

Report for
The Argyll and Bute Windfarm Trust
By
Inveraray Community Council
(Prepared by Alyssa Stewart, Treasurer)

For virtual meeting on 9th September 2021

Following on from last year's report, to confirm the Clachan Farms (Inveraray) Windfarm Trust have not paid out any further funds, no other applications were/have been submitted which would be understandable under the difficult climate.

On a positive note, the Community Council are in the process of working with consultants to gather the views of the local community and produce an updated action plan with the aim to improve aspects of the local area as per the communities views, such as the purchase and restoration of the pier, community hall and activities for the local younger population.

The Community Council have also engaged with members of the younger local community who are keen to work toward offering activities and events for the younger population to get involved in. This will involve fun runs, organised activities on the loch and utilising local surroundings. We are keen for the Windfarm Trust grant to be used to help with all those positive plans as and when restrictions ease and allow.
