		Mental Health Service Redesign	Enhanced community mental health team in Oban. The clinical workforce profile for the Mental Health Service redesign was agreed by the Project Board on 22nd January 2011.	Aug-11	CHP	Josephine Bown						This includes the skills and post profile for each Locality Community Mental Health team. The existing OLI CPN nursing team will increase in size from around 4 nursing posts to approx 12 posts, including nursing, OT, cognitive behavioural therapist, primary mental health worker, additional psychology. Eventually the NHS and SW teams will merge to provide integrated service delivery. Before any further planning in-patient bed reductions in A & B Hospital can take place, as agreed during the public consultation, it is necessary to have most or all of the new community team members in place. Work has now commenced to develop a costed bridging plan to allow this to happen. Anticipated target date for developing the CMHTs will be July 2011.
