Community Initiatives

Introduction

The purpose of the *SOA Local: Oban, Lorn and the Isles* is to provide information about community planning partnership activities at a local level. It is not a comprehensive guide to all community planning activity in the area and does not include information relating to community planning activities which take place at a strategic level.

The reason for creating a SOA Local is to:

- raise awareness in the community of what is happening linked to the SOA in their local area;
- raise the profile of local projects and the potential for further partnership working to deliver the project;
- enable communities to link directly with the SOA which can help access to funds;
- give clear priorities based on local engagement and consultation for Area Community Planning Groups to focus on

SOA Local: Oban, Lorn and the Isles is one of a suite of four documents and information relating to the other Argyll & Bute Area Community Planning Groups can be found at <http://www.argyll-bute.gov.uk/council-and-government/community-planning-partnership>

Overview of Community Planning in Argyll & Bute

The Argyll and Bute Community Planning Partnership was set up to coordinate the delivery of services and other activities in Argyll and Bute to improve the quality of life and physical environment for residents and visitors to the area.

The Single Outcome Agreement is a 10 year plan which will ensure that Argyll and Bute contributes to the delivery of the Government's 16 national outcomes and delivers better outcomes for our communities.

It focuses on what residents have told the partnership is most important to them, sets out the overall direction and vision for the area until 2023 together with a joint approach to the main issues that face Argyll and Bute. All the partners are committed to this ten year plan and will reflect the key issues in their own plans as appropriate. Further information is available at <http://www.argyll-bute.gov.uk/council-and-government/community-planning-partnership>

Geography

Oban, Lorn and the Isles covers an area of 265,814 hectares (38% of Argyll and Bute's total land area) and has a population density of 0.08 persons per hectare (2011 Census).

According to the Scottish Government's Urban Rural Classification (2011-12), 99% of the land area is described as being 'remote rural'. Oban is classified as being 'a remote small town'. Some four out of every ten people in Oban, Lorn and the Isles live in Oban. The remainder live in areas classified as being 'remote rural'.

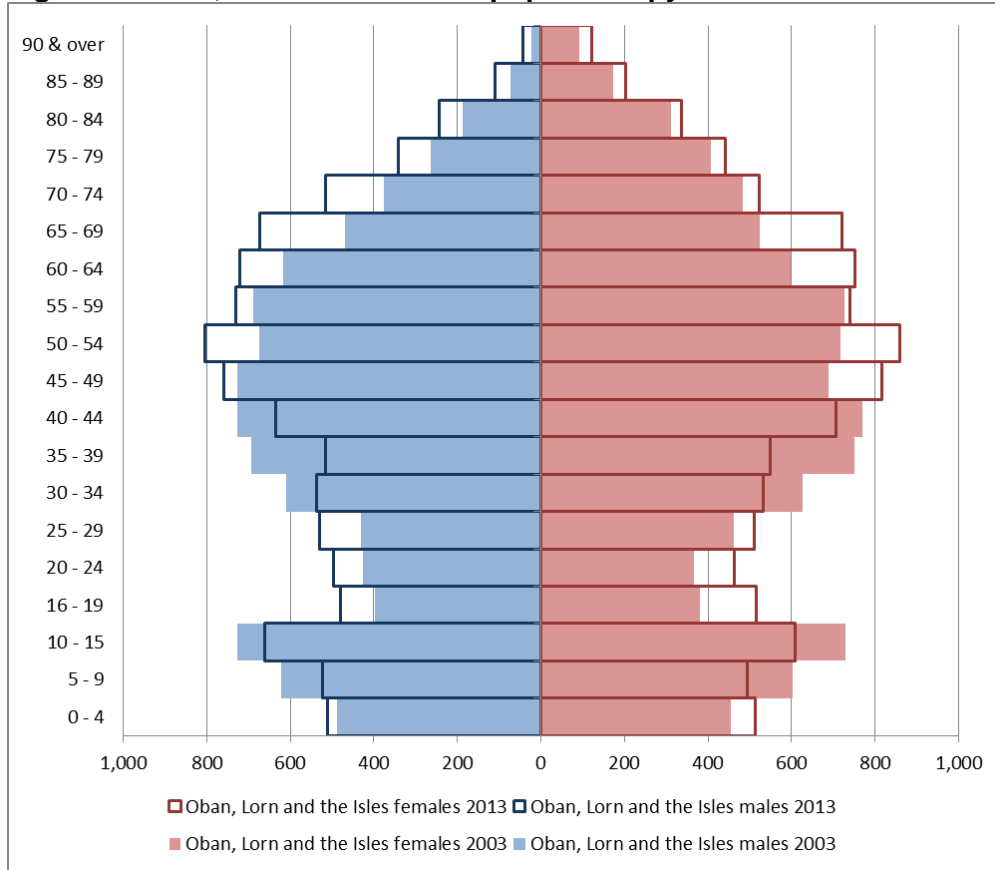

The main settlement in OLI is Oban, with population of 8,540 (NRS 2012-based Settlement Estimates).

Sixteen of Argyll and Bute's 23 inhabited islands are within the Oban, Lorn and the Isles Administrative Area. A quarter of Oban, Lorn and the Isles's population live on islands, the most populous being Mull, with a population of 2,800 (2011 Census).

Population Trends

OLI has a total population of 20,234 (NRS 2013 SAPEs). Over the period 2003 to 2013, the population of OLI increased by 6%. This sets OLI apart from the other Administrative Areas, which all experienced a fall in population. At the same time, and in common with the other Administrative Areas, the population profile of Oban, Lorn and the Isles has aged (NRS rebased 2003 SAPEs; 2013 SAPEs).

Figure 1: Oban, Lorn and the Isles population pyramids 2003 and 2013

Deprivation

The Scottish Index of Multiple Deprivation (2012) ranked ten of the 122 datazones within Argyll and Bute as being among the 15% most overall deprived datazones in Scotland. One of these datazones is located in Oban.

Economy

In common with Argyll and Bute more widely, Oban, Lorn and the Isles has a higher rate of self-employment than the Scottish average (15.79% and 7.5% respectively) (2011 Census; percentage of all people aged 16 to 74). Rates of self-employment are higher in Oban, Lorn and the Isles than in any of the other Administrative Areas.

A fifth of employment in Oban, Lorn and the Isles is in accommodation and food services, with a further 10% of employment being in retail. Also of importance is the health sector, which accounts for 16% of employment in the OLI area.

Education

Of the 10 secondary schools within Argyll and Bute, 3 are in Oban, Lorn and the Isles. The area is served by 25 primary schools.

Community Engagement

Community engagement and consultation has been an integral part of developing the SOA Local: Oban, Lorn and the Isles.

In August 2013, the first stage of Argyll and Bute's Single Outcome Agreement was approved by the Scottish Government and work began on developing the delivery plan which would achieve the overarching outcome and the 6 supporting outcomes outlined in the Single Outcome Agreement.

A community consultation was designed to inform the content of delivery plans for each of these outcomes in addition to contributing to setting and achieving localised outcomes. 140 participants attended workshops in Mull, Tiree and Oban during February 2014 while a further 35 attended an 'Oban, Lorn and the Isles Question Time' which involved an expert panel answering questions from the audience.

A parallel online survey was undertaken with over 500 responses across Argyll and Bute, including 95 from Oban, Lorn and the Isles. In addition, a Youth Consultation was undertaken on 23rd and 24th of November 2013 by Argyll and Bute Youth Forum, attended by 50 young people, including 10 from Oban, Lorn and the Isles.

The findings of the consultation were collated in the report *Argyll and Bute: A good place to live, work and play? Local report on the consultation within Oban, Lorn and the Isles Area* The report was considered by the Oban, Lorn and the Isles Area Community Planning Group in June 2014

On the 4th of November 2014, a focus group, drawn from CPP partners and representatives from business and community organisations, met in Oban to review the mapping of actions in the SOA Delivery Plans against the topics highlighted during the community consultation events carried out in January/February 2014 and considered ways to ensure that local community initiatives could link into the SOA Local.

A report containing the findings of the focus group was considered by the Oban, Lorn and the Isles Area Community Planning Group at the December 14 meeting and the findings informed the next stage of the process.

During January 2015, a working group met to review the draft SOA Local: Oban, Lorn and the Isles and to further considered ways to ensure that local community initiatives could link into the SOA Local.

Our Challenges

The consultation highlighted the participants' wish to prioritise developing the economic potential of Argyll and Bute through harnessing the strengths of our rich natural resources and heritage.

Challenges include:

- How to ensure our health service meets the need of a geographically dispersed ageing population and pressures on local education provision as demographics alter.
- Encouraging new ways to listen to local communities aspirations, for example through the recognition and formal adoption of local Community Plans, presents its challenges not least in areas such as planning, yet may also provide the resources to our rural communities to thrive.
- There was general recognition that young people seeking wider experiences may move out of the area and more should be done to both encourage those who wish to stay or who may be considering returning as they progress through different stages of their lives.
- Developing a range of practical incentives designed to encourage inbound mobility and provide the appropriate infrastructure to retain people in the area includes housing challenges, economic development and service provision that Community Planning Partners, working together to maximise resources and co-ordinating forward planning, can address.

Argyll & Bute Community Planning Partnership places equality, diversity and inclusiveness at the centre of all its services and actions.

Delivering against this we commit to reducing inequalities in all forms. In addition to those identified in the Equality Act 2010, our communities face three key areas of potential inequality that we must ensure are planned for in the SOA. These are:

- Geographical inequalities
- Health inequalities
- Economic Inequalities

Economic inequalities, unemployment and under employment are key drivers for health and geographical inequalities. Low income is widely recognised as a driver for many other areas of inequality. The focus of the SOA on economic activity and growth is fundamental to addressing this.

Our challenges require a proactive approach using preventative action and early intervention which has a proven track record and has been embedded into the SOA delivery plans.

Outcome 4: Children and young people have the best possible start

This outcome focuses on ensuring our children and young people are protected from abuse, neglect and harm, are more active and have more opportunities to participate in play, recreation and sport. We want to ensure our children live within a family supportive environment, have the highest possible standards of physical and mental health and, can access to positive learning environments and opportunities to develop skills. We will encourage children to have their voices heard and to play an active and responsible role in their communities. Collaborative working to deliver quality services early in life offers real and tangible outcomes for children, young people and their families. This includes promoting prevention and tackling poverty, inequality and poor outcomes by empowering communities to work together.

The key strategy supporting the delivery of this outcome at an Argyll & Bute level is the Argyll and Bute Integrated Children's Service Plan.

The following strategic partnerships are supporting the delivery of this outcome: Argyll and Bute's Children, Argyll and Bute Child Protection Committee, Health and Social Care Strategic Partnership CAPCOG (Children And Adults Chief Officers Group).

Main areas of focus for Oban, Lorn and the Isles included within this outcome:

- Short Term Outcome: Children and young people are valued and supported to be the best they can be

Outcome 4: Children and young people have the best possible start

This information will be available later in the year in an annual update as part of the ICSP performance review.

Outcome 5: People live active, healthier and independent lives

This outcome focuses on narrowing the gap in health inequalities by providing opportunities for everyone to be physically active and energetic members of their communities. People are enabled to live independently, with meaning and purpose, within their own community and are empowered to lead the healthiest lives possible. Healthier choices are made regarding alcohol and drugs and people are enabled to recover from substance misuse. Mental health improvement strategies are promoted by the CPP to reduce health inequalities.

The key strategies and plans supporting the delivery of this outcome at an Argyll & Bute level include: Health and Wellbeing Partnership, Joint Health Improvement Plan, Mental Health Modernisation and Strategic Framework for Mental Health and Wellbeing, Reshaping Care for Older People, A&B Integrated Children's Services Plan, Local Housing Strategy, NHS Highland Health Inequalities Action Plan.

The following strategic partnerships are supporting the delivery of this outcome: Argyll and Bute Advice Network, Argyll and Bute Against Domestic Abuse and Violence Against Women Partnership, Argyll and Bute Community Health Partnership, Argyll and Bute Health and Social Care Partnership, Argyll and Bute Local Access Forum, Argyll and Bute Strategic Housing Forum, Third Sector and Communities CPP Sub-group, Health and Wellbeing Partnership.

Main areas of focus for Oban, Lorn and the Isles included within this outcome:

- People are empowered to maintain their independence and are an integral part of their local communities.
- Individuals are more physically active
- Mental health and wellbeing is improved
- Our partners work together to ensure that we mitigate against the effects of poverty across Argyll and Bute
