

Asset Transfer Request Reporting Template 2022/23 for Relevant Authorities

Section 95 of the Community Empowerment (Scotland) Act 2015 requires relevant authorities to produce an annual report on Asset Transfer Request activity and publish this no later than 30 June each year.

Following stakeholder feedback and in response to asset transfer evaluations, this template has been created to help gather asset transfer data for the period 1 April 2022 to 31 March 2023. Information provided will help inform policy and practice at local and national level as the data will be collated and shared by the Scottish Government's Community Empowerment Team. However, it will be for each relevant authority to make their own annual report publicly available by 30 June 2023, whether using this template or not.

Please provide information in sections below and email completed template by 30 June 2023 to community.empowerment@gov.scot

Section 2: Asset Transfer Data in 2022/23

2.1 Please complete the following table for the 2022/23 reporting period :

Total Applications Received	Number of successful applications determined	Number of unsuccessful applications determined	Number received and yet to be determined	Number received prior to 2022/23 and yet to be determined
None	None	None	None	None

2.2 Please provide details of Asset Transfer Requests received which resulted in transfer of ownership, lease, or rights from your relevant authority to a community transfer body in 2022/23:

2.3 Please provide details of Asset Transfer Requests that went to a relevant authority appeal or review which were concluded in 2022/23:

Name of Community Transfer Body	Was the Asset Transfer Appeal/Review accepted? (Y/N)	Why was the Appeal/Review accepted/refused? <i>Please provide details of the asset transfer request and reasons for your decision.</i>
None		

2.1 Please use this space to provide any further comments relating to the above data:

Although we have no formal ATRs to report it would be misleading not to note a number of active Expressions of Interest (14) with 7 new requests being instigated within the time frame of this report. We see the increase in EOI and subsequent decrease in ATR a positive reflection of the support we are giving to communities to address and articulate their request without having to resort to invoking the legislation.

Section Three – Promotion and Equality

3.1 Please provide information on any action you have taken to promote the benefits of asset transfer or any support provided for communities to engage with the Asset Transfer Request process.

We regularly maintain and update information pages on our website

[Community Asset Transfer | Argyll and Bute Council \(argyll-bute.gov.uk\)](https://argyll-bute.gov.uk)

We signpost enquiries to look at the website and other support agencies along with answering any queries. We also link with other departments within the council to sign post and promote the website content internally. We recently ran an information session for elected members to inform them of the service on offer.

We actively signpost and direct general enquiries to our single point of contact.

We have responded to requests for training by working with COSS to deliver awareness courses to interested groups

3.1 In particular what action has been taken to support disadvantaged communities to engage with the asset transfer process?

We work with all groups to help them develop and make their request known.

We work engage with specialist Community Development officers to bring additional support that aids disadvantaged group to make their request.

We have a single point of contact that is in place to assist groups to develop their request whether they choose to develop a formal or informal process to raise their request.

Section Four – Additional Information

4.1 Please use this space to provide any further feedback not covered in the above sections.

We have redesigned our website and are developing a more user friendly Expression of Interest (EOI) page on our website. Displaying less technical and more user friendly text on the page. We are keen to promote that this is an informal option, and it is not part of the formal process which sometimes see as onerous and can be confusing. Our new website and revised webpages will make clearer the pathways of taking forward ideas and plans on Community Asset Transfer. It will include a guide of frequently asked questions and key matters for community groups to consider before they take on the asset and where they can access additional support.

We are also planning to trial some promotional opportunities for community groups to work in partnership with the Council to develop the use/ future sustainability of council assets.

The existing EOI page will be continue to be updated as new ideas come forward

Section 5 – Community Empowerment Act Review

The following questions relate to the Scottish Government review of the Community Empowerment (Scotland) Act 2015. We would value your feedback as a relevant authority concerned with part 5 (asset transfers) of the Community Empowerment (Scotland) Act 2015. Please note, any feedback offered in Section 5 would only be used for the purposes of the review, and all comments would be anonymised.

5.1 Has the legislation made things easier or more difficult to work with communities on asset transfers? Please provide some comments on your experiences as a relevant authority engaging with this legislation.

The legislation is seen by the community to be complicated and bureaucratic. It places a heavy burden on the community group to be able to make a formal request. The legislation has made the council put in place better processes and additional resources to respond to enquiries from community groups.

5.2 Where can things be further improved, and what needs to change?

We are constantly reviewing how we engage and how communities respond to our efforts to assist group to achieve their desired outcomes.

Feedback from communities show that our informal responses to requests are more flexible and simpler to navigate. These often bring the required outcomes without the need to invoke the legislation.

5.3 Are you aware of what support is available to you when engaging with this legislation, and how you can access this? Please provide comments where possible.

We engage with COSS and other local authorities to share good practice. We attend information sessions from Scottish Government officers when they are arranged.

5.4 What would you like to see now, to further empower Scotland's communities?

Additional resources for local government would allow us to work more closely with communities. We are set up to respond to community requests. Additional resources would allow some proactive programs to promote wider use of all parts of the Act and to strengthen the communities' confidence in getting their ideas presented and their voice heard.

Please email the completed template by 30 June 2023 to community.empowerment@gov.scot
