Strategic Plan 2021/23

## The Child Protection Committee Strategic Plan 2021/23

The core business functions of a Child Protection Committee, as set out in the *National Guidance for Child Protection in Scotland* 2014, as applied to local needs and practice, provide a working framework for the CPC Improvement Plan:

#### **Continuous Improvement**

- Policies, procedures and protocols
- Self-evaluation, performance management and quality assurance
- Promoting good practice
- Training and staff development

#### Strategic Planning

- Communication, collaboration and co-operation
- Making and maintaining links with other planning fora

### **Public Information and Communication**

- Raising public awareness
- Involving children and young people and their families

#### Leadership & Governance

The national Child Protection Improvement Programme emphasises leadership and governance as a key function of the CPC.

The improvement process described in the Plan takes direction from the Care Inspectorate's 2012 quality framework *How well are we improving the lives of children and young people.* The Improvement Plan sits within the wider context of integrated children's services planning and *Getting it right for every child,* promoting the ethos that "child protection is everyone's job", in line with the GIRFEC approach.

The actions detailed in this Plan which relate to the above strategic priorities will be monitored through a traffic light system as set out below.

Key items we want to deliver over the period 2021- 2023 are as follows:

- Provide clear and visible leadership of multi-agency work to identify and protect our most vulnerable children and young people.
- Continue to focus on self-evaluation and continuous improvement
- Continue to embed practice toolkits in daily practice and develop the quality of child protection plans.
- Build our joint approaches to protect and support children affected by Domestic Abuse, Parental Mental Health and Addictions.
- Improve communication and engagement with our communities.

This strategic plan is linked to the Children and Young Person's Service Plan 20-23 and the key priorities we want to deliver are:

Priority 1

GIRFEC Leadership and Communication- CPC plan is linked to our Outcome 1- CPC provides effective leadership and direction in CP and is accountable for its actions

Priority 2

Early Help and Support- Linked to our outcome4- we effectively identify children at risk and share info timeously and act together to protect them from harm

Priority 3

Mental Health and Wellbeing- linked to our High Risk Work plan

Priority 4

Children and Young People voices- link to Outcome 7 – engagement with children families and communities.

Strategic Plan Key

Green- work has commenced is going well and is progressing as planned and according to timescales. Anticipate all milestones will be met and outcomes will be delivered on time brief description in key at start of plan— on track.

Amber- work has still to start on this action or indications that there may exist potential issues in delivering key outcomes or meeting milestones. Remedial Action is currently being undertaken but responsible person/CPC should be attentive. , brief- monitoring required.

Red- indications that there are problems are arising that need to be resolved in order to deliver key outcomes and/ or with in timescale. Significant delays in starting or progressing work, key milestones or targets missed. CPC to review outcomes or timeline and additional supports / resources may be required to deliver outcomes brief- out with deadline revision required.
