Please also let us know if the impacts of changes are acceptable or not

Chart options »

	ACCEPTABLE	NOT SURE	NOT ACCEPTABLE
More travel to specialist services	41	33	48
Increased travel to visit relatives receiving care or treatment	29	35	57
Less in person face to face time with specialists	44	19	59
Family and friends doing more to support people living at home	36	30	56
Encouraging individuals to take more responsibility for health and wellbeing to prevent health problems	101	12	9

Please let us know your views on the following service changes

Chart options »

	ACCEPTABLE	NOT SURE	NOT ACCEPTABLE
More use of technology e.g. video facilities for appointments or electronic monitoring systems for people looked after at home – already used much more due to Covid social distancing requirements	83	18	20
Shift from individual packages of care for Mental Health support to enabling models of group based care providing more peer support and social interaction	54	35	32
Fewer local nursing home and care home facilities for older people to concentrate services in a smaller number of larger care homes	29	24	69
Reduce community based day services for older people and people with disabilities and replace these with a range of community based Third Sector services	39	34	50
Increase services delivered in the Oban hospital to reduce the number of patients throughout Argyll and Bute being treated by NHS Greater Glasgow and Clyde	72	26	25
Reduce discretionary (non-contractual) support to voluntary organisations encouraging these to be self-funding	37	45	40

The list below describes our main service categories and areas of spend, are there any of these where you would support reductions in spending?

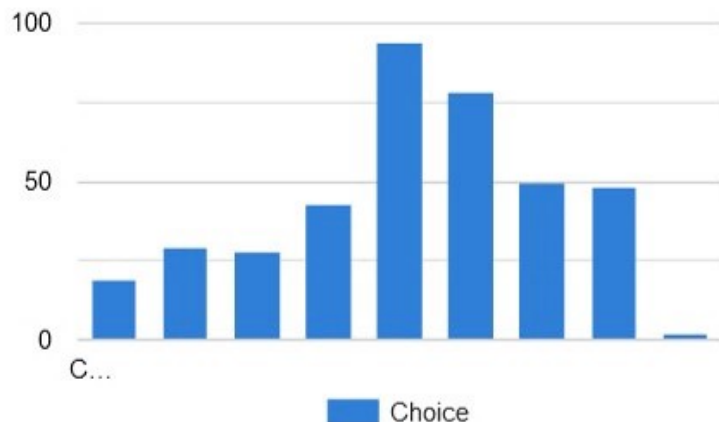

Chart options »

	YES	NO
Children Services - fostering and adoption, looked after children	11	75
