#### 1. Introduction

The IJB has continued with its temporary suspension of normal outcome performance reporting and instead is focusing on remobilisation of health and care services and Covid19 related activity.

The remobilisation of services across both health and social care is a Scottish Government priority and frontline staff and managers are working hard to achieve this across the Health & Social Care Partnership. Our priority is on ensuring that key services and access as far as possible for people is managed and delivered locally and safely within the Covid19 pandemic operating context alongside the ongoing vaccination of staff and public and the delivery of test and protect.

The attached report was presented to the IJB in November 2021.
