Appendix 1 FQ3 2021/22 Key Performance Indicators for Development and Economic Growth

Delivering Our Outcomes – This highlights past performance as illustrated through our Key Performance Indicators (KPIs)

KEY TO SYMBOLS

- **R** Indicates the performance has not met the expected Target
- **G** Indicates the performance has met or exceeded the expected Target

Indicator: DEG105_01 Respond to Building Warrant applications within 20 days. Why measure this? Providing a prompt service helps support the local economy. This national target allows us to benchmark our performance. Commentary: This is one of the national performance measures for building standards in Scotland. In quarter 3, there has been an increase in performance of 0.5% to 93.9% which is well above the 80% target. This is excellent performance and has been achieved in a period where: 1. In quarter 3 we had annual leave entitlement being used by the majority of staff 2. Dangerous building work continued across the area in Campbeltown, Oban (Taynuilt Hotel), Dunoon (Argyll Street) and 5-7 East Clyde Street, Helensburgh. 3. Building warrant numbers are higher than 20/21 but lower than 19/20 as a result of Covid and also increase in price/available of building materials. To offset this, we undertook commercial work on behalf of Scottish Borders Council in quarter 3. 4. The team have prioritised work well, are predominately working from home and are using a variety of different means to undertake work (e.g. remote verification inspections etc.) Corrective actions We will continue to monitor the situation proactively as there is 2.5FTE vacancies for building surveyors which may impact on FQ4 performance. This indicator is above target and performance has improved since the last reporting period Ro% 93.9% PERFORMANCE PERFORMANCE 80% 93.9% Previous quarter performance	DELIVERING OUR OUTCOMES – OUR KEY PERFORMANCE INDICATORS
