Dear Sir,

Proposed Hall Sub-division to form 1st Floor Flat @ 140 Edward Street, Dunoon
Mr. A. MacAlister

We refer to the Request for Further Information by Written Submissions received in respect of the Notice of Review ref. no. 11/0003/LRB.

We would confirm the following:-

1. *'The Planning Officer's opinion changed from the alteration of the redline boundary being 'non material' to 'material' Refer Argyll & Bute letter dated 14th January 2011 paragraph 3. 'it was originally envisaged that these changes could be incorporated within the current scheme'. Our letter of 12th December 2010 indicates that following a telephone discussion with the Planning Officer the application would be processed based on the enclosed drawing 893/894.CPA with a revised red line boundary. A non material variation.*
2. Our letter of 12th December 2010 is the letter referred to in the Planning Officer's letter of 6th January 2011.
3. The second paragraph of the letter from ACHA dated 26th April 2010 clearly outlines the terms under which spaces would be made available to our client.

Yours faithfully,

John J Taylor
