DELIVERING OUR OUTCOMES – OUR KEY PERFORMANCE INDICATORS

Indicator: FIS102_01-Maximise distribution of Scottish Welfare Fund.

Why measure this? We distribute as much of the Scottish Welfare Fund as we can to help vulnerable people. We also have a statutory duty to do this.

Commentary: Spend as at 31 March 2021 is £657,474 which is less than the £765,421 available during the year. The total programme funding was increased by £293,000 in April from £472,421 due to the outbreak of Covid-19. Whilst our spend this year is 55% greater than the £424k spent in 2019/2020 we haven't been able to award the full amount of additional grant given to us. The Scottish Government has confirmed that we can carry forward the underspend to 2021/2022 so the funding is not lost and will be used to support vulnerable people in the new financial year.

Indicator: FIS115_14-Maintain the high rate of collecting Non-Domestic Rates.

Why measure this? It is important that all local taxes due are collected. We also submit our performance to the Scottish Government.

Commentary: Non Domestic Rates collection held up well despite the pandemic. The service has been able to grant an extra £11 million of relief this year because of Covid_19 and this has really helped keep the collection rate up.

This indicator is above target and performance has improved since the last reporting period

Indicator: FIS115_15-Maintain the high rate of collecting Council Tax.

Why measure this? It is important that all local taxes due are collected. We also submit our performance to the Scottish Government.

Commentary: Council Tax collection is down 0.28% at the end of the year compared to the same position in 2019/2020 and 0.23% down on target. Council Tax collection was far more challenging due to Covid-19 however this position looks like a very good outcome for the Council given the challenges faced throughout the year. Data from other Scottish local authorities will become available shortly and this will be used for benchmarking purposes.

This indicator is below target however performance has improved since the last reporting period
