

AREA PERFORMANCE REPORT – FQ1 2022/23

1 Background

- 1.1 This paper presents the Area Performance Report for Financial Quarter 1 2022/23 (April to June 2022) and illustrates the agreed performance measures.
- 1.2 As previously agreed the 14 quarterly Corporate Outcome Indicators (COIs) are now reported to all Area Committees on a quarterly basis, and are now included in the Performance Reports.

The features of the Performance Report are as follows:-

- The Report mirrors the information as presented on the Scorecard.
- The Report is effectively 'owned' by the appropriate Area Committee.
- Indicators are grouped by Corporate Outcome.
- The data table for each indicator is coded to identify the level of reporting.
 - Area level measures are blue
 - Council level measures are grey
 - COI measures are white
- Each indicator details
 - The Target, Actual and Performance status (Green / Red / No Target) for the current and three previous financial quarters.
 - Commentary for the current financial quarter only.
 - Narrative explaining the performance trend e.g. This indicator is above Target and performance has improved since the last reporting period.
 - The name of the responsible officer.
 - Where possible performance is presented at both Area and Council level.

It should be noted that Pyramid remains live and all measures can be navigated as usual through the front screen. If support to navigate Pyramid is required please email pyramid@argyll-bute.gov.uk

- 1.3 The commentary for each indicator helps 'Tell Our Story' and enables Elected Members to put the performance data into perspective and understand if an issue is local in nature or should be escalated up to a Strategic Committee.
- 1.4 To improve the response to performance queries, it is requested that either the Responsible Named Officer or Sonya Thomas are contacted once the Quarterly Performance Report is received with any queries. This should enable some

queries being resolved or clarified prior to the Area Committee meeting, and therefore being carried forward as Actions at a subsequent meeting.

2 Recommendations

2.1 It is recommended that the Area Committee –

- a) Notes and considers the performance and supporting commentary as presented.
- b) Upon receipt of the Quarterly Performance Report the Area Committee contact either the Responsible Named Officer or Sonya Thomas with any queries.
- c) Note that work is ongoing and to respond to Sonya Thomas with requests or comments regarding the layout and format of the Performance Report.

FQ1 Comment

Bute and Cowal and Oban, Lorn and the Isles appear to still be affected whereby visitor numbers are still well down compared to pre-Covid. It is hoped in the second quarter that visitor numbers will increase however this again is dependent on good weather. We have not seen a return to predicted numbers for camper vans and motor homes.

Mid Argyll, Kintyre and Islay

Corporate Outcome No.2 – People live in safer and stronger communities

Dog fouling – total number of complaints – Mid Argyll, Kintyre and Islay

Responsible person: Tom Murphy

This indicator is reported quarterly. Performance is presented for both Area and Council-wide levels.

This indicator for FQ1 shows the number of dog fouling complaints has increased since the last reporting period.

FQ1 Comment

There has been a slight increase in the number of dog fouling complaints received this quarter for the Mid Argyll area, with a total of 11. The Warden service will continue with their monitoring and patrolling. There were 12 dog fouling complaints registered for the Kintyre area this quarter, the Warden service will continue to monitor this as well as increasing patrols. There were 3 dog fouling complaints received for the Isle of Islay this quarter, this is very good, however, the Warden service will continue to monitor this when on the island.

FQ1 Comment

There is individual tracking and monitoring in place on SEEMIS in schools for care experienced children and young people. In addition to this, the Principal Teacher for care experienced children and young people monitors the information in SEEMIS and has subsequent conversations with staff in schools to ensure care experienced children and young people are receiving all the support they need to achieve and that the staff in school have the right strategies in place to help the child remain engaged with their education attainment and achievement. Often the care experienced health and wellbeing officers are used to provide extra support for the child and the family.

FQ4 2021/22	94.00%	95.38%	Green
FQ1 2022/23	94.00%	95.45%	Green

FQ1 Comment

As has been the case in all areas of the authority, a reduction in participation was seen in in Mid-Argyll, Kintyre and Islay in the latter half of 2021, which can be in some measure attributed to the effect of the Covid-19 pandemic on opportunities for young people, and its effect on resilience and wellbeing. Nonetheless, participation levels in Mid-Argyll, Kintyre and Islay have remained above the target level of 94%. Some recovery has been seen in 2022. The appointment and work of the Developing the Young Workforce (DYW) Co-ordinator for the Mid-Argyll, Kintyre and Islay area are leading to improved links between schools and employers, which have already led to more young people successfully entering employment post-school. It is expected that the increase in participation will continue as further work and interventions are put in place, by DYW, Education and Community Learning and Development, to support young people into positive destinations.

FQ1 Comment

Across the authority, a reduction in participation was seen in the latter half of 2021, which can be in some measure attributed to the effect of the Covid-19 pandemic on opportunities for young people, and its effect on resilience and wellbeing. Nonetheless, authority participation levels have once again matched the target level of 94%. Some recovery has been seen in 2022. The appointment and work of the Developing the Young Workforce (DYW) Co-ordinators for all areas of the authority are leading to improved links between schools and employers, which have already led to more young people successfully entering employment post-school. It is expected that the increase in participation will continue as further work and interventions are put in place, by DYW, Education and Community Learning and Development, to support young people into positive destinations.

FQ1 2022/23	75.0%	31.6%	Red

FQ1 Comment

Percentage of pre-application enquiries processed within 20 working days for MAKI remains below target at 31.6%. It is important for readers to note that the team has operated throughout this period with a vacancy, following the resignation of the Area Team Leader. To date, recruitment for this post has not been successful. Day-to-day management of the team is therefore being undertaken by the Development Manager, in addition to their current responsibilities.

FQ1 Comment

This measure only relates to planning applications received for alterations to existing premises.

The Mid-Argyll, Kintyre and Islay team took an average of 15.3 weeks to determine "Householder" applications in FQ1. It is important for readers to note that the team has operated throughout this period with a vacancy, following the resignation of the Area Team Leader. To date, recruitment for this post has not been successful. Day-to-day management of the team is therefore being undertaken by the Development Manager, in addition to their current responsibilities. MAKI also has further reduced resource due to 1 FTE currently being on maternity leave.

FQ4 2021/22	8.0 weeks	13.8 weeks	Red
FQ1 2022/23	8.0 weeks	12.4 weeks	Red

FQ1 Comment

This measure only relates to planning applications received for alterations for existing premises.

The Development Management Team continues to operate with reduced resource. The headline performance figure of an average of 12.4 weeks to determine these applications shows an improvement from last quarter's figure of 13.8.

Benchmarking FY 2019/20, 2020/21 and 2021/22

This is one of several measures where the Development Management Service is benchmarked against The Scottish Government and "Rural 9" average performance.

Changes made by The Scottish Government in reporting cycles, have necessitated changes to the way we input benchmarking figures in Pyramid:

- (1) The annual benchmark figure, when published in July each year will be used to retrospectively update every FQ for that FY (applied to FY 2019/20 and FY 2020/21).
- (2) This will be projected forward throughout the four FQ's of the next FY* (as has been standard practice in Development Management for over a decade now).

* projected benchmark figures are necessary to populate the field in Scorecard, due to the fact that information is now only published by The Scottish Government twice a year.

FQ1 2022/23	75%	33%	Red

FQ1 Comment

The number of reported faults has reduced in FQ1, as weather conditions improved slightly and lighter nights reduced the lighting up time period. The total number of instructions completed in the quarter was 18, of which 6 were completed in 10 days or less, giving an efficiency of 33%. The FQ1 21/22 figure is logged as 48% therefore there is a decrease in performance. Response times continue to be affected by operator absences, geography and delays in the supply chain.

RIS113_05-The percentage of street lighting faults are completed within 10 working days – Argyll and Bute

Responsible person: Hugh O’Neill

This indicator is reported quarterly. Performance is presented for both Area and Council-wide levels.

This indicator for FQ1 is below target however performance has improved slightly since the last reporting period.

Reporting Period	Target	Actual	Status
FQ2 2021/22	75%	31%	Red
FQ3 2021/22	75%	59%	Red
FQ4 2021/22	75%	28%	Red
FQ1 2022/23	75%	29%	Red

FQ1 Comment

A total of 116 individual lighting fault instructions were started and completed within the quarter which is approximately one third of that completed in the previous period. However only 34 of these were done in 10 days or less, giving the overall efficiency of 29%. Completion of works continue to be hampered by operatives' absences, including Covid and the continued extended delivery periods for materials associated with this and the effects of Brexit. Specialist electrical and lighting equipment suppliers being European based or further, in the main.
