Update on Community Benefits Clauses - Helensburgh & Lomond

1.0 EXECUTIVE SUMMARY

The purpose of this report is to provide an update to the Helensburgh & Lomond Community Planning Group of the progress made to date with Community Benefits Clauses (CBCs) within contracts relevant to the Helensburgh & Lomond area.

Two contracts currently have ongoing CBCs relevant to Helensburgh & Lomond; no contracts currently have CBCs that are still to be progressed, relevant to Helensburgh & Lomond.

Due to the longer term nature of some contracts which include CBCs, which is expected due to their higher values, a number of the community benefits expected to materialise may not occur until the later stages of the contracts. Ongoing contract management will enable this to be monitored and reported on.

Update on Community Benefits Clauses – Helensburgh & Lomond

2.0 INTRODUCTION

2.1 The use of Community Benefit Clauses (CBCs) in appropriate tenders provides a method of including social, environmental and economic matters in contracts for the supply of goods, services or works that do not conventionally have these requirements as defined or measured outcomes.

3.0 RECOMMENDATIONS

3.1 That the Helensburgh & Lomond Community Planning Group note the contents of this report.

4.0 DETAIL

4.1 The use of Community Benefits Clauses within Council Contracts

CBCs are included within Council contracts with estimated values over £350,000.00. Records are now kept on all tenders over £350,000.00 in value, and if CBCs are not to be included then a justification must be provided.

4.2 Ongoing Community Benefits Clauses

There are currently two contracts in place which have ongoing CBCs relevant to Helensburgh & Lomond:

Contract	Outcome of CBC	Area
PV Panel Installation Education Properties (Non-NPDO)	To date one school has had a contractor-led presentation to raise awareness of the benefits of solar panels, the others should be completed soon.	OLI; MAKI; H&L

Provision of Addiction Recovery Services Addaction have commenced a men's group in Dunoon that their staff will facilitate in the short term. Within the next few months it is their intention to train any members of the group who would like to become peer facilitators with the view that this group will become a fully peer led recovery group. They are in the process of identifying some women who may also be interested in establishing a group. Addaction's intention is to provide people in recovery with the skills and tools to kick start peer led recovery movements throughout Argyll and Bute. Addaction are in the process of recruiting for Senior Practitioners and Project workers throughout Argyll and Bute. All of their jobs have been advertised utilising the local press so as to attract experiences and skilled individuals who live in Argyll and Bute to be part of their new

Addaction have made a commitment to utilise the supplies and services of as many local agencies as possible and where practical. They utilise local trades people and purchase goods from local suppliers.

4.2 Planned Community Benefits Clauses

There are currently no contracts in place which include CBCs which are still to be progressed relevant to Helensburgh & Lomond.

5.0 CONCLUSION

- 5.1 The Procurement Team together with the Employability Team will continue to offer support and guidance by providing direction and assistance in the identification, evaluation, capture, monitoring and reporting of Community Benefit Clauses throughout the life of a contract. This will require minimum effort from the procurement areas while offering a maximum impact from the contract.
- 5.2 It should be noted that due to the longer term nature of some contracts which contain CBCs, which is expected due to their higher values, some community benefits expected to materialise may not occur until the later stages of the contracts. Purchasing Officers will ensure that appropriate monitoring arrangements are in place to monitor the Community Benefits element of contracts.
