SUPPORTING COMMUNITIES FUND 2023/24

1.0 EXECUTIVE SUMMARY

- 1.1 The purpose of this report is to decide on the allocation of the Council's Supporting Communities Fund (SCF) for Mid Argyll, Kintyre and the Islands.
- 1.2 The total Supporting Communities Fund budget made available by the Council for allocation in Mid Argyll, Kintyre and the Islands for distribution in 2023/24 is £38,425.
- 1.3 It is recommended that 18 applicants are awarded funding.
- 1.4 Applicants awarded funds from the Council's Supporting Communities Fund have 18 months in which to spend the funds.

SUPPORTING COMMUNITIES FUND 2023/24

2.0 INTRODUCTION

- 2.1 The report details recommendations for the award of the Council's Supporting Communities Fund (SCF). The Supporting Communities Fund budget made available by Council in Mid Argyll, Kintyre and the Islands for 2023/24 is £22,500.
- 2.2 The total available for allocation is £38,425 due to additional funding from the Shared Prosperity Fund, funds to support resiliency in communities impacted by Covid-19 and from the return of unspent funds from previous applicants.
- 2.3 Organisations applying to the fund were able to request up to £2,500. The SCF is popular and this year has attracted 49 applications from the Mid Argyll, Kintyre and the Islands area, requesting a total of £111,313.83.
- 2.4 Applications have been scored by the Council's Community Development Team against criteria set out in the guidance (<https://www.argyll-bute.gov.uk/council-and-government/third-sector-grants>) and a summary of all applications is appended to this report. 18 are recommended to be funded.

3.0 RECOMMENDATIONS

- 3.1 Members are asked to agree that the 18 applications, marked as 'Award' within Appendix 1 are awarded funding from the Supporting Communities Fund totalling £38,425. Detailed information about these projects is contained within Appendix 2.

4.0 DETAIL

- 4.1 The SCF is assessed through a robust process which involves financial checks and Community Development Team contact with the applicant to verify any information where required. All applicants need to provide satisfactory essential

information on governance and finance to be eligible. Scoring is based on a set of criteria outlined in the guidance and made available on the council's website: ([Guidance for applicants](#)). Applications to the fund must be for projects that come under one or more of these categories:

- Fairer Communities – tackling poverty by sharing opportunities.
- Resilient Communities – community capacity building/rebuilding and repairing from a pandemic
- Greener, Cleaner Communities – environmental action to support addressing climate change
- Creative Communities – creativity for health and wellbeing

4.2 Of the 49 applications received (requesting a total of £111,313.83), 5 were withdrawn or ineligible and of the 44 eligible applications, 38 are either new applicants to the fund or have not applied within the last two years.

4.3 Of the eligible applications to the SCF, 18 are recommended to be awarded funding, 4 of these are for island based projects. The applications recommended for funding are labelled as 'Award' in the recommendation column in Appendix 1. The detail of the projects is in Appendix 2.

4.4 The projects recommended will deliver a range of activities from swimming for children with additional support needs, to cycling development projects and community engagement consultations.

4.5 Unsuccessful applications are marked as 'No award' in Appendix 1. These applicants will be offered support from the Community Development Team and provided with information on alternative sources of funding.

4.6 This year the total of £38,425 available for allocation is comprised of:

- £22,500 from the Council's Supporting Communities Fund.
- £7,500 from the Shared Prosperity Fund. This is specifically to support projects related to climate change. These funds are ring fenced to the highest scoring projects under the 'Greener, Cleaner Communities' criteria.
- £5,000 of funding specifically for projects that support resiliency in communities impacted by Covid-19. These funds are ring fenced to the highest scoring projects under the 'Resilient Communities' criteria.
- £3,425 of unspent funds were returned from projects for the financial periods 2020/21 and 2021/22 due to the constraints during the pandemic.

4.7 Successful projects have to complete a report at the end to evidence the impact of the spending of the money. The results of this are brought to Area Committee in March 2025, if not before depending on project duration.

5.0 CONCLUSION

- 5.1 The Supporting Communities Fund application and assessment process has been completed as set out within its guidance (<https://www.argyll-bute.gov.uk/council-and-government/third-sector-grants>).
- 5.2 The recommendations made fully allocate the funding available for financial year 2023/24.
- 5.3 The 18 projects being put forward for an award will help communities to deliver priority activities in their area in 2023/24.
- 5.4 All applicants to the fund are supported throughout the process and beyond by the Community Development Team.

6.0 IMPLICATIONS

- 6.1 Policy: n/a
- 6.2 Financial: Recommendations in the report are limited to the budget allocation available in 2023/24 for the Supporting Communities Fund in Mid Argyll, Kintyre and the Islands.
- 6.3 Legal: Applications are initially assessed to ensure that groups are constituted with managed accounts.
- 6.4 HR: n/a
- 6.5 Fairer Scotland Duty: The Supporting Communities Fund supports community groups in tackling poverty, reducing inequality and building a fairer and more inclusive Scotland.
 - 6.5.1 Equalities - protected characteristics: Applicants are given the options of receiving the application in large print and other languages.
 - 6.5.2 Socio-economic Duty: None known
 - 6.5.3 Islands: 9 of the applicant projects are island based. 4 of these are being recommended funding.
- 6.6 Climate Change: One of the four criteria within the process is specific to mitigating climate change.
- 6.7 Risk: risk to the public pound is managed through the assessment and scoring, and through end of project monitoring process.
- 6.8 Customer Service: None

Applicant: *Bute Advice Centre – Mid Argyll, Kintyre and Islay	
Recommended Award: £2,500	Assessment Score (out of 10): 8.5
Project Summary:	
<p>Funding has been requested to deliver an in-person roadshow to island and remote rural communities in Mid Argyll, Kintyre and Islay. There has been a significantly slower and reduced uptake of the Flexible Food Fund grants in these areas, compared to other areas of Argyll. Particularly as the need for funding can be greater in these areas due to higher fuel prices, no access to mains gas and inflated food prices. Bute Advice Centre are keen to resolve this disparity in the area.</p> <p>Trained advisors would visit in-person and raise the profile of welfare rights services, give income maximisation advice and aim to increase the uptake of available grants.</p>
