Bute, Cowal and Dunoon CPG Briefing Report

Q1 2022/23

Performance & Activity Report

From:	1st April 2022	To:	30th June 2022
--------------	----------------------------------	------------	----------------------------------

Introduction

Welcome to the Scottish Fire and Rescue Service Community Board Performance Report. This performance report is designed to provide citizens, stakeholders and partners with information relating to Community Board based activity undertaken by the Scottish Fire and Rescue Service.

Whilst using historic statistical benchmarking data, consideration must be taken of the somewhat random nature of fire related incidents and events, and how this can pose difficulties in interpreting emerging patterns and trends. This is of specific relevance where Community Board level data is analysed due to the relatively small number of actual incidents/events that occur in Community Board areas.

However, regardless of statistical anomalies, emerging patterns and trends in fire related incidents and events can assist the Scottish Fire and Rescue Service and Community Planning Partners plan and implement preventative intervention initiatives to target reducing fire related incidents and events.

Incidents/Activities of Note

Unwanted Fire Alarm Signals (UFAS)

We are continually working with partners and targeting our top offenders which are Education including Infant/Primary/Secondary Schools, and Residential/Care Homes.

A new UFAS Policy is currently being devised by SFRS with an aim at reducing UFAS Incidents further. Regrettably there is no timescale identified for completion of this

Road & Water Safety campaigns

We have also identified the need for further Road safety awareness, not only to residents, but also those visiting the area with partnership working alongside Police Scotland and Argyll & Bute Council.

Our Community Advocates and operation crews have been assisting the PAWS group in delivering Water safety advice and training

Community Engagement Activities

- Post Domestic Incident Response (PDIR)
- Fire, Water & Road Safety Talks –Presentations into schools with practical demonstrations and interactive scenario floorboards.
- Continue to deliver Fire Safety advice via telephone and provision of smoke detection where none is fitted. HFSV's are carried out where there is a threat of fire from criminal activity.
- Represented on the MARAC for those affected by domestic Violence.
- Continue to support "Make the Call" Campaign and "On Call" recruitment drive for retained and volunteer stations.
- Support and assist Police Scotland with Call blockers training and fitting of units.
- Supporting PAWS group and engaging with the public, #RESPECTTHEWATER campaign.
- Online training for partners with risk awareness within the training via MS Teams.
- Engaging with communities for Summer TAP safety advice.

Home Fire Safety

As part of our commitment to building a safer Scotland we offer everyone in Scotland a free home fire safety visit. We'll help you sort out a fire escape plan and provide information about smoke, heat and carbon monoxide alarms.
