Dear Hazel,

I appreciate the aspirations of all involved not to unduly delay determination of this appeal, however I believe that it will be helpful to the process to offer some clarification with regard to the status of the existing slipway following receipt of the appellants photographs.

I do appreciate that the appellant is not seeking to use the existing slipway to launch any boat from the propose boathouse however to avoid any potential ambiguity I believe that it is important to be clear that there is no functional relationship between the existing slipway shown on the photographs and the proposed boat house.

I have therefore attached some comments which aim to provide clarification in a succinct manner for the benefit of the Local Review Board and the appellant.

Best Regards,

Norman
