

Fun First Update August 2024

- Fun First finished our summer term with a successful Teddy Bear's Picnic in James Street Community Gardens with more than thirty families in attendance.
- We have continued to run a reduced number of sessions during the summer holidays with weekly sessions in Helensburgh library and on the peninsula. This follows requests from families
- We are very pleased to have been awarded £2,500 from the Argyll and Bute Supporting Communities Fund to support the introduction of our new outdoor sessions. We were also grateful for a grant of £1,000 from the ABCAN seed funding for equipment to support these sessions.
- We currently have funding applications lodged with the Robertson Trust and The bank of Scotland
- We have been invited to hold our next Fun First Friends at The Hill House where we are hoping to establish better community links with both them and the NTS.
- Our full set of weekly sessions will start again the week beginning 19th August.
- Please encourage new and expectant parents with children 0- 5 years to visit our website and Facebook pages Fun First and Fun First babies for updates on all our activities and other useful information
