It was outlined that the main changes contained in the Draft Licensing Policy Statement related to local conditions which were to be attached to the granting of occasional licenses.

It was noted that a limit was set out in legislation as to the number of events a Social Club could hold in a year, and this was being monitored by the Council.

Decision

Noted the position.

4. ALCOHOL FOCUS SCOTLAND

Caroline Church, Alcohol Focus Scotland provided a presentation on the findings of a survey carried out regarding the provision and overprovision of alcohol in the Argyll and Bute Council area. She went on to highlight some actions put in place as a result of these findings.

She highlighted the following;

- Harm to Others – the area of alcohol harm affecting people other than the drinker. Actions included Rory, Oh'Lila and YPAAD Support Group;
- Licensing and where and why people drank and bought their alcohol. Actions included hosting alcohol free family friendly events, communicating with Community Councils and consulting young people;
- What we already know – price and availability are linked to consumption and harm;
- Affordability and availability – price and affordability of alcohol is mainly controlled by Government, availability is controlled locally by Licensing Boards; and
- Overprovision – is a tool, not an end in itself and the number of licensed premises that constitutes overprovision is a matter for a Licensing Board to decide based on an assessment of the evidence.

In conclusion, she stated that by carefully controlling the overall availability of alcohol,

an effective overprovision policy could help to prevent and reduce alcohol problems; enhancing community life, improving health and well-being, and boosting local productivity and economic performance.

Members thanked Caroline Church for her presentation, and further discussion then took place on overprovision.

Decision

Agreed that an item on overprovision within the Argyll and Bute Council area be placed on the Agenda for a future meeting of the LLF.

5. PUBLIC HEALTH REPORT ALCOHOL ADMISSIONS, DEATHS AND LICENSING INFORMATION

The Local Licensing Forum (LLF) considered a report by Elaine Garman, Public Health Specialist.

Speaking to the report, Elaine Garman highlighted the following which related to the Argyll and Bute locality;

- Alcohol Related Mortality;
- Alcohol Related Hospital Admissions;
- Number and Type of Licensed Premises; and
- Correlation Between Alcohol Mortality/Hospital Admissions and Licensed Premises.

It was concluded that future development of the report could include data from a number of different sources, and also include more up to date information from The National Records of Scotland. However there would be the continuing difficulty of small numbers giving rise to difficulty in interpretation.

Members thanked Elaine Garman for her presentation.

Decision

Noted the report and the issues surrounding the identification and definition of overprovision.

6. DATE OF NEXT MEETING

The LLF requested that the date for the next meeting be changed to enable comments on the Draft Local Licensing Policy to be collated for submission to the Licensing Board,

Decision

Agreed that the next meeting of the LLF take place on Wednesday 2 October 2013 at 10.30am.
