

## DOMESTIC NOISE STATISTICS FOR COWAL FROM APRIL 2012

Domestic noise incidents are reported to the Environmental Health Department either via partnership working with Strathclyde Police and local Housing Associations, or received directly from occupants suffering from noise.

The table below shows the total number of domestic complaints received for Cowal since April 2012.

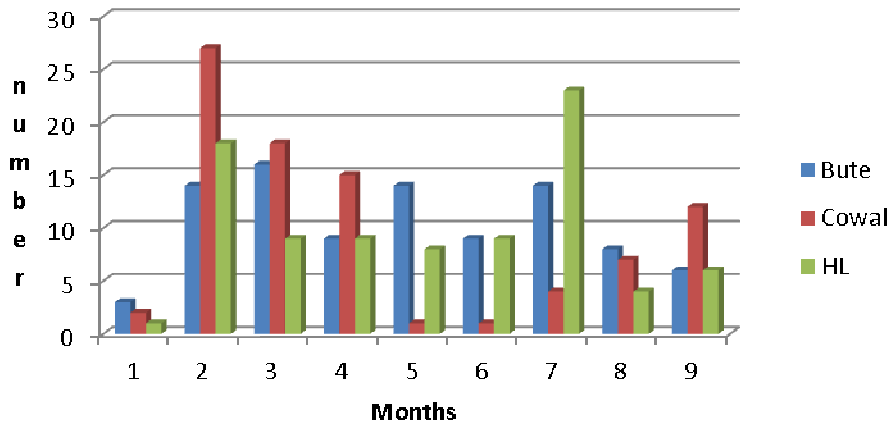

The table below shows the total number of domestic noise complaints reported via Strathclyde Police

It can be seen that the bulk of domestic noise complaints are received from the Police.

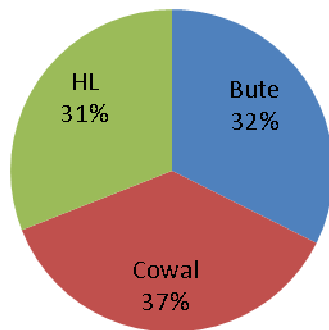

The following chart shows the number of domestic noise complaints received in the East area broken down into the three safety forum groups.

## Domestic Noise across East Area

The distribution of complaints across the area is fairly even

## Distribution of complaints Apr - Dec 2012

However, when the rate per 1000 population is examined there is a considerable difference across East Argyll and Argyll..

## Number of complaints per 1000 population
