

The Missing Piece

How includem Fits

We see a world where every child and young person is respected, valued, and has the opportunity to actively participate in all aspects of society.

"Our priority is helping children, young people and families make positive, sustainable changes to build a better life. This is how we transform lives for the long term."

Registered with the SSSC, we work closely with children, young people (from age 0-26*) and their families, who are facing difficult challenges in their lives.

Our trust-based, inclusive model of support is centred on the needs of each child, young person and family who we help make positive life choices and to transform their lives; creating better outcomes for them and their communities.

**for those who are care experienced!*

What We Do

We're not about prescribed processes or generic programmes. We take a flexible, personalised approach informed by evidence and research. Our support ranges from early intervention and prevention to intensive individual and family support provided by the right people when and where it is needed.

We work with individuals and families to co-create a package of support based on what they tell us about their circumstances, strengths, needs and goals.

This makes sure their voices are heard and the support we provide is designed specifically alongside them.

We listen
We make a plan
We build trusting relationships
We keep showing up
We help people move forward
