# ANNUAL REPORT 2018/2019

LiveArgyll was set up in October 2017 to manage and operate Leisure and Library facilities on behalf of Argyll and Bute Council. We are a Scottish Registered Charity and the company is limited by guarantee. We re-invest 100% of any surplus into maintaining and improving our services, with the aim of contributing towards our vision that "our communities and visitors lead richer and more active lives".

The company manages 5 sports and leisure facilities, 11 Libraries, 4 large performance venues and a range of smaller community centre type facilities. As well as operating these facilities, LiveArgyll is the delivery partner for **sportscotland's** national Active Schools and Community Sports Hub Programme.

We cover a vast geographical area including a number of island-based facilities. It is heartening to see that despite challenging circumstances, local demographics, a vast geographical area, and being a new company operating in a competitive market place, we have managed to build on our initial excellent performance. Our Participation, Growth and Quality objectives continue to highlight a positive and improving position.

The 18/19 year can be described as a year of consolidation and creation.

## Our Board...

The Board is made up of 7 members comprising of three Councillors, three independent trustees and a trade union representative.

They have ultimate control of the company subject to providing and operating services in accordance with the Services Agreement reached with Argyll and Bute Council. The Board also provide strategic direction to the General Manager and his Management Team. Board members for 2018/19 were:

- Andrew Nisbet (Chair)
- Mairi Coleman (Vice Chair)
- Charles Brodie
- Cllr Jim Anderson
- Cllr Graham Hardie
- Cllr Jim Lynch
- Mary Watt

Significant efforts have gone into behind the scenes activity in terms of streamlining our processes and systems. This is aimed at promoting corporate consistency, enhancing our customer service standards, and ensuring our offering meets our charitable and business objectives.

We continue to promote our LiveArgyll brand which is underpinned by an affordable, inclusive and quality service offering.

# FOREWORD: GENERAL MANAGER

**Welcome to LiveArgyll's Annual Report for 2018/19, our first full year of operation. It is good to remind ourselves of the importance LiveArgyll has within the areas we operate in. Throughout Argyll and Bute we are the major provider of leisure, library, recreational and health opportunities with approximately 350,000 annual visits during 2018 to our directly managed facilities.**

During 2018/19 we continued to emphasise our Participation, Quality and Growth objectives. Whilst there is much work still to be done, our in-year performance indicates a positive trend and provides a stable base to build upon. Our business and sector plans outline the various initiatives which support these strategic objectives and we've made good progress in implementing a number of these.

Funded by our main partner, Argyll and Bute Council, July 2018 saw the re-opening of the newly refurbished Queen's Hall in Dunoon with its modern performance hall, contemporary designed Library, fitness studios, meeting rooms, spacious café and fantastic children's soft play area. This wonderful facility has brought a whole new series of opportunities to local residents and visitors to the Cowal area.

We are constantly reviewing what and how we provide services and will continue to do so to ensure LiveArgyll is best placed to fulfil its service specification obligations.

There is no doubt that leisure and library services can play an important role in improving the quality of life in local communities and can often reduce demand on other partner services. This Annual Report provides an overview of our of activity, highlights achievements during the year and demonstrates, through customer testimonials, the impact and benefit which our services can bring to individuals and communities.

I would like to take this opportunity to thank all of my colleagues for their hard work this year. All our achievements and progress would not be possible without the commitment and hard work of our employees who regularly go above and beyond to provide quality services and a positive customer experience. It just remains for us to continue to work together focussing on increasing our impact on our existing and potential users. Finally I would also like to thank the Board for their support throughout the year and look forward to working with them again next year.

# WHAT OUR CUSTOMERS SAY

We actively encourage feedback from our customers through our website, in person in our facilities, and through surveys and focus groups. This helps us improve the services we offer. Customers are also encouraged to share their inspirational stories and provide testimonials, which we really appreciate. Here are a selection of comments we have received this year:

*The rapport you have with the children is lovely to watch. My girls are buzzing about going to their class. Thanks for all your efforts, happy children make happy mums!*

**- Gymnastics parent, Dunoon**

*The library is one of my favourite local resources. I love the friendly, helpful staff and the surprisingly diverse choice of reading material. I will continue to make regular use of the library and anticipate it will help me more in the future.*

**- Teacher, Lochgilphead**

*We go to Bookbug in the library and we have made new friends.*

**- Parent, Campbeltown**

*I live with several chronic conditions due to a car accident 5 years ago. Rothesay Leisure Centre is my lifeline and I live a joyful life rather than accept a life full of problems.*

**- User, Rothesay Leisure Centre**

*You know true inclusion isn't about being there... it's about belonging, being valued and nurtured, which your team have expressed to my son all of his life.*

**- Parent of leisure centre user**

*Initially our son was conscious his body image was very poor and his confidence was at rock bottom. What a huge change. A confident young boy who attends sessions without extra support, who completed an inter-school triathlon, who feels comfortable in his own skin, and his health and well-being and confidence has improved immensely. Thanks for the on-going support.*

# FOCUS ON THE FUTURE

**LiveArgyll continuously scans the horizon to ensure that it remains visionary and constantly improves its facilities and service delivery. This outward looking approach will support LiveArgyll in retaining existing customers and attracting new ones.**

Within our Leisure service area we are launching a revised pricing structure in April 2019 which is aimed at affordable membership for all and if successful will ensure our customer base and user reach improves significantly as well as having associated income stream benefits.

We are also looking at trends in Leisure usage. We intend trialling new services including a ladies only gym, expansion of personal training options and fitness class provision, the introduction of functional fitness activity and associated equipment requirements.

On our swim school we look to increase the number of spaces available. We will also be introducing a bespoke class management system which will aid efficiency in delivering programmes and significantly enhance customer feedback in terms of performance and progress reporting.

Within our library service and asset base, we continue to explore a wider offering and use for our facilities. A purchasing review will take place with two key objectives: ensuring procurement meets the needs of existing users; and attracting new users. Our desire to make our libraries genuine community hubs remains high on the list of priorities.

During the next year we expect to roll out partner offerings within our library estate

working with agencies such as Citizens Advice, DWP, NHS and Further Education authorities. We have a development plan in place which is targeted at increasing use, clearly linked to national and local programmes and initiatives, e.g. Summer Reading Challenge and Books on Prescription.

Across all of our programmes, from Active Schools through to Archives and Local Studies, we aim to be a progressive and inclusive organisation. We will continue to provide an accessible, affordable, attractive and safe environment and services for all. Accessibility is about more than just physical access. For example, inclusive library services need to be accessible to children and adults with all kinds of different needs, not all of which are physical and not all of which (by any means) can be seen. When planning services and addressing physical requirements at all our facilities, we will aim to support all customers equally - those from differing social backgrounds, those who have profound and multiple learning difficulties, those on the many different parts of the autism spectrum, those who are blind, those who are non-verbal... Everyone.
