## **4. DETAIL**

- 4.1 This report provides details of the outcome and findings of the statutory consultation exercise undertaken in respect of the formal proposal to rezone the catchment area of St Columba's Primary School as detailed in the published Consultation Report (Appendix A); and in accordance with the requirements of the Schools (Consultation) (Scotland) Act 2010 as amended.
- 4.2 In accordance with the Schools (Consultation) (Scotland) Act 2010 as amended, a report was produced by Education Scotland on the educational aspects of the proposal (Appendix B). The Education Scotland Report supports the proposal in that it has clear educational benefits to children in the revised area. The proposal will provide greater equity for children and families and will make clear children's right to a place in St Columba's Primary School. Where appropriate, associated transport will be provided for the duration of a child's primary education. Education Scotland note that a few parents and staff expressed concern around additional costs and staffing levels and that the Council should continue to support their understanding through sharing the impact of any changes with relevant groups. The Council will work with parents and staff to ensure this understanding.
- 4.3 Having considered the report from Education Scotland and all other responses received within the consultation period, officers carried out a further review of the proposal in light of this information and a Consultation Report was thereafter prepared and published for public scrutiny on the Council's website ([www.argyll-bute.gov.uk](http://www.argyll-bute.gov.uk)) from 15<sup>th</sup> August 2019. This provided a full three week period prior to a final Committee decision on Thursday 5<sup>th</sup> September 2019, in compliance with Section 9 (3) and Section 11 of the 2010 Act as amended.
