

Argyll and Bute Local Outcomes Improvement Plan 2024-34

Produced by the
Argyll and Bute
Community Planning
Partnership

Introduction

Community Planning Partnerships have a statutory obligation to create a 10-year Outcomes Improvement Plan under the provisions of the Community Empowerment (Scotland) Act 2015.

This Argyll and Bute Outcomes Improvement Plan for 2024-2034 replaces the plan for 2013-2023 and has been developed through community engagement as the area emerges from a global pandemic, and deals with a cost of living crisis and the increasing impacts of climate change.

The Outcomes Improvement Plan for 2024-2034 will focus on improving the outcomes of:

Transport Infrastructure

Housing

Community Wellbeing

Argyll and Bute Community Planning Partnership is a group of organisations and community representatives who will work together to achieve improvements across these three outcomes in ways which promote prevention, reduce inequalities and build community capacity.

You can find out more about the specific context of Argyll and Bute and how we came up with the three priorities of Transport Infrastructure, Housing, and Community Wellbeing, in the Support Document.
