for these discussions has yet to be set.
LEAMS - Argyll and Bute monthly average (Cleanliness Monitoring Systems)	●	↑	75	80	75	80	Tom Murphy
							FQ3 2017/18 - LEAMS A&B To date street cleanliness is still being maintained at a level at/or above the national average. This is despite a 25% reduction in street sweeping resource following service choices. Further updates will be provided once the independent street cleanliness audits have been carried out which typically take place twice per year FQ2 2017/18 - LEAMS A&B Litter monitoring over the area has provided evidence to show that as a council we are meeting the criteria set out via Keep Scotland Beautiful in the main part and falling short where we find areas of weed and detritus evident on pavements. As a Department we will look to address this issue by better integration of Roads & Amenity staff focusing on weedkilling and removal of detritus from footpaths and cyclical cleaning in line with current schedules. Roads and Amenity Officers will invite KSB officers to discuss the 2017 annual report and advise on further actions where necessary.

Percentage of Pre-Application enquiries processed within 20 working days - OLI (Planning Applications)	●	↑	75.0 %	71.9 %	75.0 %	72.0%	Peter Bain	<p>FQ3 2017/18 - OLI Priority is afforded to determination of formal planning applications. Although the local target for closing Pre-application enquiries was missed by 3% the overall level of service delivery remains acceptable with average turnaround within the OLI area of 28 days. It is also noted that performance has been on an upward trend over the past 4 quarters.</p> <p>FQ2 2017/18 - OLI Priority is afforded to determination of formal planning applications. Although the local target for closing Pre-application enquiries was missed by 3.1% the overall level of service delivery remains acceptable with average turnaround within the OLI area of 24 days. It is also noted that performance has been on an upward trend over the past 3 quarters.</p>
PR23_03- Percentage of Pre-application enquiries processed within 20 working days - A&B (Planning Applications)	●	↑	75.0 %	72.4 %	75.0 %	75.7 %	Peter Bain	<p>FQ3 2017/18 - A&B Performance target has been met for first time since FQ2 2016/17.</p> <p>FQ2 2017/18 - A&B Commentary from Peter Bain (Acting Development Manager): Priority is afforded to the determination of formal planning applications. Although the target for closing Pre-Application enquiries was missed by 2.6% the level of overall service delivery remains acceptable with average turnaround sitting at 24 days.</p> <p>Pre-Application Performance There continues to be a significant year on year increase in pre-application submissions placing additional strain on decreasing resources. In 2016/17 the pre-app submission level was up 15.3% (an additional 177 enquiries) on the previous year. 2016/17 has also been a transitional year for DM with significant changes in key staff members at all professional levels of service provision. During this period delivery of timely pre-app responses has dipped below the service target of 75% but has in fact improved during FQ4 2016/17 (72.4%) and FQ 1 2017/18 (74.6%). The introduction of pre-app charging (Aug 2017) is expected to reduce demand for pre-app services and should make workloads more manageable, progress of pre-application submissions will continue to be monitored and micro-managed on a regular basis as part of individual officers work plans</p>
Householder Planning Apps: Ave no of Weeks to Determine - OLI (Planning Applications)	●	↓	8.0 Wks	4.5 Wks	8.0 Wks	5.8 Wks	Peter Bain	<p>FQ3 2017/18 - OLI OLI householder turnaround remains below the 8 week target for the 10th consecutive quarter</p> <p>FQ2 2017/18 - OLI OLI householder turnaround remains below the 8 week target for the 9th consecutive quarter</p>
Householder Planning Apps: Ave no of Weeks to Determine - ABC (Planning Applications)	●	↓	8.0 Wks	6.7 Wks	8.0 Wks	5.1 Wks	Peter Bain	<p>FQ3 2017/18 - A&B Significant improvement in performance from FQ2. The time period for determination of householder planning applications remains well within the 8 week target.</p> <p>FQ2 2017/18 - A&B Despite a reduction in performance during FQ2 from the previous period the time period for determination of householder planning applications remains well within the 8 week target and compares favourably to the national average (7.1 weeks) and the rural authorities benchmarking group (7 weeks).</p>

RA14_05- Percentage of street lighting repairs completed within 5 days (Street Lighting - Maintenance)	●	↓	75 %	66 %	75 %	57 %	Lyndis Davidson
			FQ3 2017/18 - A&B With the exception of the Bute & Cowal area, performance is low in FQ3 due to a number of factors: - faults always increase at this time of year due to longer nights and also lights being lit for longer periods of time - we currently have 2 out of 5 electricians on long term sick so having to juggle resources - Festive Lighting has taken priority over single dark lamps in October and November (emergencies and section faults still priorities) - although the LED replacement programme will ultimately reduce the number of dark lamps, we are having some teething troubles which mean that replacement LEDs have taken longer than 10 days to replace. - we have a number of complex cable faults which are taking longer than usual to resolve To address these performance issues we are putting a number of measures in place: - the main priority in January is fault repairs, we hope to reduce these significantly in FQ4 - festive lighting will be taken down at the end of January, once the majority of faults have been repaired - we will employ an additional electrician for the Helensburgh area on a temporary basis until the electrician resource issue is sorted - we are developing a better process for dealing with dark LED lamps to ensure customers are not inconvenienced - we continue to work with our utility partners (SSE, Scottish Power) to address the cable faults across the area
