

Appendix 1 – Summary of refugee evaluation scores

20 of the 21 Syrian families participated in the self-evaluation process. The majority of the families chose to participate as a family group many bring their children along to, a small number of men chose to attend alone. Summary scores are shown below for each family who were asked to score the support that they had received from day 1 from all agencies and volunteers. The lowest score awardable was 1 and the highest score was 7, though some families did opt to score 0 for something they felt was not relevant to them or their family. The questions asked are based on the indicator set in the New Scots Refugee Integration Strategy 2018-2022.

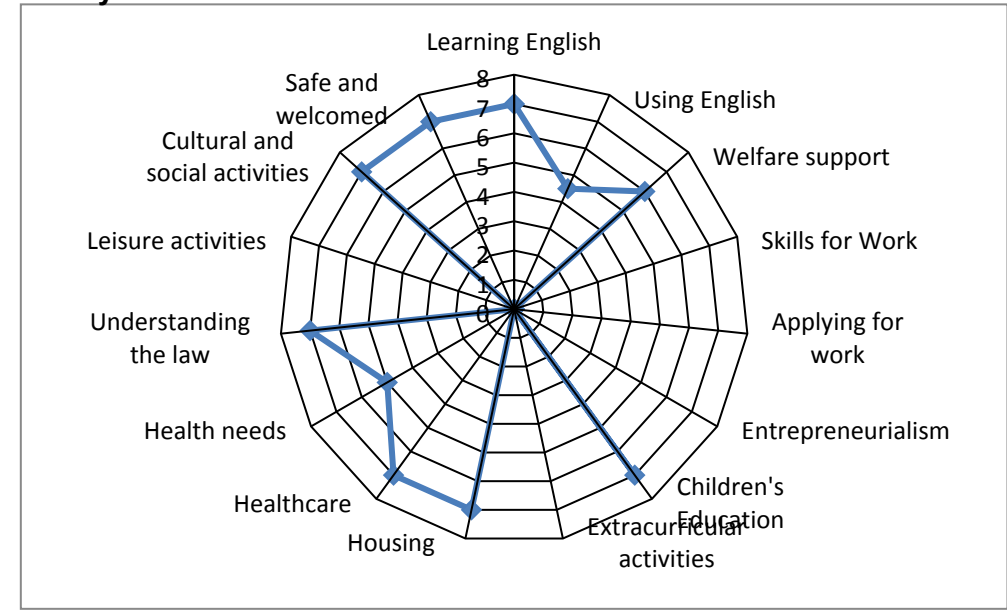

The questions asked were:
