

UHI | ARGYLL

This is a busy period for the college as we prepare to welcome our new and returning students; w/c 28th August for FE courses and w/c 4th September for HN courses. All students are expected to join classes from their local learning centre this year. We have several new courses beginning this academic year, some of which are one semester long (17 weeks) allowing students to progress to the next level within the same year:

- NQ Health & Social Care
- Access to Care (January start one semester)
- Access to Social Sciences (one semester)
- NQ Business, Marketing & Enterprise
- An Introduction to Organic Gardening & Planting Design (one semester)
- NC Horticulture (January start newly modified to run over one semester)

Our lecturers recommence teaching at Hermitage Academy w/c 14th August, courses delivered this year include:

- Hairdressing
- Beauty Skills
- Make up Skills
- Higher Psychology
- Higher Sociology
- NPA Criminology

We have approval for building works to commence in the next few months which will increase the number of classrooms and create a more functional and welcoming reception area. This will improve both the student experience and the external appearance of the centre for the local community.
