# Introduction

Welcome to the Scottish Fire and Rescue Service Community Board Performance Report. This performance report is designed to provide citizens, stakeholders and partners with information relating to Community Board based activity undertaken by the Scottish Fire and Rescue Service.

Whilst using historic statistical benchmarking data, consideration must be taken of the somewhat random nature of fire related incidents and events, and how this can pose difficulties in interpreting emerging patterns and trends. This is of specific relevance where Community Board level data is analysed due to the relatively small number of actual incidents/events that occur in Community Board areas.

However, regardless of statistical anomalies, emerging patterns and trends in fire related incidents and events can assist the Scottish Fire and Rescue Service and Community Planning Partners plan and implement preventative intervention initiatives to target reducing fire related incidents and events.

# Incidents/Activities of Note

## Unwanted Fire Alarm Signals (UFAS)

We're continually working with partners and targeting our top offenders, which are Education including Infant/Primary/Secondary Schools, and Residential/Care Homes.

A new UFAS mobilisation policy has been devised by a dedicated project team within SFRS with an aim at reducing UFAS Incidents further. This policy is now live (from 1<sup>st</sup> July 2023) and should result in a reduction of unwanted fire alarm signals.

## Road & Water Safety campaigns

We've been working alongside Police Scotland, Loch Lomond Park Rangers and various other Partners across all sectors, engaging with the local community at various identified hotspots. We provided advice and literature relevant to Road & Water Safety (including drug and alcohol misuse and ASB). We have maintained a presence through Operation Ballaton meetings (Chaired by Police Scotland), allowing us to provide attendance of operational crews to support both Police and Loch Lomond Park Rangers, at specific hotspots in the park across busy summer weekends. Community Action Team and LALOs have received training on the use of VR Headsets in preparation for delivering new, engaging and immersive Road Safety lessons.

## Community Engagement Activities

- Community Action Team (CAT) visited Rhu Marina to promote Boat Fire Safety Week
- Crews attended "Drive Scot Free Event" held at Hermitage Academy Helensburgh, to help provide further road safety awareness.
