
Notice To Mariners

01/15

Rothesay Harbour

Mariners in charge of fishing vessels and pleasure craft are reminded that whilst navigating within the waters under the jurisdiction of Rothesay Harbour, they shall not impede the passage of the ferry approaching or leaving the Ro-Ro berth. Fishing vessels and pleasure craft further note the danger from the wash from the ferry at the harbour entrance east end of Ro-Ro berth on arrival and departure.

Further, no vessel or boat of any description shall be anchored, or moored to either permanent or temporary moorings in such a position as to impede the passage of any vessel approaching or leaving the Harbour, within the area of jurisdiction of Rothesay Harbour.
