
**Title: Scottish Government review of Community Planning and Single Outcome
Agreements – Update November 2012**

1. SUMMARY

- 1.1 This report is to update the Community Planning Partnership on the progress of the Scottish Government review of Community Planning.

2. RECOMMENDATIONS

- 2.1 That the Community Planning Partnership notes the progress and timescales involved in the Scottish Government review.

3. BACKGROUND

- 3.1 The Christie Commission on the future delivery of public services was tasked with looking for solutions and produced its report in June 2011. As part of the Government's response to Christie it agreed to undertake a review of Community Planning.
- 3.2 In March 2012, following that review, the Scottish Government and COSLA published a shared Statement of Ambition. This put Community Planning at the heart of an outcome based approach to public services in Scotland and made clear that effective community planning arrangements will be at the core of public service reform. The Statement of Ambition can be found at- <http://www.scotland.gov.uk/Topics/Government/local-government/CP/soa>
- 3.3 The review recognised that coordination and collaboration at the national level had an important role in bringing partners together to deliver the Statement of Ambition locally. Detailed proposals for change based on the Statement of Ambition were set out in a letter circulated to Community Planning Partners on 10 May 2012.
- 3.4 A National Group has now been established to play a pivotal role in implementing and communicating the overarching vision for community planning and Single Outcome Agreements, identifying and addressing issues that have a national dimension and building the skills and capacity of partnerships.
- 3.5 The National Group is chaired by Pat Watters, immediate past President of COSLA and co-chair of the Review. Its membership is drawn from strategic leaders in public services and the wider community. It had its first meeting on 14 August 2012 and its terms of reference were agreed at that meeting. The National Group met again on the 23rd of October to consider the key propositions set out in the Statement of Ambition and agree the following key national priorities:
- Early years and early intervention
 - Outcomes for older people

- Employment
- Economic recovery and growth
- Health improvement
- Safer and stronger communities

More information on the terms of reference for the National group can be found at- <http://www.scotland.gov.uk/Topics/Government/local-government/CP/communityplanningreview/ngtor>

- 3.6** The National Group also considered papers on:-
- The Group's Role in Providing Cultural Leadership
 - Embedding Prevention in SOAs
 - Transforming Scotland Using Evidence and Improvement Science
 - Policy Priorities for CPPs and SOAs

All of these papers can be found at-

- 3.7** A Project Board of senior officials, led by Scottish Government and COSLA and including members from the Society of Local Authority Chief Executives (SOLACE), Audit Scotland, the Improvement Service, the NHS and the Third Sector has also been set up to oversee implementation of the proposals arising from the review. The Project Board's remit is set out in its own terms of reference at-

- 3.8** Further information on the work of the National Group and other work to deliver on the Statement of Ambition is being provided through an Implementation Newsletter which was circulated at the management Committee meeting in August. The newsletter can be accessed on the Scottish Government website at-
