Oban, Lorn and the Isles CPG Briefing Report

Q3 2023/24

Performance & Activity Report

From: 1st October 2023

To: 31st December 2023

Introduction

Welcome to the Scottish Fire and Rescue Service Community Board Performance Report. This performance report is designed to provide citizens, stakeholders and partners with information relating to Community Board based activity undertaken by the Scottish Fire and Rescue Service.

Whilst using historic statistical benchmarking data, consideration must be taken of the random nature of fire related incidents and events, and how this can pose difficulties in interpreting emerging patterns and trends. This is of specific relevance where Community Board level data is analysed due to the small number of actual incidents/events that occur in Community Board areas.

However, regardless of statistical anomalies, emerging patterns and trends in fire related incidents and events can assist the Scottish Fire and Rescue Service and Community Planning Partners plan and implement preventative intervention initiatives to target reducing fire related incidents and events.

Unwanted Fire Alarm Signals (UFAS)

We continue to work with partners across Argyll & Bute to support duty holders in reducing unwanted fire alarm signal incidents. A new UFAS mobilisation policy has been devised by a dedicated project team within SFRS (Scottish Fire and Rescue Service) with an aim at reducing UFAS incidents further. This policy went live from 1st July 2023, and we have seen a vast reduction in the number of UFAs incidents. This has been reflected in the relevant KPI's contained within this report.

Road & Water Safety campaigns

In this reporting period, we have continued to work with various partners across Argyll & Bute including Police Scotland, The RNLI (Royal National Lifeboat Institution) and local business on Road and Water safety campaigns. We have recently established a new Road Safety group with Police Scotland's L Division. The group meet each quarter to discuss road safety issues and includes various partners.

As part of National Road Safety week, Oban Green watch & CAT (Community Action Team) Team visited Bun Sgoil Achadh na Creige/Rockfield Primary School. Providing Road Safety Scotland materials in Gaelic/English, we also discussed the green cross code with the kids and supplied SFRS high-viz vests.

We continue to participate in Partnership Approach to Water Safety (PAWS) and attended Argyll & Bute quarterly meeting in December. We have also prepared our Community Action Team (CAT) to deliver Water Safety Scotland Ice Safety presentations across schools in Argyll & Bute.
