

PARTNERSHIP COMMUNICATIONS PLAN

A paper on the Partnership's Communications Plan was tabled at the Management Committee meeting on 8 December 2004. The following is an extract from the minutes of the meeting.

“Lynda Syed presented a report proposing a series of actions, which would form the basis of a Communications Plan for the Partnership.

After discussion the Management Committee agreed to adopt all the recommendations outlined in the report as work in progress and Andrew thanked Lynda for all her working in preparing the outline. It was agreed that a template would be sent to Partners regarding information required for the new CPP website which was scheduled to go “live” in the middle of January 2005.”
