

Received 20<sup>th</sup> June 2023

Many thanks for your reply,

My response was late as I have been unwell with heart issues, as well as having very poor sight and difficulty reading, i needed to wait until a family member was available to assist me. Unfortunately my daughter who would normally help was away and unable to help but we thought we should respond anyway.

My apologies for the delay, had I been able to object earlier I most certainly would have.

Kindest Regards

Linda Whyte
