SUPPLEMENTARY REPORT No 2

A) INTRODUCTION

This report advises Members of a late representation received from a third party in respect of this proposal

B) ADDITIONAL INFORMATION

A further representation has been received from one of the original objectors to the application – Tony Dance by email dated August 2013. The submission of this letter was reported verbally to the committee on 21 August 2013.

The matters raised are as follows:

- Concern regarding the loss of land which is currently used for off street car parking for 60 flats;
- Concern that the proposed access is unsuitable to serve both the new development and the car parking for Hood Court;
- Concern that different policy standards are being applied to a Registered Social Landlord with regard to parking provision.

The full text of the representation including the photographs submitted can be viewed online via the Council's public access system.

It is considered that these points do not raise any new issues and that these are adequately addressed within the assessment section of the Report of Handling. The Area Road manager has indicated no objections and they do not alter the recommendation in the original committee report.

C) RECOMMENDATION

It is recommended that the application be granted subject to the conditions and reasons set out in the original Report of Handling.
