2	RECOMMENDATION
2.1	To note the information provided on the value of charities and trust funds, the annual income and the amount proposed for distribution.
2.2	To approve the proposed approach to distribution as set out in paragraph 3.5 and in Appendix 1.
2.3	To agree the policy on reserves for each charity and trust fund as set out in paragraph 3.7
3	DETAIL
3.1	It is good practice to set out the estimated amount of income available for distribution in relation to the Council's charitable and trust funds. Appendix 1 sets out the estimated income available for distribution for charities and trust funds in the Oban, Lorn and Isles area for 2014-15. The Appendix also sets out the purpose of each charity and trust fund and proposals on distribution of available income. Paragraph 3.3 sets out the purpose of each charity and trust fund which sets the parameters for distribution of income. The proposed approach to distribution is summarised in paragraph 3.5. Finally paragraph 3.7 sets out a standard policy for adoption in relation to reserves.
3.2	Charitable and trust funds are either invested or deposited in the Council's Loans Fund and in both cases earn interest. In some cases the approach is a result of historic investment when the funds were created or simply recognition that the funds are too small to do anything with other than deposit them in the Council's Loans Fund. The Council agreed in October 2013 and January 2014 to change the basis of how these funds are invested and this is in the process of being implemented now. The key element in determining the amount of income is the value of the fund and the rate of interest earned. Interest rates have been exceptionally low for the last few years. In the main there no administration costs are charged to these funds although from 2014-15 each charity (not trust fund) will need to bear a share of the audit fee as a result of the Council external auditors now being required to audit these.

Where interest earned in previous has not been spent this is added to the value of the funds to earn interest and it can also be distributed. It is good practice to set out a policy in respect of these reserves.

3.3 There are a total of 3 charities and 5 trust funds in the Oban, Lorn and Isles area. The table below sets out the names and purpose of each charity and trust fund. The purpose sets the conditions or limitation on use of the funds and any income earned.

	Local members to identify people who meet the criteria of poor and the sums available for distribution will be allocated on an equal basis and paid by voucher.
3.7	Each charity and trust fund should have a reserves policy. In the past funds (reserves) have been built up. There is a balance to be achieved between distributing all of these available funds over a short period of time and maintaining overall funds at a level to ensure future income is maintained. It is proposed that the revenue reserves of each fund are distributed at the rate of 1/20 th so that over a 20 year period the revenue reserves are utilised.
4	CONCLUSION
	This report sets out the estimated income for each charitable and trust fund and a proposed basis of distribution.
