Quality is taken seriously

We have a 3-yearly audit by Citizens Advice Scotland, and our latest one in 2021 saw us pass with no recommendations.

We undertake quarterly assessment of our advice internally and this is in turn verified by CAS learning and standards team. This is in addition to weekly peer-to peer case checking by all advisers.

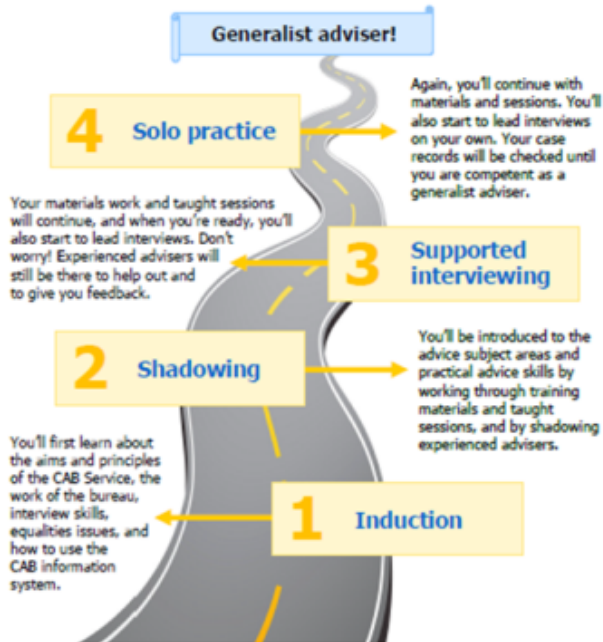

We deliver competency based training on a monthly basis to all staff and volunteers in the Bureau.

Volunteers are the life-blood of every CAB

The CAB Adviser Training Programme

Welcome to the CAB Adviser Training Programme! The training is made up of four stages (illustrated below). It will help to equip you with the knowledge and skills you'll need to be an adviser in the CAB.

The training consists of a combination of:

bureau practice

training materials

tutor-led sessions

Generalist Adviser Training can take 6 months to complete

We currently have 16 volunteer advisers and have reopened our recruitment period for our Spring intake

Training Starts May 2023

An infographic with a teal border and white background. At the top right is the NHS Scotland logo. The main title is 'The Patient Rights (Scotland) Act 2011'. Below this is a grid of six icons: a green speech bubble, a purple hospital building, a blue cloud, an orange padlock, a teal telephone, and a red cross. To the right of these icons is a paragraph of text. Below the icons and text is a quote from the Quality Strategy. Further down is the title 'Patient Advice and Support Service (PASS)' followed by a paragraph. Below that is another paragraph. At the bottom, there is a section titled 'In summary, PASS will:' followed by a bulleted list of five points. The final point is 'give patients a copy of the leaflet Making a Complaint about the NHS if they need it'.

THE PATIENT RIGHTS (SCOTLAND) ACT 2011

The Patient Rights (Scotland) Act 2011

The Patient Rights (Scotland) Act 2011 supports the Scottish Government's vision for a high quality, patient-centred NHS. This Act applies to every member of staff working for NHS Scotland, and for all independent contractors and their staff who provide NHS services. This includes doctors, nurses, the Patient Advice and Support Service (PASS) team for you, your carer and independent contractors.

"Pursuing the Quality Ambitions of the Quality Strategy will ensure that, for the first time, the people of Scotland will be confident that NHS services will listen and improve services based on patient experience and outcomes."

Our national Quality Strategy to revolutionise
James Muir

Patient Advice and Support Service (PASS)

The Act establishes a new independent Patient Advice and Support Service (PASS). This will replace the Independent Advice and Support Service.

The content of PASS has been provided to Citizens Advice Scotland and will be delivered through the networks of local Citizens Advice Bureaux. PASS will provide information and help patients and members of the public to know and understand their rights and responsibilities when using health services. PASS will also be able to help and support patients to give feedback, comments, concerns and complaints about their healthcare experience. Where necessary, PASS will direct people to other types of support, such as independent advocacy or communication services.

In summary, PASS will:

- provide information about the NHS and what it does
- help patients and members of the public to know and understand their rights and responsibilities when using the NHS
- help people who wish to give feedback or comments, or raise concerns or complaints about the care they have received
- tell patients about other support services, such as independent advocacy, interpretation or translating, which might be helpful to them

For more:

- encourage patients and their families to say what they think about the healthcare and treatment they have received or are receiving
- give patients a copy of the leaflet Making a Complaint about the NHS if they need it
