

Shaded - Similar indicators - only one to be chosen if applicable  
**Bold - Included in Communities Scotland menu of indicators**

Community Planning Indicators: National Set						
Indicator	Indicator source	Data source	Level of data availability	Most recent data	Frequency of data	Comments
<b>JOBS &amp; PROSPERITY</b>						
<b>Quality of employment</b>						
Proportion of working age people with low incomes.	Social Justice Milestone 14					Macro influences too significant?
Average earnings / household income (full time male & female)		New Earnings Survey, NOMIS				Macro influences too significant?
Number of, and employment in, Investors In People accredited companies	Smart Successful Scotland 13b					
<b>Opportunity</b>						
The percentage increase or decrease in the number of local jobs	Quality of Life Indicator 5	Annual Business Inquiry, NOMIS	Local authority	2002	Annual	Key priority for Exec. High-level impact. Context will be important re. macro influences. Question reliability of ABI. Community Planning issue may be quality of jobs rather than number.
Survival / closure of VAT registered businesses - three year rate		Small Business Services VAT survival statistics	LEC's	2002	Annual	
The percentage increase or decrease in the total number of VAT registered businesses in the area	Quality of Life Indicator 4	NOMIS	Local authority		Annual	
Proportion of 16-19 year olds who are not in education, training or employment	Smart Successful Scotland 11a	Labour Force Survey, NOMIS	Local authority	Nov-03	Quarterly (Feb, May, Aug, Nov)	Picture of current labour market. Gives indication of future market in terms of equipping young people with skills. Didn't feature strongly in local community plans.
Number of working age people in education, training or employment	Smart Successful Scotland 12b					Gives a better reflection of the market than indicator above, but data availability may be a problem.
The proportion of people of working age in employment	Quality of Life Indicator 1	Labour Force Survey, NOMIS	Local authority	Nov-03	Quarterly (Feb, May, Aug, Nov)	More positive than looking at unemployment rates. Does it account for self-employed / other client groups?

<b>Economic Disadvantage</b>						
Percentage of unemployed working age people	Sustainable Development Indicator 2	Labour Force Survey, NOMIS	Local authority	Nov-03	Quarterly (Feb, May, Aug, Nov)	Macro influences
The proportion of unemployed people claiming benefits who have been out of work for more than a year.	Quality of Life Indicator 2	Claimant count, NOMIS	Local authority	Nov-03	Quarterly (Feb, May, Aug, Nov)	Long-term unemployment featured strongly in local community plans. Is it valid for core set? May be contextual issues and possible perverse outcomes.
Ratio of unemployed to unfilled vacancies	Smart Successful Scotland 10c	Jobcentre Plus data (NOMIS) and unemployment data (NOMIS, LFS)	Local authority			Are skills being matched to jobs?
Employment rates of groups, such as lone parents and ethnic minorities, that are relatively disadvantaged in the labour market.	Social Justice Milestone 15					
<b>HEALTH IMPROVEMENT</b>						
<b>Physical</b>						
Healthy life expectancy	ISD / NHS Scotland	ISD	Deprivation quintiles / local			Measures the number of years people can expect to live in good health.
Percentage of 5-year-olds with dental cavities	NHS Framework 1.14.02	ISD				Is indicative of poor diet. Only indicator focused on children.
Increasing the proportion of women breastfeeding (improving the well-being of our young children).	Social Justice Milestone 5					
<b>The total number and rate of women breastfeeding at 6 to 8 weeks after the birth of their child averaged over a three-year rolling basis</b>	SIP Core Compulsory Indicator 5	ISD via CS				
Proportion of women still breastfeeding at 6 weeks	NHS Framework 1.04.02		Local authority			Improving the well-being of our young children. What would the optimum figure be?
Proportion of older people receiving respite care at home.	Social Justice Milestone 21					
The number of people aged 65+ receiving home care, by type and number of hours	SPI (Adult Social Work 4)	Audit Scotland	Local authority		Annual	
<b>Mental</b>						
Improving the health of young people through reductions in the rate of suicides among young people.	Social Justice Milestone 11					How do we measure this - is it reducing suicide and self harm? Are there other mental health indicators?

<b>Lifestyle</b>						
Conceptions among females aged 13-15 years	Quality of Life Indicator 12	Scottish Neighbourhood Statistics / Scot Exec	Local authority	2002	Annual	
Proportion of adults (16-64) smoking	NHS Framework 1.08.02	ISD and surveys				
Proportion of drug misusers who inject	NHS Framework 1.11.02	Scottish Drug Misuse Database (SNS)	Local authority	2003	Annual (31 Mar)	
Proportion of men and women aged 16-64 exceeding weekly limits of 21 and 14 units of alcohol	NHS Framework 1.09.01	Scottish Health Survey	Scotland	1998	3 years	
<b>Percentage of people eating cooked green vegetables 5 or more times a week.</b>	NHS Framework 1.13.01	Scottish Health Survey	Scotland	1998	3 years	This is a 'healthy lifestyle' indicator. It is not ideal (too specific) but there are not many indicators of a similar type to pick from.  <a href="#">Should we use an indicator which combines the fruit and veg (above) indicators? E.g. meeting 5 portions of fruit and veg a day.</a>
<b>Percentage of people eating fresh fruit once a day or more</b>	NHS Framework 1.13.01	Scottish Health Survey	Scotland	1998	3 years	
Proportion of men and women aged 16-64 taking 30 minutes of moderate activity on 5 or more occasions per week	NHS Framework 1.12.01	Scottish Health Survey	Scotland	1998	3 years	
<b>INFRASTRUCTURE, ENVIRONMENT &amp; SUSTAINABLE DEVELOPMENT</b>						
<b>Infrastructure</b>						
The number of dwellings broken down by tenure.	SIP Core Compulsory Indicator 12					
Number of unfit homes per 1,000 dwellings	Quality of Life Indicator 14	Local Authority Housing Investment Programme	Local authority			
<b>Biodiversity &amp; use of natural resources</b>						
Percentages of Biodiversity Action Plan species and habitats which are identified as stable or increasing	Sustainable Development Indicator 10					
The proportion of land stock that is derelict	Quality of Life Indicator 33	Scottish Vacant and Derelict Land Survey	Local authority or LEC	2003	Annual	
Percentage of main rivers and canals rated as good or fair quality	Quality of Life Indicator 29	SEPA	Local authority	2003	Annual	
a) Number of days per year when air pollution is moderate or higher for PM10. b) Annual average nitrogen dioxide concentration c) For rural sites, number of days per year when air pollution is moderate or higher for ozone.	Quality of Life Indicators 27	Local Environmental Health Dept	Local authority			

Carbon dioxide emissions by sector and per capita emissions (tonnes per year)	Quality of Life Indicators 28	Local authority (e.g. Energy Mngmnt Team, Environ. Services, Transport Planners, Waste Mngmnt Team). Environment Agency (industrial emissions and waste).	Local authority			
<b>Energy</b>						
Energy use per household	Quality of Life Indicator 30	Gas data provided by Transco. Electricity data not yet available.	Local authority			
Gas consumed by domestic customers and electricity consumed (TeraWatt hours)	Sustainable Development Indicator 12	Gas data provided by Transco. Electricity data not yet available.	Local authority			
Total number of households living in fuel poverty	Sustainable Development Indicator 20					
<b>EDUCATION</b>	Existing indicator on basic literacy / numeracy?					
<b>Pre &amp; Primary Education</b>						
The number of childcare places available per 1,000 population of children under 5 not in early education	Quality of Life Indicator 20	Early Years Development & Childcare Partnerships				
Percentage of combined P3, P4, P6 and P7 rolls meeting or exceeding the appropriate 5-14 level for their age - reading, writing and maths	National Priorities in Education 1.1.A					Are these levels of attainment changing? (Check Scot Exec)
<b>Secondary Education</b>						
S4 pupils achieving 5+ standard grades (level 1-4)						SNS measures attainment at SCQF level.
S5 pupils achieving 3+ higher grades (level A-C)						
Levels of attendance	National Priorities in Education 2.2.A					This is a problem which is tackled by multi-agency working. Is it an impact indicator?
<b>Adult Education</b>						
Number of learning centre and learning access point users / frequency of use	SPI (Cultural & Community Services 7)	Audit Scotland	Local authority	2002/03	Annual	
Increasing the proportion of students from under represented, disadvantaged groups and areas in higher education compared with the overall student population in higher education.	Social Justice Milestone 16					

Proportion of young people achieving a qualification at level 3 or equivalent at age 25	Smart Successful Scotland 11b						
Number / percentage of working age men (16-64) and women (16-59) who did / did not receive job related training in the 3 months prior to interview.		Scottish Neighbourhood Statistics / Scot Exec	Local authority	2002	Annual		
<b>CRIME &amp; COMMUNITY SAFETY</b>							
<b>Crime</b>							
<b>Total volume and rate of crimes against property - housebreaking</b>	SIP Core Compulsory Indicator 10	Scottish Neighbourhood Statistics / Scot Exec	Local authority	2002	Annual		
<b>Total volume and rate of crimes against property - vehicles</b>	SIP Core Compulsory Indicator 10	Scottish Neighbourhood Statistics / Scot Exec	Local authority	2002	Annual		
Number of recorded violent crimes per 10,000 population	Community Safety Indicator A1	Scottish Neighbourhood Statistics / Scot Exec	Local authority	2002	Annual		
Number of referrals to the Reporter to the Children's Panel for the following reasons: failure to attend school without a reasonable excuse; committing an offence; misuse of drugs, alcohol or volatile substances.	Community Safety Indicator A9	Scottish Children's Reporter Administration	Local authority		Monthly		
<b>Accidents</b>							
Number of adults / children killed or seriously injured as a result of road accidents	SPI (Police 8)	Audit Scotland	Local authority	2002/03	Annual	Addresses an angle of community safety not covered under 'Crime'	
Number of children under 15 admitted to hospital as a result of accidental injury per 10,000 population of 0-14 year olds	Community Safety Indicator A5	Info & Stats Division, CSA	Local authority				
Number of adults admitted to hospital as a result of accidental injury per 10,000 population	Community Safety Indicator A6	Info & Stats Division, CSA	Local authority				
Number of accidental dwelling fires per 10,000 population	SPI (Fire 5)	Audit Scotland	Local authority	2002/03	Annual		
Number of incidents resulting in casualties per 10,000 population	SPI (Fire 4)	Audit Scotland	Local authority	2002/03	Annual		
<b>Neighbourhood safety</b>							
<b>Percentage of residents reporting fear of crime</b>	SIP Core Compulsory Indicator 9	Requires a local survey					
<b>Percentage of residents stating fear of crime is having a moderate or great effect on the quality of life.</b>	SIP Core Compulsory Indicator 9	Requires a local survey					
						Will use the new indicator on fear of crime, which will be introduced to the Scottish Household	

(a) Percentage of residents surveyed who feel 'fairly safe' or 'very safe' after dark whilst outside in their local authority area	Quality of Life Indicator 15 & Best Value Indicator 189 a&b	Local survey					will be introduced to the Scottish Household Survey in Sept / Oct.
(b) Percentage of residents surveyed who feel 'fairly safe' or 'very safe' during the day whilst outside in their local authority area							
Percentage of people who feel unsafe to some extent walking in the neighbourhood after dark	Community Safety Indicator A13	Scottish Crime Survey	Local				Hoping to include new fear of crime indicator in the Scottish Crime and Vicimisation Survey in 2005
Reduce the proportion of drug misusers who inject by 20% by 2005	NHS Framework 1.11.02	Scottish Drug Misuse Database (SNS)	Local authority	2003	Annual (31 Mar)		Will replace these indicators with ones which reflect alcohol / drug related incidents.
Proportion of men and women aged 16-64 exceeding weekly limits of 21 and 14 units of alcohol	NHS Framework 1.09.01	Scottish Health Survey	Scotland	1998	3 years		
Number of recorded offences of an antisocial nature per 10,000 population	Community Safety Indicator A2	Local police force					What offences are included in this description?
The percentage of residents surveyed who are concerned with different types of noise in their area	Quality of Life Indicator 17	Requires a local survey	Local authority				
The percentage of residents surveyed satisfied with their neighbourhood as a place to live	Quality of Life Indicator 18	Requires a local survey	Local authority				
The percentage of residents surveyed who consider their neighbourhood is getting worse	Quality of Life Indicator 19	Requires a local survey	Local authority				
<b>Number and percentage of residents stating satisfied with neighbourhood</b>	SIP Core Compulsory Indicator 11	Requires a local survey	Local authority
